Ambition in America Jeffrey A. Becker, 2014-04-18 One of the largest southern cities and a hub for the cotton industry Memphis Tennessee was at the forefront of black political empowerment during the Jim Crow era Compared to other cities in the South Memphis had an unusually large number of African American voters Black Memphians sought reform at the ballot box formed clubs ran for office and engaged in voter registration and education activities from the end of the Civil War through the Brown v Board of Education decision of 1954 In this groundbreaking book Elizabeth Gritter examines how and why black Memphians mobilized politically in the period between Reconstruction and the beginning of the civil rights movement Gritter illuminates in particular the efforts and influence of Robert R Church Jr an affluent Republican and founder of the Lincoln League and the notorious Memphis political boss Edward H Crump Using these two men as lenses through which to view African American political engagement this volume explores how black voters and their leaders both worked with and opposed the white political machine at the ballot box River of Hope challenges persisting notions of a Solid South of white Democratic control by arguing that the small but significant number of black southerners who retained the right to vote had more influence than scholars have heretofore assumed Gritter s nuanced study presents a fascinating view of the complex nature of political power during the Jim Crow era and provides fresh insight into the efforts of the individuals who laid the foundation for civil rights victories in the 1950s and 60s *Authentic Personal Brand Coaching* Hubert K.

heard and read plenty about how executives should behave more responsibly in the light of corporate governance. Despite all these efforts, many implementations of corporate governance provide no protection from potentially catastrophic ethical failures. This book emphasizes the introduction of a new corporate governance blueprint for addressing these concerns in a more authentic, organic, and holistic way. It is a roadmap toward a high performance ethical culture. By way of this innovative system, Dr. Hubert Rampersad and Saleh Hussain, MBA, are launching a revolutionary concept that actively has human capital embedded in corporate governance in a manner that creates a stable basis for the personnel's trustworthiness, integrity, and engagement, and ethical corporate excellence. Featuring numerous case examples and practical tools and exercises, this book will help the reader learn to develop, implement, and cultivate authentic personal governance and corporate governance effectively. Create conditions for sustainable corporate governance. Increase their personal effectiveness. Develop their personal integrity effectively and become a better human being. Develop ethical personal leadership. Develop a highly engaged workforce based on high ethical standards. Create a high performance culture and enhance the competitiveness of their organization. Create conditions for an organizational climate marked by self-guidance, creativity, passion, and ethical behavior. Develop a culture in which personal integrity and business ethics is a way of life. *TPS-Lean Six Sigma* Hubert K. Rampersad, Anwar El-Homsi, 2007-11-01. We have been deploying Lean Six Sigma in various large and medium size companies for many years and have realized excellent results in most instances. We found that while Lean Six Sigma does a great job addressing the primary concerns of manufacturing and service, we felt that there was something missing in the deployment of Lean Six Sigma programs at many companies. Something that could help foster sustainable breakthroughs, something to realize durable performance and sustainable quality enhancement based on a happy and engaged workforce, something to create a real learning organization in which people are working smarter, are committed, and improve themselves continuously. We found that the results could be enhanced if the importance of Human Capital is considered as an integral part of the process. We learned that Lean Six Sigma in itself does not sufficiently address Human Capital at many companies. While expected results from Lean Six Sigma alone will be good, we believe that adding the human component to Lean Six Sigma has the potential to realize sustainable long term growth and produce a transformation into a lean learning, prosperous organization. That's why we are launching a revolutionary, holistic concept in this book called *TPS-Lean Six Sigma*. Combining these complementary processes actively brings human involvement into Lean Six Sigma in a manner that not only stimulates commitment, integrity, work-life balance, and passion/enjoyment at work and employee engagement, but also stimulates individual and team learning in order to develop a happy workforce and sustainable performance improvement and quality enhancement for the organization. *TPS-Lean Six Sigma* is a continuous voyage of discovery involving continuous personal and organizational improvement, development, and learning. The starting point in this concept is a journey to understand personal goals and ambitions of the workforce. Then we take the organization's goals and ambitions and marry them with the workforce

and find the best people for the job Using our structured approach for aligning the personal scorecards with the organization's scorecard we are able to create a symbiotic relationship between employees and organizational desires through the establishment of Lean Six Sigma project teams that will enthusiastically drive positive results TPS Lean Six Sigma is like a turbo charged Lean Six Sigma program All of the proven sound methodologies of traditional Lean Six Sigma are charged with highly motivated team members The result is a powerful people driven Lean Six Sigma program called TPSLean Six Sigma that leads to a High Performance Culture and allows employees to realize their full potential and contribute creatively while the organization benefits from increased profitability market share and customer satisfaction People are happiest when they are given freedom challenges and control over their lives TPS Lean Six Sigma also offers a systematic and integrated approach to the transformation of people in organizations and to impact business strategy culture organizational effectiveness and the controllability of business processes It entails a learning process which transforms people into happy inwardly involved and committed employees This will not only allow them to contribute exceptionally but will also persuade them to support defend and promote their organization This approach lies at the heart of successful organizational and cultural change After all it is difficult to change the organization but if we change ourselves the organization will change with us This unique TPS Lean Six Sigma system is based on several new models guidelines and tools that have been proven in practice It integrates the individual's aspirations with the shared ambition of the organization balancing the personal with the shared ambition embedding ethical behavior in the individual's mind and links individual capabilities with an effective talent management process TPS Lean Six Sigma and the related new tools provide an excellent and innovative framework for creating sustainable breakthroughs in both the service and manufacturing industries This new book emphasizes the introduction of a new blueprint called TPS Lean Six Sigma for addressing the primary concerns of manufacturing and service in a more sustainable and humanized way It leads to a High Performance Culture and allows employees to realize their full potential and contribute creatively while the organization benefits from increased profitability market share and customer satisfaction By way of this book Hubert Rampersad Anwar El Homsy are launching a revolutionary holistic concept which actively has human capital embedded in Lean Six Sigma in a manner that not only stimulates commitment integrity work life balance passion enjoyment at work and employee engagement but also stimulates individual and team learning in order to develop a motivated workforce and sustainable performance improvement and quality enhancement for the organization

Ambition Private 7: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
