The Screams of Midnight Robert Aaron Enns, Journey'S Crossroads B. K. Parent, 2015-06-26. At the great summer fair in the capital city of Sommerhjem, the evil Regent is forced to step down due to the calling of the Gylden Sirkelene challenge, leaving the future of the country hanging in the balance. One year to the day the challenge was called, all nine pieces of the oppgave ring must be delivered to the capital. Six pieces are already there, but three more need to be found. The race for the last three pieces of the oppgave ring has caused the opponents of the Crown to become more desperate, seeking any means necessary to prevent even one more of the pieces from reaching the capital. Piper, a former border guard of the southern mountains; Theora, a border guard of the eastern mountain passes; and Lom, a laborer in the royal palace gardens, find themselves thrown together in pursuit of the remaining pieces. As the three crisscross the country in their search, they must elude agents sent by the former Regent with a particular interest in Lom. Sommerhjem has reached a crossroads, and only time will reveal the direction it will take. In this continuing fantasy series, Piper, Lom, and Theora race against the forces of a corrupt regent in order to restore rightful rule to the country of Sommerhjem.

Leave No Man Behind George Galdorisi, Thomas Phillips, 2009-01-16. Beginning with the birth of combat aircraft in World War I and the early attempts to rescue warriors trapped behind enemy lines, *Leave No Man Behind* chronicles in depth nearly one hundred years of combat search and rescue. CSAR. All major U.S. combat operations from

World War II to the early years of the Iraq War are covered including previously classified missions and several Medal of Honor winning operations Authors George Galdorisi and Tom Phillips both veteran U S Navy helicopter pilots highlight individual acts of heroism while telling the big picture story of the creation and development of modern CSAR Although individual missions have their successes and failures CSAR as an institution would seem beyond reproach an obvious necessity The organizational history of CSAR however is not entirely positive The armed services particularly the U S Air Force and Navy have a tendency to cut CSAR at the end of a conflict leaving no infrastructure prepared for the next time that the brave men and women of our armed forces find themselves behind enemy lines The final chapter has not yet been written for U S combat search and rescue but in view of the life saving potential of these forces an open and forthright review of U S military CSAR plans and policies is long overdue Beyond the exciting stories of heroic victories and heartrending defeats Leave No Man Behind stimulates debate on this important subject
