Grafting as a Sustainable Means for Securing Yield Stability and Quality in Vegetable Crops
Marios Kyriacou, Giuseppe Colla, Youssef Roupheal, 2021-03-29 Vegetable growers around the world only collect on average half of the yield they would obtain under optimal conditions known as yield potential It is estimated that 60 70% of the yield gap is attributable to abiotic factors such as salinity drought suboptimal temperatures nutritional deficiencies flooding waterlogging heavy metals contamination adverse soil pH and organic pollutants while the remaining 30 40% is due to biotic factors especially soilborne pathogens foliar pathogens arthropods and weeds Under climate change forecasts the pressure of biotic abiotic stressors on yield is expected to rise and challenge further global food security To meet global demand several solutions have been proposed focusing on the breeding of varieties with greater yield potential but this one size fits all solution leads to limited benefits In order to overcome the current situation grafting of elite scion varieties onto vigorous rootstock varieties has been suggested as one of the most promising drives towards further yield stability Specifically the implementation of suitable rootstock scion environment combinations in Solanaceous tomato eggplant pepper and Cucurbitaceous melon watermelon melon high value crops represents an untapped opportunity to secure yield stability and reliability under biotic abiotic stresses This Special Issue invites Original Research Technology Reports Methods Opinions Perspectives Invited Reviews and Mini Reviews dissecting grafting as a sustainable agro technology for enhancing tolerance to abiotic stresses and reducing disease damage In addition the following are of interest potential contributions dealing with genetic resources for rootstock breeding practices and technologies of rootstock breeding and rootstock scion signaling as well as the physiological and molecular mechanisms underlying graft compatibility In addition the effect of grafting on vegetable quality practical applications and nursery management of grafted seedlings and specialty crops e g artichoke and

bean will be considered within the general scope of the Special Issue We highly believe that this compilation of high standard scientific papers on the principles and practices of vegetable grafting will foster discussions within this important field

Difficult Subjects Badia Ahad-Legardy, OiYan A. Poon, 2023-07-03 Difficult Subjects Insights and Strategies for Teaching about Race Sexuality and Gender is a collection of essays from scholars across disciplines institutions and ranks that offers diverse and multi faceted approaches to teaching about subjects that prove both challenging and often uncomfortable for both the professor and the student It encourages college educators to engage in forms of practice that do not pretend that teachers and students are unaffected by world events and incidents that highlight social inequalities Readers will find the collected essays useful for identifying new approaches to taking on the difficult subjects of race gender and sexuality The book will also serve as inspiration for academics who believe that their area of study does not allow for such pedagogical inquiries to also teach in ways that address difficult subjects Contributors to this volume span a range of disciplines from criminal justice to gender studies to organic chemistry and demonstrate the productive possibilities that can emerge in college classrooms when faculty consider identity as constitutive of rather than divorced from their academic disciplines Discussions of race gender and sexuality are always hot button issues in the college classroom whether they emerge in response to a national event or tragedy or

constitute the content of the class over a semester long term Even seasoned professors who specialize in these areas find it difficult to talk about identity politics in a room full of students And many professors for whom issues of racial and sexual identity is not a primary concern find it even more challenging to raise these issues with students Offering reflections and practical guidance the book accounts for a range of challenges facing college educators and encourages faculty to teach with courage and conviction especially when it feels as though the world around us is crashing down upon our students and ourselves
