Free Your Self S. Beasley, 2012-09-19 Hello Mr Beasley I am calling to find out more about your meditation classes A friend of mine told me the meditation you teach really helps with stress I really want to find out more about how I can get a handle on my stress As a meditation instructor I receive phone calls and emails like this about once a month Along the way I began to write down the lessons that I share in the courses and classes These are ancient spiritual lesson that saved me from myself and gave me my life back I have compiled them into a handbook for the average person to use to free themselves from a path of self destruction This book is designed so that the reader can jump around from problem to problem and seek understanding about why they are stressed and how to stop self destructing behaviors The lessons over lap and as you begin to understand your own craziness you begin to understand what you have been doing and why This handbook is part of a meditation course so I strongly recommend that you study mindfulness meditation along with mindfulness study If you take up this path with determination and do not give up you will transform your life These teachings are how to free your self from ego and find your true self your true path As you begin to study and practice other spiritual paths you will find that it takes will power to choose the wisdom when faced with choices This is about how to free your self from distraction and take back the power of choice In this way you can choose an implement wisdom moment by moment step by step along your path to freedom Your destiny awaits you *Free Your Self* Plan S for Shock Robert-Jan Smits, Rachael Pells, 2022-01-27 Plan S for shock the open access initiative that changed the face of global research This is the story of open access publishing why it matters now and for the future In a world where information has never been so accessible and answers are available at the touch of a fingertip we are hungrier for the facts than ever before something the Covid 19 crisis has brought to light And yet paywalls put in place by multi billion dollar publishing houses are still preventing millions from accessing quality scientific knowledge and public trust in science is under threat On 4 September 2018 a bold new initiative known as Plan S was unveiled kickstarting a world wide shift in attitudes towards open access research For the first time funding agencies across continents joined forces to impose new rules on the publication of research with the aim of one day making all research free and available to all What followed was a debate of global proportions as stakeholders asked Who has the right to access publicly funded research Will it ever be possible to enforce change on a multi billion dollar market dominated by five major players Here the scheme s founder Robert Jan Smits makes a compelling case for Open Access and reveals for the first time how he set about turning his controversial plan into reality as well as some of the challenges faced along the way In telling his story Smits argues that the Covid 19 crisis has exposed the traditional academic publishing system as unsustainable

There is Truth and It Will Set You Free Fr. Jeffrey S. Tunncliff,2025-08-04 We live in a world where the very concept of truth is rejected by some Others may accept some of truth but ultimately think they should be free to determine for themselves what to believe Fr Jeff embraces truth Through his writings on his website www.renewaloffaith.org sermons and presentations inspired by the Holy Spirit he seeks to present the truth as God has given it to anyone who will listen or

read his writings In the summer of 2024 Fr Jeff came to realize that if he was going to continue to teach God's truth he needed to help people understand what truth is So he began to write an article for his website with some expectation of offering presentations on truth When he began to write this document he expected it to be not more than twenty five or thirty pages His plan was to have the first part of the document center on truth in secular terminology and then bring the Christian faith into the discussion That was his plan but it was not God's plan This book is the article he set out to write As he wrote two things became obvious The first is that he could not write about truth without referring to the Christian faith The two are intertwined Second God had bigger plans than an article for Fr Jeff's website Through writing prayer and encouragement from his friends he discerned that God was leading him to publish this book It is in God's truth that we find who we are meant to be
