Jeff Petrill

A World She Doesn't Belong To:

A World She Doesn't Belong To Natasha Tate, 2012-07-03 Laura Talbot can't believe she's even considering Kyros Spyridis's outrageous proposal although he is her late twin sister's husband. Yet for reasons she doesn't admit the shy innocent Laura is tempted by Kyros's dangerous proposition. Kyros needs Laura to act as his wife and keep the lies about his disastrous marriage going just for one more week. Having lived all her life in her sister's shadow will the good twin finally be able to step into her own light even if it leads straight to Kyros's bed. *The Coffin of James Genius* Jeff Petrill, 2008-04-02

James Genius is a traveler hiding a secret. While trying to fit into a community that thrives off death, James begins building a new life that quickly turns into a personal hell in futuristic America. A new Civil War brews in America while James simultaneously fights his own internal demons and hallucinations as he attempts to locate the survivors of his hidden family. While the government promises to protect and separate citizens from one another, obsessive political control and suspicious behavior begins to confuse and upset the public. As a result, survival groups start preparing for the collapse of the government while a news organization, The Zoo Trials, tries to explain and solve the country's seemingly inevitable demise. James holds the key to a major change, but in a futile attempt to protect himself, he pretends he doesn't recall his past. Meanwhile, others encourage James to reveal his true self, but he waits for the right moment to fuel his transformation. Only time will tell if James finds the real life he's been desperately seeking and if the citizens of this revolutionary community will pull together and plant the seeds of positive change. *Late and Soon (A Novel & 8 Short Stories)* E. M.

Delafield, 2024-01-07 In *Late and Soon: A Novel & 8 Short Stories*, E. M. Delafield masterfully intertwines the themes of time, memory, and the intricacies of human relationships. Delafield's prose is characterized by keen psychological insight and a subtle wit that reflects the societal constraints of early 20th-century Britain. The narratives explore the intersection of individual desires and social expectations, encapsulated in her richly drawn characters who navigate the complexities of their lives, revealing both poignant and humorous moments. This collection invites readers to reflect on the passage of time and the delicate balance between ambition and acceptance. E. M. Delafield, born Edme Elizabeth Monica de la Pasture, was a prominent novelist known for her early feminist perspectives and her critical view of societal norms. Growing up in a well-educated family, her literary inclinations flourished in an era marked by great change. Delafield's own experiences, along with her astute observations of the Edwardian society, inspired her to write about the struggles and triumphs of women in a male-dominated world, positioning her work as an essential commentary of her time. This collection is a must-read for those interested in early 20th-century literature, providing a window into the zeitgeist while exploring timeless themes of love, regret, and resilience. Delafield's unique voice and nuanced storytelling will resonate with anyone looking to understand the emotional undercurrents of personal interactions amid the backdrop of changing societal norms. **Coyote's Song** Richard D. Transatlantic Reflections on the Practice-Based PhD in Fine Art Jessica Schwarzenbach, Paul Hackett, 2015-08-11. Once the US was the only country in the world to offer a doctorate for studio artists, however, the PhD in fine art disappeared after pressures established the MFA as the terminal degree for visual artists. Subsequently, the PhD in fine art emerged in the UK and is now offered by approximately 40 universities. Today, the doctorate is offered in most English-speaking nations, much of the EU, and countries such as China and Brazil. Using historical, political, and social frameworks, this book investigates the evolution of the fine art doctorate in the UK, what the concept of a PhD means to practicing artists from the US, and why this degree disappeared in the US when it is so vigorously embraced in the UK and other countries. Data collected through in-depth interviews examine the perspectives of professional artists in the US who teach graduate-level fine art. These interviews disclose conflicting attitudes toward this advanced degree and reveal the possibilities and challenges of developing a potential doctorate in studio art in the US.

Haunting the Dead Stefan Petrucha, Seth Lindberg, Allen Rausch, Rick Chillot, 2024-03-04. Without Death, What's Left to Fear? The Orpheus Group tells its clients that it has peeled back the mysteries of life and death. Its investigators can separate their spirits from their living flesh and interact with the ghosts and spirits caught unseen but often felt in our world. Rumors say that Orpheus even employs ghosts itself. Some call it hogwash and skullduggery, but Orpheus calls it market opportunity. Plenty of novellas from exciting voices in contemporary horror peel back the layers of the Orpheus phenomenon. The investigators themselves are traumatized and wounded folks existing in a world where their fears are made manifest. Worse still, digging into the lands of the dead may have awoken something from the unseen depths. Orpheus has made a profit on the afterlife, but it remains to be seen if anyone will survive to cash their paychecks.
