My Apprenticeship Beatrice Webb, 1979 My Apprenticeship has long been cited as an important and fascinating source for students of social attitudes and conditions in late Victorian Britain and this new paperback edition makes it once more generally available Beatrice Webb the eighth of the nine daughters of the railway magnate Richard Potter was an exceptionally able person with a zest for observation a knack for pointed comment and a habit of self examination all of which gifts she put to good account in the private diary she kept all her life and in this brilliant volume of autobiography which she based on that diary It tells the story of a craft and a creed of a withdrawn but talented girl growing up in a prosperous household who turned to social investigation and social reform moving between the two starkly contrasted worlds of West End smart society and East End squalor She served a hard apprenticeship as a woman as well as a professional worker and in a new introduction to this edition Norman MacKenzie describes the severe personal stresses which lay behind

her life of dedication to social improvement particularly her frustrated passion for Joseph Chamberlain and the troubled courtship which preceded her marriage to Sidney Webb This volume ends on the eve of that marriage when she was about to begin her famous and astonishingly productive collaboration with her husband As historians publicists and Fabian politicians the Webbs were pioneers of the modern age The ensuing volume which chronicles their mature career and was appropriately titled *Our Partnership* is also published by the Cambridge University Press in collaboration with the London School of Economics and Political Science [The Apprenticeship of Beatrice Webb](#) Deborah Epstein Nord,1985-06-18

The Letters of Sidney and Beatrice Webb: Volume 1, Apprenticeships 1873-1892 Norman Mackenzie,2008-10-14 A collection of the Webbs correspondence **Grand Pursuit** Sylvia Nasar,2011-09-13 In a sweeping narrative the author of the megabestseller *A Beautiful Mind* takes us on a journey through modern history with the men and women who changed the lives of every single person on the planet It s the epic story of the making of modern economics and of how economics rescued mankind from squalor and deprivation by placing its material fate in its own hands rather than in Fate Nasar s account begins with Charles Dickens and Henry Mayhew observing and publishing the condition of the poor majority in mid nineteenth century London the richest and most glittering place in the world This was a new pursuit She describes the often heroic efforts of Marx Engels Alfred Marshall Beatrice and Sydney Webb and the American Irving Fisher to put those insights into action with revolutionary consequences for the world From the great John Maynard Keynes to Schumpeter Hayek Keynes s disciple Joan Robinson the influential American economists Paul Samuelson and Milton Freedman and India s Nobel Prize winner Amartya Sen she shows how the insights of these activist thinkers transformed the world from one city London to the developed nations in Europe and America and now to the entire planet In Nasar s dramatic narrative of these discoverers we witness men and women responding to personal crises world wars revolutions economic upheavals and each other s ideas to turn back Malthus and transform the dismal science into a triumph over mankind s hitherto age old destiny of misery and early death This idea unimaginable less than 200 years ago is a story of trial and error but ultimately transcendent as it is rendered here in a stunning and moving narrative **Slum Travelers** Ellen Ross,2007-07-26 Late nineteenth century Britain saw the privileged classes forsake society balls and gatherings to turn their considerable resources to investigating and relieving poverty By the 1890s at least half a million women were involved in philanthropy particularly in London *Slum Travelers* edited annotated and with a superb introduction by Ellen Ross collects a fascinating array of the writings of these lady explorers who were active in the east south and central London slums from around 1870 until the end of World War I Contributors range from the well known including Annie Besant Sylvia Pankhurst and Beatrice Webb then Potter to the obscure The collection reclaims an important group of writers whose representations of urban poverty have been eclipsed by better known male authors such as Charles Dickens and Jack London **The Letters of Sidney and Beatrice Webb: Volume 3, Pilgrimage 1912-1947** Webb,2008-10-14 This is the third and final volume of the

letters of Sidney and Beatrice Webb As leading figures in the Fabian Society prominent historians and public figures they numbered among their correspondents some of the most outstanding personalities of their day including E M Forster H G Wells J M Keynes William Beveridge and Leonard Woolf The letters in this volume run from 1912 when the Webbs signalled a fresh start in British politics by founding the New Statesman to the death of Beatrice in 1943 and Sidney in 1947

Modernism and Cultural Conflict, 1880-1922 Ann L. Ardis, 2002-10-31 In *Modernism and Cultural Conflict* Ann Ardis questions commonly held views of the radical nature of literary modernism She positions the coterie of writers centred around Pound Eliot and Joyce as one among a number of groups in Britain intent on redefining the cultural work of literature at the turn of the twentieth century Ardis emphasizes the ways in which modernists secured their cultural centrality she documents their support of mainstream attitudes toward science their retreat from a supposed valuing of scandalous sexuality in the wake of Oscar Wilde's trials in 1895 and the conservative cultural and sexual politics masked by their radical formalist poetics She recovers key instances of opposition to modernist self fashioning in British socialism and feminism of the period Ardis goes on to consider how literary modernism's rise to aesthetic prominence paved the way for the institutionalization of English studies through the devaluation of other aesthetic practices **Between Literature and Science** Wolf Lepenies, 1988-06-16 The author chronicles the rise of Sociology and the prominent thinkers of the nineteenth century **The Palgrave Encyclopedia of Victorian Women's Writing** Lesa Scholl, Emily Morris, 2022-12-15 Since the late twentieth century there has been a strategic campaign to recover the impact of Victorian women writers in the field of English literature However with the increased understanding of the importance of interdisciplinarity in the twenty first century there is a need to extend this campaign beyond literary studies in order to recognise the role of women writers across the nineteenth century a time that was intrinsically interdisciplinary in approach to scholarly writing and public intellectual engagement *The Alien Invasion* Bernard Gainer, 1972 **Lives, Liberties and the Public Good** George Feaver, Frederick Rosen, 1987-06-18 Ideen, Methoden und Entwicklungen der Geschichte des ökonomischen Denkens Christian Scheer, 2009-06-26 Der Band enthält die Referate der 21. The Making of British Socialism Mark Bevir,2016-12-13 A compelling look at the origins of British socialism The Making of British Socialism provides a new interpretation of the emergence of British socialism in the late nineteenth century demonstrating that it was not a working class movement demanding state action but a creative campaign of political hope promoting social justice personal transformation and radical democracy Mark Bevir shows that British socialists responded to the dilemmas of economics and faith against a background of diverse traditions melding new economic theories opposed to capitalism with new theologies which argued that people were bound in divine fellowship Bevir utilizes an impressive range of sources to illuminate a number of historical questions Why did the British Marxists follow a Tory aristocrat who dressed in a frock coat and top hat Did the Fabians develop a new economic theory What was the role of Christian theology and idealist philosophy in shaping socialist ideas He explores debates about capitalism revolution the simple life sexual relations and utopian communities He gives detailed accounts of the Marxists Fabians and ethical socialists including famous authors such as William Morris and George Bernard Shaw And he locates these socialists among a wide cast of colorful characters including Karl Marx Henry Thoreau Leo Tolstoy and Oscar Wilde By showing how socialism combined established traditions and new ideas in order to respond to the changing world of the late nineteenth century The Making of British Socialism turns aside long held assumptions about the origins of a major movement

Virginia Woolf's Modernist Path Barbara Lounsberry,2019-02-04 Choice Outstanding Academic Title In this second volume of her acclaimed study of Virginia Woolf s diaries Barbara Lounsberry traces the English writer s life through the thirteen diaries she kept from 1918 to 1929 what is often considered Woolf s modernist golden age During these interwar years Woolf penned many of her most famous works including Mrs Dalloway To the Lighthouse Orlando and A Room of One s

Own Lounsberry shows how Woolf's writing at this time was influenced by other diarists Anton Chekhov Katherine Mansfield Jonathan Swift and Stendhal among them and how she continued to use her diaries as a way to experiment with form and as a practice ground for her evolving modernist style Through close readings of Woolf's journaling style and an examination of the diaries she read Lounsberry tracks Woolf's development as a writer and unearths new connections between her professional writing personal writing and the diaries she was reading at the time Virginia Woolf's *Modernist Path* offers a new approach to Woolf's biography her life as she marked it in her diary from ages 36 to 46 *The Classical Tradition in Sociology* Raymond Boudon, Mohamed Cherkaoui, Jeffrey Alexander, 1997 **Dictionary of British Educationists** Richard Aldrich, Peter Gordon, 2016-04-01 This dictionary provides the reader with an easily accessible guide to the biographies of approximately 450 educationists It covers the period from 1800 to the present day and includes a wide range of people who were active in promoting education at different levels Building Types and Built Forms Philip Steadman, 2014-02-28 Building Types and Built Forms weaves two books together in alternating chapters one about the history of building types the other about their geometry The first book follows the histories of some common types of building houses hospitals schools offices and prisons Examples are drawn from the 19th and early 20th centuries in France America and Britain with the central focus on London They include the pavilion hospitals associated with the name of Florence Nightingale English Board and Modernist schools of the 1920s and 30s tall office buildings in Chicago and New York Jeremy Bentham's Panopticon penitentiary and radial prisons on the model of Cherry Hill and Pentonville The second book takes these histories and uses them to explore how the forms of these buildings are constrained by some of the basic functions of architecture to provide daylight and ventilation to the interior to provide access to all rooms or to allow occupants to see from one part of a building to another A new way of thinking about these worlds of geometrical possibility is introduced in which the forms of many buildings can be catalogued and laid out systematically in morphospaces or theoretical spaces of forms As building types change over time they come to occupy different positions within the worlds of possible forms Building Types and Built Forms is filled with over 400 illustrations many drawn especially for the book It offers a new theoretical approach combined with a series of historical accounts of building types some well known some less familiar It should appeal to academics practitioners historians and students of architecture
