valuable information on this historic period at your fingertips straight from one of the most trusted sources of information around the globe This comprehensive guide takes a compelling look at prominent statesmen such as Benjamin Franklin Thomas Jefferson Thomas Paine and George Washington and lesser known but influential leaders such as Samuel Chase Charles Pinckney and others Alphabetized for easy reference it also offers discussions of key issues including slavery the separation of powers the presidency and Deism and Christianity events such as the American Revolution the Whiskey Rebellion and the Louisiana Purchase and documents including the Constitution and the Bill of Rights Every special essay and concise entry from Abigail Adams to George Wythe promotes the deeper understanding of the personalities issues and events that only Encyclop dia Britannica can provide The book s balanced fact based coverage of the Founding Fathers is especially relevant today when differing interpretations of their intent are used in debates over current policies The Founding Fathers is the ideal resource for anyone looking to hone his or her knowledge of the fascinating figures who wrote the first chapter of U S history

The Founding Fathers Reconsidered R. B. Bernstein,2009-05-05 In a scholarly yet accessible work Bernstein reveals the Founding Fathers not as shining demigods but as imperfect human beings who nevertheless achieved political greatness *Missouri Synod In Formation (1844-'47): Essays of the Founding Fathers* Joel R. Baseley,2012 *Words of the Founding Fathers* Steve Coffman,2012-08-02 This collection gathers quotations passages and documents attributed to America s six essential founders Topics include liberty religion revolution republican government the constitution education commerce class war and peace and the disenfranchised slaves Native Americans and women Each quotation is sourced and quoted fully enough for the reader to discern its historical and philosophical context

Not Your Usual Founding Father Benjamin Franklin,2007-01-01 An eminent Franklin scholar introduces us to the gregarious founding father who would be a welcome guest at any dinner table This engaging book reveals Benjamin Franklin s human side his tastes and habits his enthusiasms and his devotion to democracy and the people of the United States Three hundred years after his birth we may remember Franklin s famous Autobiography or his status as framer of the Declaration of Independence and the peace with Great Britain or his experiments in electricity or perhaps his sage advice on diligence and thrift But historian Edmund S Morgan invites us to meet the man himself a sociable good natured and extraordinary human being with boundless curiosity about the natural world and a vision of what America could be Drawing on lifelong research in the vast Franklin archives Morgan assembles both famous and lesser known writings that offer insights into this founding father s thinking The book is organized around four major themes each with an introduction The first section includes journal excerpts and letters revealing Franklin s personal tastes and habits The second is devoted to Franklin s inexhaustible intellectual energy and his scientific discoveries The third and fourth chronicle his devotion to serving the people who became the United States both before and after the Revolution and to advancing his democratic vision of their future Franklin s humanity and genius have never seemed more real than in the pages of this appealing anthology [Sex and the](#)

Founding Fathers Thomas A. Foster, 2014-01-17 Biographers journalists and satirists have long used the subject of sex to define the masculine character and political authority of America's Founding Fathers Tracing these commentaries on the Revolutionary Era's major political figures in *Sex and the Founding Fathers* Thomas Foster shows how continual attempts to reveal the true character of these men instead exposes much more about Americans and American culture than about the Founders themselves *Sex and the Founding Fathers* examines the remarkable and varied assessments of the intimate lives of George Washington Thomas Jefferson John Adams Benjamin Franklin Alexander Hamilton and Gouverneur Morris from their own time to ours Interpretations can change radically consider how Jefferson has been variously idealized as a chaste widower condemned as a child molester and recently celebrated as a multicultural hero Foster considers the public and private images of these generally romanticized leaders to show how each generation uses them to reshape and reinforce American civic and national identity

Ohio's Founding Fathers Fred Milligan, 2003 Arthur St Clair Governor of the Northwest Territory warned friends in Congress that the frontier settlers of Ohio were too indigent and ignorant to form a constitution and government for themselves This is the story of the men who proved him wrong The author describes the beginning of Ohio through the lives of its founding fathers Founding fathers include the thirty five delegates to the convention held in Chillicothe in November 1802 which decided that Ohio should become a state and then drafted its first constitution as well as twenty additional men whose activities before and after the convention round out the story of the state's beginning Revolutionary War veterans Indian fighters eastern aristocrats Appalachian mountain men and immigrants from Scotland Ireland and England combined their talents to lay the foundation for one of the greatest states in the nation

Inventing a Christian America Steven K. Green, 2017-05 Steven K Green explores the historical record that supports the popular belief about the nation's religious origins seeking to explain how the ideas of America's religious founding and its status as a Christian nation became a leading narrative about the nation's collective identity

John Dubois: Founding Father Richard Shaw, 2018-05-04 St Elizabeth Seton called him The Pope his students dubbed him Little Bonaparte To Pope Gregory XVI he was my most particular friend while his own Bishop charged him with acting as a Bishop rather than as parish priest The man was Father John Dubois an exile from France the founding father of many cherished Catholic institutions in America Dubois was beloved by the little people the scattered Catholics he served in rural Maryland Virginia and Pennsylvania and he was the amiable friend of Protestants such as James Monroe and Patrick Henry In 1808 he began his Mountain seminary at Emmitsburg Maryland and 175 years later Mount St Mary's College still serves as his memorial to education The founder would just as easily pick up an axe to fell lumber for his college buildings as he would ride through the night on horseback to minister to the sick and dying He called himself an ugly little wretch but to his students his children he was fondly remembered as old father Dubois great life's work was his role as spiritual and physical architect of the Sisters of Charity in the United States Without him Elizabeth Seton might never have been known to history This American St Vincent

de Paul wrote the first rule for the American sisters and pushed them out into missions across the country Dubois was domineering a tireless workman often rough and blunt not at all Mrs Seton s choice as a religious Superior In 1826 the labors of the benevolent dictator ended at Emmitsburg and he was called to head the immigrant church in New York John Dubois became bishop of a turbulent diocese dominated by fiercely nationalistic clergy and laity chiefly Irish Despite his good will and although dedicated to all that was chiefly American the French emigr remained a foreigner to his people in New York City Embattled for sixteen years with insolent clergy and powerful lay trustees the Bishop shunned public controversy and concentrated on pastoral care He made frequent visits to the missionary territory in upstate New York worked through cholera epidemics and went on a begging tour in Europe In the 1830s Protestants were beginning to react violently to Catholics and the immigrant Irish yet Dubois was respected by numerous non Catholics He was also a friend to important Catholics Roger Taney Charles Carroll Pierre Toussaint the black philanthropist and Mark Frenaye He had enough faith in one young immigrant to ordain him and give him his start in America St John Neumann As an old man incapacitated by a series of strokes he was sadly ignored by his energetic auxiliary Bishop John Hughes Before Bishop John Dubois died in 1842 he requested Bury me where the people will walk over me in death as they wished to do in life Ironically his gravesite was lost for well over 125 years Now the stirring and inspiring life of John Dubois is recaptured in his first full length biography The author finds Dubois a great and holy man truly worthy of the title Founding Father The Politics of the Sacred in America Anthony Squiers,2017-12-21 This book provides a comprehensive investigation of the political dimensions of civil religion in the United States By employing an original social psychological theory rooted in semiotics it offers a qualitative and quantitative empirical examination of more than fifty years of political rhetoric Further it presents two in depth case studies that examine how the cultural totemic sign of the Founding Fathers and the signs of America s sacred texts the Constitution and the Declaration of Independence are used in attempts to link partisan policy positions with notions that the country collectively holds sacred The book s overarching thesis is that America s civil religion serves as a discursive framework for the country s politics of the sacred mediating the demands of particularistic interests and social solidarity through the interaction of social belief and institutional politics like elections and the Supreme Court The book penetrates America s unique political religiosity to reveal and unravel the intricate ways in which politics political institutions religion and culture intertwine in the United States The Founders' Curse Brook Poston,2024-07-02 This work examines James Monroe s efforts to build dismantle and then later rebuild a system of political parties in the early American republic **The Essential Wisdom of the Founding Fathers** Carol Kelly-Gangi,2018 **We the People** Gary Barbknecht,2010-07 Are you concerned about the growing National Debt Are you unemployed and can t find a job Do you believe that our government is out of control Do you feel helpless and don t know what to do to help If you answered these questions with a YES then you need to look into the principles of this book and get started learning how one person can join up with many others to make

changes that will fix these problems Inside this book are many common sense suggestions about what needs to be looked into in America and what can be done to start making the changes necessary to create more jobs getting control of the government and reducing the national debt Learn what others are doing and find out why the Tea Party Movement is the way to get our country back Gary Barbknecht grew up on a farm in rural Indiana attending school in a small town His mother was a 4th grade school teacher in the same school in the same building Parent Teacher Associations PTA was the norm in those days so Gary was familiar to both sides of the teaching profession and sat in on meetings pertaining to school materials and issues After high school Gary attended college at Purdue University received his bachelor s degree in Electrical Engineering in 1965 Gary worked in the electronics industry for 42 years part of the time as a contractor fabricating military electronics and part of the time as an adviser to the air force in the procurement of aircraft systems Gary retired in 2007 just as the recession took hold and watched his retirement savings melt to nothing After 3 years in retirement Gary realized that government needed some supervision and started to get more involved in government activities and started to study civic issues When not tracking political tomfoolery Gary enjoys freshwater fishing and grows his own fruits and vegetables as much as possible

Faith and the Founders of the American Republic Daniel L. Dreisbach, Mark David Hall, 2014 The role of religion in the founding of America has long been a hotly debated question Some historians have regarded the views of a few famous founders such as Benjamin Franklin Thomas Jefferson James Madison and Thomas Paine as evidence that the founders were deists who advocated the strict separation of church and state Popular Christian polemicists on the other hand have attempted to show that virtually all of the founders were pious Christians in favor of public support for religion As the essays in this volume demonstrate a diverse array of religious traditions informed the political culture of the American founding Faith and the Founders of the American Republic includes studies both of minority faiths such as Islam and Judaism and of major traditions like Calvinism It also includes nuanced analysis of specific founders Quaker fellow traveler John Dickinson prominent Baptists Isaac Backus and John Leland and Theistic Rationalist Gouverneur Morris among others with attention to their personal histories faiths constitutional philosophies and views on the relationship between religion and the state This volume will be a crucial resource for anyone interested in the place of faith in the founding of the American constitutional republic from political religious historical and legal perspectives

Rhetoric and the Arts of Design David S. Kaufer, Brian S. Butler, 2013-11-26 The design arts from the design of buildings and machines to software and interfaces are associated with types of knowledge and performance thought to be structured modular and systematic Such arts have become increasingly prestigious in our technocratic society Since Aristotle the art of rhetoric was conceived as a loosely structured practical art thought to be limited in the extent to which it could mimic more precise subject matters The art of rhetoric has been controversial since classical times but its status has sunk even lower since the industrial revolution a point when civic cultures began to cede authority and control to the cultures of specialized experts Many sympathizers of rhetoric

have resisted its decline by calling for a civic art of public discourse to stand in opposition to a technocratic specialized discourse that has come increasingly to disenfranchise the ordinary citizen This is the first book to question the rhetoric technical knowledge split from a more fundamental perspective To get some perspective on what is at stake in rhetoric s traditional classification as a practical art the authors explore the distinction between practical and design arts enumerate the various criteria cited in the literature for qualifying a cluster of knowledge and performative skills to count as an art of design show how the knowledge and performative skills associated with the art of rhetoric meet the major requirements of design knowledge propose a general architecture of rhetorical design one descriptive both of civic address and specialized academic argument turn to the Lincoln Douglas debates to embody and provide some empirical support and illustration for their architecture demonstrate how Lincoln and Douglas can be thought of as expert designers whose rhetoric is highly structured and modular and explain how the rhetoric of both rhetorical agents can be represented in the layers and modules that one needs to display plans for buildings software or other design artifacts These layers and modules are not just post hoc annotations of the debates they also illuminate new and systematic ways for viewing the debates and by implication other specimens of rhetoric in terms of strategies of artistic production Kaufer and Butler conclude their presentation by citing some of the research and educational implications that follow from housing rhetoric within the family of design arts

*Legislative and Executive Calendar: 110-1&2, Committee on the Judiciary, S. Prt. 110-57, Final Edition, *, 2010*

Congressional Record United States. Congress,1996 The Cambridge History of the European Union: Volume 2, European Integration Inside-Out Mathieu Segers,Steven Van Hecke,2023-11-09 Volume II examines the history of the European Union from an inside out perspective focusing on the internal developments that shaped the European integration process Split into three parts Part I covers the principles that have defined European integration exploring the treaties and their changes through time with Brexit being a core milestone Part II considers the different instruments within the architecture of European integration with special focus on the development of policies the euro and enlargement Part III concentrates on the various narratives surrounding European integration in particular the concepts goals and ideas that both spoke and failed to speak to the hearts and minds of Europeans This includes the *longue dur e* concept peace European culture the absence of religion prosperity and a lack of solidarity and democracy **Defense Production Act Amendments of 1952, Hearings Before, 82:2- on S.2594 and S. 2645** United States. Congress. Senate. Committee on Banking and Currency,1952
