

# ADVANCED POWERPOINT FEATURES

## PART 1

### Questions:

Q. What is a Slide Transition?

During a presentation, a slide transition is the visual effect that occurs when you move from one slide to the next.

Q. Why wouldn't you have your slides with different types of transitions?

When adding transitions, use the same one each time. If you use different transitions all the time, your presentation will look too busy and may not be appropriate for your audience.

Q. What is an Animation?

Adding life to any object in a computer graphics is what animation is all about.

Q. What is the Animation Pane?

The Animation Pane lets you edit manage all object effects on the current slide.

Q. How many animation styles should be applied to a presentation? One style, 10 styles or 50 styles? Explain.

Just your self be not more than two or three types of animation. If you use a variety of animation, your presentation will look strange, clumsy, and unprofessional.

Q. What are Animations?

The PowerPoint animation feature allows you, the presenter, to deal with your most challenging presentations. You can accomplish this by combining a presentation in Slide Show mode.

**Integrating Virtual and Traditional Learning in 6-12 Classrooms** Sandra Schamroth Abrams,2014-09-19 Integrating Virtual and Traditional Learning in 6 12 Classrooms introduces a model of layered literacies as a framework for describing and illustrating how students digital experiences can inform educational methods Through the lens of layered literacies educators can envision opportunities to draw upon adolescents out of school interests and activities to meaningfully integrate digital practices within academic contexts Such an approach facilitates innovative teaching inspired learning and successful pedagogy and it thoughtfully highlights the role of

technology within mandated standards based instruction in public schools Combining foundational and contemporary theories supported by data from multiple studies of adolescent learning and honoring teachers and students experiences and resources this text helps educators reconceptualize the ways students learn through and with digital texts and negotiate the connection between online and offline spaces A companion website extends the discussion onto the screen engaging readers in an intertextual approach to learning that complements the concept of layering literacies across disciplines With a foreword by Jennifer Rowsell and an afterword by Bill Cope and Mary Kalantzis it will be of interest to experienced educators and administrators as well as postgraduate graduate and undergraduate students of education     Learning Tools and Teaching Approaches through ICT Advancements Tomei, Lawrence A.,2012-08-31

Technology stimulates minds in ways that make a profound and lasting difference especially in the classroom It can be used to adapt curriculum to diverse learners or to express material in ways not possible prior to the creation of new technologies Learning Tools and Teaching Applications through ICT Advancements provides research regarding introducing collaborating analyzing synthesizing and evaluating innovative contributions to the theory practice and research of technology education applicable to K 12 education higher education and corporate and proprietary education It grows this body of research proposing new applications of technology for teaching and learning and documenting those practices that contribute irrefutable verification of information technology education as a discipline     **Teradata Certified Database Associate Certification Prep Guide : 350 Questions & Answers** CloudRoar Consulting Services,2025-08-15

*Micro-teach Masterclass: Preparing and delivering your micro-teach for the Award in Education and Training and for interviews in teaching* Nabeel Zaidi,2015-07-05 RESEARCH PLAN DELIVER AND EVALUATE YOUR MICRO TEACH LIKE A SEASONED PROFESSIONAL THIS TEXTBOOK WILL HELP YOU TO PASS YOUR MICRO TEACH FIRST TIME AND TO PREPARE YOUR MICRO TEACH FOR TEACHING RELATED JOB INTERVIEWS Micro teaching is an essential element of the Award in Education and Training AET forming part of the unit entitled Understanding and Using Inclusive Teaching and Learning Approaches in Education and Training The topic is often covered as a short chapter in most textbooks and stops short of providing a step by step practical guide or providing useful guidance for preparing for teaching

related interviews where a micro teach session is virtually guaranteed as part of the interview and selection process. An effective micro teach is well researched, takes account of the audience's prior learning, knowledge and experience wherever possible, is meticulously planned, effectively practiced and delivered with confidence. It is then thoroughly evaluated and improvements and enhancements are carefully planned and executed before a future micro teach or a lesson is delivered. This can be viewed as a form of continuous quality improvement. This textbook is aligned to recent changes in the further education and skills sector and shows you how to use such changes to inform your micro teach, research, planning and delivery and in this respect be on par with, if not ahead of, other candidates at interview. This textbook can be used by itself or as a complementary publication to the following textbooks by the same author: *Achieving your Award in Education and Training: The Comprehensive Course Companion* Or *Achieving your Award in Education and Training: The Comprehensive Course Companion Special Edition*. The principal benefits of this textbook to the reader are as follows: It is written by an experienced practitioner with extensive experience of educational management, delivery, consultancy, quality assurance and of recruiting, appointing and mentoring lecturers in the public and private sectors. It adopts a very practical and systematic approach to the topic, reflecting current practice in the sector. It is clearly written and easy to understand, with lots of examples. It fully addresses each of the related unit learning outcomes and assessment criteria in a systematic way. It places the micro teach in the context of all three units of the AET course and shows the inter-connections between certain assessment criteria, which will provide you with a more holistic view of the course. It is written for those undertaking a micro teach as part of their course and for those preparing for a lecturing, teaching or training post. It shows you how to take account of relevant parts of the documents listed below when researching, planning and delivering your micro teach: *Professional Standards for Teachers and Trainers in Education and Training, England*; *Special Educational Needs and Disability (SEND) Code of Practice 0 to 25 years*; *Ofsted Common Inspection Framework* and related inspectors' handbook for inspections from September 2015. Full lesson planning is also considered in the textbook, with the micro teach session embedded in the full lesson plan for the purposes of completeness. This should prove to be particularly useful for teaching-related job interviews. This textbook is streamlined, thereby allowing you to make more efficient use of your time to learn, practice and develop your micro-teaching skills. , [Oswaal CBSE Question Bank Class 9 Computer Application, Chapterwise and Topicwise Solved Papers For 2025 Exams](#) Oswaal Editorial Board, 2024-02-03 [Oswaal CBSE Question Bank Class 9 Computer Application Chapterwise and Topicwise Solved Papers For 2025 Exams](#) [15 TGT Bengali Test Papers](#) [EMRS Mocktime Publication](#), [EMRS Exam Teachers TGT Bengali Test Papers 15 Practice Papers Tier 1](#) [Eklavya Model Residential Schools](#) as per Official Exam Pattern and Syllabus *The Accidental Technology Trainer* Stephanie K. Gerding, 2007. Here is a useful and reassuring guide for library staff who find themselves newly responsible for technology training, whether in computer labs, classrooms or one to one with library users. Author Stephanie Gerding addresses the most common concerns of new

trainers recommends proven tools and techniques and shares helpful advice from many of her fellow library tech trainers The book is designed to help staff get up to speed quickly showing them how to integrate expert tips and tricks and leverage their natural skills to ensure excellent results in any library technology training situation      **Microsoft Powerpoint 2000**
