Hull, Greg Bear, Cory Doctorow, Neil Gaiman, 2025-10-16 An anthology of new original stories by bestselling science fiction authors inspired by science fiction great Frederik Pohl It isn't easy to get a group of bestselling SF authors to write new stories for an anthology but that's what Elizabeth Anne Hull has done in this powerhouse book With original captivating tales by Greg Bear Gregory Benford Ben Bova David Brin Cory Doctorow Neil Gaiman Joe Haldeman Harry Harrison Larry Niven Vernor Vinge Gene Wolfe and others Gateways is a SF event that will be a must buy for SF readers of all tastes from the traditional to the

cutting edge from the darkly serious to the laugh out loud funny Each author has written a story that he or she feels reflects the effect Pohl has had on the field in the style of writing the narrative tone or the subject matter It says a lot about Pohl s career that the authors represented here themselves span many decades and styles from the experimental SF of British SF author Brian W Aldiss to the over the top humor of Harry Harrison and Mike Resnick from the darkly powerful drama of Hollywood screenwriter Frank Robinson to the satiric pungency of multiple Hugo Award winner Vernor Vinge Every story here is uniquely nuanced all of them as entertaining and thought provoking as Pohl s fiction In a career dating back to 1939 Pohl has won all the awards science fiction has to offer Hugos Nebulas the SFWA Grand Master Award Having written more than two million words of fiction and edited the groundbreaking Star anthologies and Hugo Award winning magazines and books Pohl is an SF icon This anthology of brilliant entertaining SF stories is a testament to his stature in the field At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied [Rewind](#) Adam Moon,2015-05-01 I m writing this journal from a jail cell in an alternate dimension awaiting execution by an advanced race of humans from another universe I know it sounds absurd but not nearly as farfetched as the sequence of events that led me here I suppose I deserve my fate Time travel s messy and there can be severe consequences for the universe you re traveling in if you screw things up That s the gist of why I m here My name is Jack and I m a thirty four year old high school history teacher from another Earth that hasn t yet discovered time travel on its own A time tourist ruined my universe and it was my job to reverse the damage Nothing went according to plan We should have known we couldn t change things Keywords time travel dimensional travel time paradox time tourist dystopian alternate timeline alternate history [Impossible Mission I & II - The Official Guide](#) Holger Weßling,2020-11-25 The iconic Impossible Mission games by Epyx Inc enthralled a generation pitting the player s wits against the diabolic genius of the mad scientist Elvin Atombender in a race against time to save the world Now in this official guide to Impossible Mission I and II we get the chance to hear from some of the people who both created and brought the games to market such as Dennis Casswell Chris Crigg Peter Filiberti Mihaly Kenczler and many more This definitive work contains dozens of chapters from the history of Epyx the company the various versions and ports over the years the in game music the ground breaking synthesized speech to extensive hints tips and walkthroughs Written by established retro computer writer Holger Weßling and with a foreword by Darren Melbourne who has been associated with many of the games incarnations **The Book of Secrets** Osho,2012-05-15 The Book of Secrets is a step by step guide to find the best meditation suitable for you 112 methods of meditation are described and introduced here with helpful background information to give contemporary people a door to meditation Reading this book not only will your outlook on life change but so will your life If you want to know more about life and yourself this is your book Each chapter that focuses on describing specific meditation techniques is followed by a chapter of questions from those who were present during the talks In most cases their questions relate to the techniques given in the previous chapter So as you start to experiment with a

technique it will be helpful to look into these chapters for some extra hint some greater depth of understanding or response to a question that might have arisen for you in your experiments

Philosophy for Girls Melissa M. Shew, Kimberly K. Garchar, 2020 This revolutionary book empowers its readers by exploring enduring challenging and timely philosophical issues in new essays written by expert women philosophers The book will inspire and entice these philosophers younger counterparts curious readers of all genders and all who support equity in philosophy If asked to envision a philosopher people might imagine a bearded man probably Greek perhaps in a toga pontificating about abstract ideas Or they might think of that same man in the Enlightenment gripping a quill pen and pouring universal truths onto a page They may even call to mind a much more modern man wearing a black sweater and smoking a cigarette in a Paris caf expressing existential angst in a new novel or essay What people are unlikely to picture though is a woman Women have historically been excluded from the discipline of philosophy and remain largely marginalized in contemporary textbooks and anthologies The under representation of women in secondary and post secondary curricula makes it harder for young women to see themselves as future philosophers In fact it makes it harder for all people to engage the valuable contributions that women have made and continue to make to intellectual thought While some progress has been made in building a more inclusive world of philosophy especially in the last fifty years important work remains to be done Philosophy for Girls helps correct the pervasive and problematic omission of women from philosophy Divided into four sections that connect to major primary fields in philosophy metaphysics epistemology social and political philosophy and ethics this anthology is unique chapters are all written by women and each chapter opens with an anecdote about a girl or woman from mythology history art literature or science to introduce chapter topics Further nearly all primary and secondary sources used in the chapters are written by women philosophers The book is written in a rigorous academic spirit but in lively and engaging prose making serious philosophical insights accessible to readers who are new to philosophy This book appeals to a wide audience Individual readers will find value in these pages especially girls and women ages 16 24 as well as university and high school educators and students who want a change from standard anthologies that include few or no women The book s contributors both represent and map the diverse landscape of philosophy highlighting its engagement with themes of gender and equity In doing so they encourage philosophers current and future philosophers to explore new territory and further develop the topography of the field Philosophy for Girls is a rigorous yet accessible entry point to philosophical contemplation designed to inspire a new generation of philosophers
