Before operating your new motorcycle it is your responsibility to read and follow the operating and maintenance instructions in this manual, and follow these basic rules for your personal safety.

- Know and respect the rules of the road (see Rules of the Road). Carefully read and familiarize yourself with the motorcycle safety information that is provided by your country or state. In the United States, read the RIDING TIPS booklet that is provided with your Owner's Manual, and read through the MOTORCYCLE HANDBOOK which is made available by your state.
- Before starting engine, check for proper operation of brake, clutch, shifter, throttle controls, correct fuel and oil supply.
