Postmodernity Sue Yore, 2009 This book challenges experiential esoteric and colloquial understandings of mysticism by bringing a fresh relevance to the term through an interdisciplinary dialogue between literature mysticism and theology in the context of postmodernity In order to achieve this the author takes selected writings of Iris Murdoch Denise Levertov and Annie Dillard and incorporates them into various stages of a redesigned mystic way The fourteenth century mystic Julian of Norwich is invoked throughout as a role model whom these three writers seek to emulate as popular writers contemplatives and theologians As theologians who are concerned with the pressing issues of our age Grace Jantzen Dorothee Soelle and Sallie McFague are drawn on as conversation partners to complete the three way discussion The author maintains that understanding the writing and reading of creative texts in the context of practical mysticism facilitates an integrated approach to the use of literature for theological expression

Herbert Grabes, Winfried Fluck, Jürgen Schlaeger, 1993 Trash Talks Elizabeth V. Spelman, 2016 A lively investigation of the intimate connections we maintain with the things we toss away It s hard to think of trash as anything but a growing menace Our communities face crises over what to do with the mountains of rubbish we produce the enormous amount of biological waste generated by humans and animals and the truckloads of electronic equipment judged to be obsolete All this effluvia poses widespread problems for human health the well being of the planet and the quality of our lives But though our notorious habits of disposal have put us well on the way to making the earth inhospitable to life our relation to rejectamenta includes much more than shedding and tossing In Trash Talks philosopher Elizabeth V Spelman explores the extent to which we rely on trash and waste to make sense of our lives Examples are rich We use people s rubbish to gain information about them We trumpet wastefulness as a means of signaling social status We take the occupation of handling trash and garbage as revelatory of possible moral or spiritual shortcomings We are intrigued by or in distress over the idea that evolution is a prodigiously wasteful process and that it is to the dustbin that each of us and our species shall ultimately repair In the heaps of our trash some see consequences of dissatisfaction while others find confirmation of a flourishing consumer economy While we may want to shove debris and detritus out of sight many of our most impassioned projects involve keeping these objects resolutely in mind Trash talks and there is much of which it speaks
