While Rome Burned Virginia M. Closs, 2020-05-06 While Rome Burned attends to the intersection of fire city and emperor in ancient Rome tracing the critical role that urban conflagration played as both reality and metaphor in the politics and literature of the early imperial period Urban fires presented a consistent problem for emperors from Augustus to Hadrian especially given the expectation that the princeps be both a protector and provider for Rome's population The problem manifested itself differently for each leader and each sought to address it in distinctive ways This history can be traced most precisely in Roman literature as authors addressed successive moments of political crisis through dialectical engagement with prior incendiary catastrophes in Rome's historical past and cultural repertoire Working in the increasingly repressive environment of the early principate Roman authors frequently employed figured speech and mythopoetic narratives to address politically risky topics In response to shifting political and social realities the literature of the early imperial period reimagines and reanimates not just historical fires but also archetypal and mythic representations of conflagration Throughout the author engages critically with the growing subfield of disaster studies as well as with theoretical approaches to language allusion and cultural memory

Methods for Teaching Travel Literature and Writing Eileen Groom, 2005 The contributors to Methods for Teaching Travel Literature and Writing Exploring the World and Self discuss how and why they have integrated travel literature and writing into their courses Subjects range from the study of travel literature granting insight into how travel authors such as Bill Bryson and Paul Theroux convince readers to buy into their worlds and reflect the readers positions in society to contemplating the meanings of the words traveler and tourist Other chapters examine how actual traveling can shape students writing and vice versa whereas still others address how the study of the genre and actually writing it promotes interdisciplinarity *World Literature Today* , 2003 **Why Literature?** Cristina Vischer Bruns, 2011-05-05 **The Limits of Eroticism in Post-Petrarchan Narrative** Dorothy Stephens, 1998-11-26 Although theories of exploitation and subversion have radically changed our understanding of gender in Renaissance literature to favour only those theories is to risk ignoring productive exchanges between masculine and feminine in Renaissance culture Appropriation is too simple a term to describe these exchanges as when Petrarchan lovers flirt dangerously with potentially destructive femininity Spenser revises this Petrarchan phenomenon constructing flirtations whose participants are figures of speech readers or narrative voices His plots allow such exchanges to occur only through conditional speech but this very conditionality powerfully shapes his work Seventeenth century works including a comedy by Jane Cavendish and Elizabeth Brackley and Upon Appleton House by Andrew Marvell suggest that the civil war and the upsurge of female writers necessitated a reformulation of conditional erotics **Subject Guide to Books in Print** , 1996 **Luke and Vergil** Dennis R. MacDonald, 2014-11-05 These two

volumes of The New Testament and Greek Literature are the magnum opus of biblical scholar Dennis R MacDonald outlining the profound connections between the New Testament and classical Greek poetry MacDonald argues that the Gospel writers borrowed from established literary sources to create stories about Jesus that readers of the day would find convincing In Luke and Vergil MacDonald proposes that the author of Luke Acts followed Mark s lead in imitating Homer s Iliad and Odyssey but greatly expanded his project especially in the Acts but adding imitations not only of the epics but also of Euripides Bacchae and Plato s Socratic dialogues The potential imitations include spectacular miracles official resistance epiphanies prison breaks and more The book applies mimesis criticism and uses side by side comparisons to show how early Christian authors portrayed the origins of Christianity as more compelling than the Augustan Golden Age [Bibliographic Index](#) ,2006
