LatinoLand Marie Arana, 2025-02-18 A sweeping yet personal overview of Latino America that explores the diversity of our largest and fastest growing minority Census reports project that by 2050 as much as 30 percent of the US population will claim Latino heritage But Latinos are not a single group of people They are Mexicans Puerto Ricans Dominicans Salvadorans Cubans and many others They are racially diverse a random fusion of White Black Indigenous and Asian Some have ancestors who were here long before the continent's earliest immigrants others came later from many parts of the world Their history and contributions are bound to surprise you Marie Arana draws both on extensive research and on her own experience as the daughter of a Peruvian father and American mother straddling two worlds as many Latinos do LatinoLand unabashedly celebrates Latino resilience and character and shows us why it is essential that we understand this booming segment of Criminal Insurgents in Mexico and Latin America John P. Sullivan, Robert J. Bunker, 2015-03-05 The 4th America Small Wars JournalEl Centro anthology comes at a pivotal time roughly a third of the way through the term for the Enrique Pea Nieto administration in Mexico The mass kidnapping and execution of 43 rural student teachers in Iguala Guerrero in late September 2014 has only served to further highlight the corruptive effects of organized crime on the public institutions in that country In addition many other states in Latin America are now suffering at the hands of criminal insurgents who are threatening their citizens and challenging their sovereign rights Dave Dilegge SWJ Editor in Chief **Learn Spanish News** Vol.1 Nik Marcel, LEARN SPANISH NEWS Vol 1 English Spanish THIS EDITION The dual language text has been arranged into sentences and shorter paragraphs for quick and easy cross referencing The source text is the Spanish language edition of Voice of America VOA The Spanish text has been translated into English for this dual language project The reader can choose between four formats Section 1 English to Spanish Section 2 Spanish to English Section 3 English Section 4 Spanish A methodology for getting the most out of this bilingual format is explained in the book s Foreword The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language to be able to read only in the foreign language and extract enough understanding to continue the language learning process fruitfully this way A reader might like to go back to reading dual language news for reinforcement and further development returning to foreign language only news with a deeper understanding By going back to the same old news you are going over words word patterns and passages with which you already have a certain familiarity The process of reinforcement learning or retaining of what is new and exposure to what is unfamiliar is much easier this way even though the news may seem a little dated The aim of informing the reader about actual news is secondary especially given that the content will become less current and less relevant over time If you are having trouble with the level of difficulty in the text a suggested path for learning languages is as follows Familiarise yourself with a basic language instruction book or re read the one you have Once a student has studied the basics a suitable book about basic grammar can be helpful The suggestion is that any grammar

book be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning Go through as much of the grammar book you feel you can digest maybe even the whole book skipping over what is not easily understood After this read through a portion of text in a book called Spanish Sentences by 2LanguageBooks looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar Even repeatedly seeing a word that you remember seeing listed as a subject pronoun or a third person plural verb of some sort is a great help Then depending on your inclination return to the grammar book or your basic Spanish book or move on to lengthier bilingual text like in 2Language Books texts containing news or stories for example or find some suitable Spanish text a simple novel a Spanish news website etc Grammar books will likely have some verb charts However there are currently good on line resources that go further dictionaries with a verb conjugation search option Many basic language books offer some form of audio support Internet services primarily news based radio stations offer podcasts Audio from television is an additional resource and can be formatted for use on various digital platforms However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee There is no substantial financial outlay to get you started Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources A Dual Language Book Project 2Language Books Social Informatics Luca Maria Aiello, Daniel McFarland, 2015-02-27 This book constitutes the proceedings of the Workshops held at the International Conference on Social Informatics SocInfo 2014 which took place in Barcelona Spain in November 2014 This year SocInfo 2014 included nine satellite workshops the City Labs Workshop the Workshop on Criminal Network Analysis and Mining CRIMENET the Workshop on Interaction and Exchange in Social Media DYAD the Workshop on Exploration of Games and Gamers EGG the Workshop on HistoInformatics the Workshop on Socio Economic Dynamics Networks and Agent based Models SEDNAM the Workshop on Social Influence SI the Workshop on Social Scientists Working with Start Ups and the Workshop on Social Pablo Escobar and Colombian Narcoculture Aldona Media in Crowdsourcing and Human Computation SoHuman Bialowas Pobutsky, 2020-03-18 How the legacy of Pablo Escobar inspired the development of narcoculture in Colombia and around the world In the years since his death in 1993 Colombian drug lord Pablo Escobar has become a globally recognized symbol of crime wealth power and masculinity In this long overdue exploration of Escobar's impact on popular culture Aldona Bialowas Pobutsky shows how his legacy inspired the development of narcoculture television music literature and fashion representing the drug trafficking lifestyle in Colombia and around the world Pobutsky looks at the ways the Escobar brand surfaces in bars restaurants and clothing lines in Colombia's tourist industry and in telenovelas documentaries and narco memoirs about his life which in turn have generated popular interest in other drug traffickers such as Griselda Blanco

and Miami's cocaine cowboys Pobutsky illustrates how the Colombian state strives to erase his memory while Escobar's notoriety only continues to increase in popular culture through the transnational media She argues that the image of Escobar is inextricably linked to Colombia s internal tensions in the areas of cocaine politics gender relations class divisions and political corruption and that his brand perpetuates the country's reputation as a center of organized crime to the dismay of the Colombian people This book is a fascinating study of how the world perceives Colombia and how Colombia's citizens understand their nation's past and present A volume in the series Reframing Media Technology and Culture in Latin o Narcas Deborah Bonello, 2023-07-25 Drug America edited by H ctor Fern ndez L Hoeste and Juan Carlos Rodr guez transporters Money launderers Killers Street drug vendors Weapons traffickers Kidnappers Extortionists VICE journalist Deborah Bonello reports from the trenches in this first ever in depth exploration of the hidden power women wield in Latin American drug cartels You ve heard of Pablo Escobar Joaquin El Chapo Guzman and Rafael Caro Quintero Their names conjure ghoulish images of bloody streets white powder bundles of weed and a particular flavor of machismo unique to ruthless druglords But what of the drugladies las narcas For the first time investigative reporter Deborah Bonello takes you behind the curtain to introduce the women at the helm of organized crime south of the US Mexico border These women are the powerhouses behind violent cartels masterminds of extortion rackets right hand ladies to El Chapo's cocaine flow to the US and matriarchs of major drug trafficking families In these pages you will meet women like Do a Digna the leader of the Valle cartel and Guadalupe Fernandez Valencia one of El Chapo Guzman's closest confidants Narcas for the first time gives voice to the women of notorious drug trafficking monarchies meticulously documenting the variety of roles they play Bonello chronicles the complexity of their actions and their desires the grey chasm between victims and victimizers co option and agency and right and wrong She examines why women s experiences are under reported emphasizing the importance of understanding women as fully capable beings who are often as ambitious innovative ruthless and violent as their male counterparts With careful detail comprehensive research and groundbreaking storytelling Narcas paints a vivid picture of the women behind some of the most notorious drug cartels You will not see Sebastiana Cott n or Marixa Lemus in the stereotypical portrayals of beautiful narco wives or girlfriends or in the faces of trafficking survivors or drug mules Rather you ll encounter at staggering rates the female cartel killers money launderers logistical heads and transporters of Latin America s infamous crime syndicates Narrating Narcos Gabriela Polit Dueñas, 2013-10-18 Narrating Narcos presents a probing examination of the prominent role of narcotics trafficking in contemporary Latin American cultural production In her study Gabriela Polit Due as juxtaposes two infamous narco regions Culiacan Mexico and Medellin Colombia to demonstrate the powerful forces of violence corruption and avarice and their influence over locally based cultural texts Polit Due as provides a theoretical basis for her methods citing the work of Walter Benjamin Pierre Bourdieu and other cultural analysts She supplements this with extensive ethnographic fieldwork interviewing artists and writers their confidants relatives and
