Store Chronicles :

By All Accounts Linda English,2013-03-14 The general store in late nineteenth century America was often the economic heart of a small town Merchants sold goods necessary for residents daily survival and extended credit to many of their customers cash poor farmers relied on merchants for their economic well being just as the retailers needed customers to purchase their wares But there was more to this mutual dependence than economics Store owners often helped found churches and other institutions and they and their customers worshiped together sent their children to the same schools and in times of crisis came to one another s assistance For this social and cultural history Linda English combed store account ledgers from the 1870s and 1880s and found in them the experiences of thousands of people in Texas and Indian Territory Particularly revealing are her insights into the everyday lives of women immigrants and ethnic and racial minorities especially African Americans and American Indians A store s ledger entries yield a wealth of detail about its proprietor customers and merchandise As a local gathering place the general store witnessed many aspects of residents daily lives many of them recorded if hastily in account books In a small community with only one store the clientele would include white black and Indian shoppers and in some locales Mexican American and other immigrants Flour coffee salt potatoes tobacco domestic fabrics and other staples typified most purchases but occasional luxury items reflected the buyer s desire for refinement and upward mobility Recognizing that townspeople often accessed the wider world through the general store English also traces the impact of national concerns on remote rural areas including Reconstruction race relations women s rights and temperance campaigns In describing the social status of store owners and their economic and political roles in both small agricultural communities and larger towns English fleshes out the fascinating history of daily life in Indian Territory and Texas in a time of transition
