Siegel, 2006-05-11 How to keep any nonprofit out of trouble running smoothly and accomplishing its mission Jack Siegel lawyer accountant management consultant and computer whiz takes the putative director or officer of a nonprofit organization on a useful and often entertaining voyage throughout the realm of the tax exempt organizations universe pointing out its quirks foibles and legal liabilities along the way His handbook will make mandatory and arresting reading for those who are already serving as trustees directors officers and key employees of exempt organizations particularly charitable ones Siegel's goal in which he succeeds is to help directors and officers of nonprofit organizations make better decisions The book is full of large policy analyses and paragraphs on the details such as board size board committees board meeting formats the contents of minutes and the duties of officers Salted with some excellent real life examples what also sets this book apart from most in its genre is the tone the writing style the brusqueness the bluntness He complains that too many directors check their good judgment at the boardroom door He advises individuals who desire agreement and demand adulation to stay off boards he insists on commitment and institutional tension with the executive director He warns prospective directors that some organizations want in addition to time and judgment either your money or your ability to raise money To my delight he extols the virtues of some level of expenditures for qualified lawyers and accountants Please join me in adding this most helpful handbook to your nonprofit library Bruce R Hopkins Attorney at Law author of *The Law of Tax Exempt Organizations* Eighth Edition and *Starting and Managing a Nonprofit Organization A Legal Guide* Fourth Edition
