Bogorad, Esq., 2006-09-01 Your choices charm and chutzpah can revitalize your community In her first book Bogorad reminds us that we are all social beings who need to socially interact to thrive as individuals and to sustain strong communities She shares with us the theory that social isolation leads to victimization and weakens our communities And she warns us that social cannibalism may consume us if we continue to ignore our need and our obligation to socially interact with each other If you are a person whose community has been weakened by incivility victimization and or addiction the ideas within her book may help you strengthen your community Or if you are a person who has minimal contact with other people her ideas may provide you with a reason to increase the quantity and quality of your interactions Or if you are a person who lives in a community without incivility victimization and addiction the contents of her book may help you understand those of us whose social environment is not as perfect as yours But no matter who you are reading her book will cause you to wonder about the importance of civility and the costs of incivility Remember We all need a village And ponder What we do not say does hurt us and our polite interaction with others

The Prosperity Gospel in Africa Marius Nel,2020-06-15 Africans prevailing interest in the prosperity gospel is not only connected to the influence of American prosperity teachers reaching a worldwide audience through their imaginative use of the media but is also related to the African worldview and African traditional religion and its lasting influence on contemporary Africans and the way they think about prosperity as well as their interest in prosperity in post colonial Africa The research from a classical Pentecostal perspective about the impact of the prosperity message on Africa is necessary timely and relevant because of its influence in the African Pentecostal movement and its potential to harm the faith of believers leading to the potential disillusionment of Christian believers who put their trust and money in formulas and recipes that seemingly only work for others especially the prosperity leaders who lead by example with incredulous riches and wealth

Gradual Reformation Intolerable C. Matthew McMahon,Anthony Burgess,2014-09-28 How hard is it to encourage the people of God toward biblical Reformation and actually see it occur Is there room for a new Reformation today What should Christians think concerning revival today and reforming in the power of the Gospel Could there actually be a present day biblical reformation In the first part of the work beginning with Leviticus 26 23 24 McMahon demonstrates that Reformation ought not to be gradual but immediate Gospel truth dictates spiritual action and God requires his church to be reformed by him through the power of the transforming word of God In the second part Anthony Burgess explains Judges 6 From this text he demonstrates both individual devotion and meaningful reform within the church Set in an era marked by deep religious and societal shifts Burgess s work stands out as a powerful request for spiritual reformation He pushes believers to move beyond mere routine practices and emphasizes a genuine holiness that combines belief with action He draws attention to the current importance of a swift reform highlighting the risks of inaction and secular distractions Reformation in this way he says should be immediate He meticulously details the qualities vital for real reformation acting both as a tender minister and a biblical critic against those who reject reform in the church He spotlights the importance of understanding passion authenticity humility courage and wisdom while also warning against the pitfalls of shallow faith This work isn t just a historical or theological study it serves as a biblical guide for those yearning for spiritual growth and reform before the eyes of King Jesus *Health, Wealth & Happiness* David Wayne Jones,Russell S.
