A Comparative Study of R. K. Narayan and Arundhati Roy: Linguistic and Literary Aspects N. Prasanna Lakshmi, 2020-11-23 Broadly speaking Indian English IE is that variety of English used by a

large number of educated Indians as a second language Kachru 1983 used the term Indian English for the variety of English used generally in the South Asian countries David Crystal 2003 observes that in India the numbers of English speakers outrank the combined number of speakers in USA and UK A considerable body of creative writing is also produced in English and is increasing steadily Writers like Mulk Raj Anand R K Narayan and Raja Rao and Arundhati Roy have become part of India's literary tradition and they may continue to hold their status in world literature too The use of Indian English in different domains in interaction with other regional languages has resulted in its development and recognition as a distinct variety in its own right It is an attempt to study the styles of two of the prominent writers of Indian English namely R K Narayan and Arundhati Roy by examining the different linguistic and literary aspects as reflected in their selected fictions R K Narayan's *Swami and Friends* SF and *The Guide* TG and Arundhati Roy's *The God of Small Things* GST An examination of selected fictions of the two writers of this study has shown that stylistic analysis can be a rich field of enquiry in Indian English Studies of the present kind can be used as a source material for applied linguistics They can be extended for a comparative study of stylistic traits of Indian writers and non Indian writers The study suggests the possibility of further research in comparative stylistic studies in Indian English fiction on the one hand and American British or Australian fiction on the other Our comparison of the two writers one of the colonial period and the other belonging to the post colonial period suggests that a more extensive stylistic study of Indian writing in English is called for to understand the changing phases of English in the socio cultural ethos of the Indian society The book is organized as follows Chapter I is an introduction to Indian English its importance and the objective of the research Chapter II deals with review of literature on Indian English as well as stylistic studies in Indian English fiction Chapter III is concerned with a brief introduction to the texts chosen for study Chapter IV discusses the methodology adopted in the study Chapter V deals with the results of the study and makes a comparison between the two authors styles Chapter VI consists of a summary of the research and concludes with suggestions regarding further research needs

Cultural Imperialism and the Indo-English Novel Fawzia Afzal-Khan, 2010-11-01 This is a provocative piece of scholarship and it engages an intriguing aspect of postcolonial writing Choice Fawzia Afzal Khan's excellent book could stand as a reply to those hostile critics who today attack multiculturalism for reductively politicizing literature In her trenchant discussion Afzal Khan shows just how complex the politics of liberation can be for colonial and postcolonial novelists Gerald Graff University of Chicago Afzal Khan's study is a major new contribution to the related fields of Indian writing in English and post colonial literatures Focused primarily on four Indian novelists its arguments and conclusions are of vital importance to our understanding of the many new literatures from the former British colonies Through her judicious use of the theoretical constructs of Frantz Fanon Fredric Jameson Edward Said and others Afzal Khan has produced a fresh and compelling interpretation of the Indian English novel Amritjit Singh Rhode Island College Cultural Imperialism and the Indo English Novel focuses on the novels of R K Narayan Anita Desai Kamala Markandaya and Salman

Rushdie and explores the tension in these novels between ideology and the generic fictive strategies that shape ideology or are shaped by it Fawzia Afzal Khan raises the important question of how much the usage of certain ideological strategies actually helps the ex colonized writer deal effectively with post colonial and post independence trauma and whether or not the choice of a particular genre or mode employed by a writer presupposes the extent to which that writer will be successful in challenging the ideological strategies of containment perpetuated by most Western orientalist texts and writers She argues that the formal or generic choices of the four writers studied here reveal that they are using genre as an ideological strategy of liberation to help free their peoples and cultures from the hegemonic strategies of containment imposed upon them She concludes that the works studied here constitute an ideological rebuttal of Western writers denigrating containment of non Western cultures She also notes that self criticism as implied in Rushdie s works is not be confused with self hatred a theme found in Naipaul s work

Narayan 1906-2001 is one of the most influential and respected Indian writers. This book is a critical study of Narayan's novels of the common people, their aspirations and struggles, their pieties and rituals, their myths and superstitions. The fictional town of Malgudi in pre-industrial Southern India is the setting for these timeless stories. The book presents a holistic view of Malgudi and its people from multiple perspectives such as social, cultural, religious, and economic. In Narayan's novels, tradition and modernity, fiction and reality, and mythology and history seamlessly merge to craft the narrative. They explore the impact of caste, class, and religion on the individual and the community, as well as the interface between the traditional and the modern, and the past and the present, highlighting the inherent pulls and tensions in society. However, even as Malgudi clings to its conservative past, it opens its doors to urban, educated, and professional men and women from the outside. The book will interest students, teachers, and scholars of literature. **Book Review Digest**, 2002-08. *The Routledge Encyclopedia of Indian Writing in English* Manju Jaidka, Tej N. Dhar, 2023-09-29. Today Indian writing in English is a field of study that cannot be overlooked. Whereas at the turn of the 20th century writers from India who chose to write in English were either unheeded or underrated, with time the literary world has been forced to recognize and accept their contribution to the corpus of world literatures in English. Showcasing the burgeoning field of Indian English writing, this encyclopedia documents the poets, novelists, essayists, and dramatists of Indian origin since the pre-independence era and their dedicated works. Written by internationally recognized scholars, this comprehensive reference book explores the history and development of Indian writers, their major contributions, and the critical reception accorded to them. The *Routledge Encyclopedia of Indian Writing in English* will be a valuable resource to students, teachers, and academics navigating the vast area of contemporary world literature. **V.S. Naipaul** Namrata Rathore Mahanta, 2004. This study breaks fresh ground in exploring V.S. Naipaul's three books about his travels in India, treating these as a series whose meanings emerge only when considered together. It focuses on the inextricable intertwining of Naipaul's writings with his personal experiences and demonstrates how his critiques of Indian culture and politics emerge from his diasporic worldview. It includes an analysis of Naipaul's perception of women's differences in a rapidly changing society. The book is an insightful reading for those interested in Naipaul's career, long engagement with India. **Introduction to Short Story and Basic Grammar (Major/MDC)** Manju Malik, Suman Malik, 2023-10-01.
