Wainapel, Dr. Avital Fast, MD, 2003 Wainapel and Fast both with Albert Einstein College of Medicine Montefiore Medical Center in New York point out the irony of the speciality of physical medicine and rehabilitation having been considered a form of alternative medicine 50 years ago Rather than being a practice manual or comprehensive survey of alternative medicine this volume reflects the evolution of alternative medicine to an integrative complementary and alternative medicine CAM seeking to combine the best of both worlds Most of the 19 contributed chapters offer evidence based treatments of such adjuncts to rehabilitation medicine for neurologic and other disorders as chiropractic massage yoga meditation biofeedback hypnosis acupuncture nutritional therapy and magnet therapy Others discuss recent NIH funded research specific CAM treatment approaches payment for CAM services and professional literature issues Annotation copyrighted by Book News Inc Portland OR **Alternative Medicine for the Elderly** P. Cherniack, N. Cherniack, 2013-04-18 The explosion of information about complementary and alternative medicine CAM has demanded the attention of health professionals and responsible consumers including the elderly Increasingly medical schools are providing education about CAM This book brings together for academicians and interested mainstream practitioners much of the current information on CAM and its role in the health of the elderly The individual chapters are thoroughly researched and quite readable even for patients and the lay public concerned with the state of the evidence and art supporting CAM's role in prevention and management of illness and well being This book provides educators with much necessary information needed to prepare coursework and learning activities Although definitive data are lacking regarding efficacy and even safety of CAM methodologies many chapters in this book summarize the existing evidence in a usable way The topics analyzed range from well accepted therapies such as vitamin E for dementia and zinc tablets for the common cold to far less conventional therapies such as transcendental meditation The conclusions are often surprising but well presented and defended Even the most highly controversial areas such as the use of acupuncture to treat low back pain and osteoarthritis of the knee are thoroughly and fairly reviewed Finally the chapters address some of the political issues that challenge CAM These issues include who should be allowed to practice a CAM discipline whose efficacy is not based on the scientific method and some of the state to state variations in practice standards and licensure **Natural Treatments for Lyme Coinfections** Stephen Harrod Buhner, 2015-02-22 A guide to the natural treatment of three coinfections of Lyme disease Reviews the latest scientific research on Babesia Ehrlichia and Anaplasma Reveals how these three conditions often go undiagnosed complicate the treatment of Lyme disease and cause symptoms from headache to seizures Outlines effective natural treatments with herbs and supplements for specific symptoms and to combat overreactions of the immune system and the inflammation

response Harvard researchers estimate there are nearly 250 000 new Lyme disease infections each year only 10 percent of which will be accurately diagnosed One of the largest factors in misdiagnosis of Lyme is the presence of other tick borne infections which mask or aggravate the symptoms of Lyme disease as well as complicate treatment Three newly emergent Lyme coinfections are Babesia Ehrlichia and Anaplasma Tens of thousands of people are known to be asymptotically infected and at least ten percent will become symptomatic this year with symptoms ranging from chronic headache and arthritis to seizures Distilling the latest scientific research on Babesia Ehrlichia Anaplasma and Lyme disease Stephen Buhner examines the complex synergy between these infections and reveals how they can go undiagnosed or resurface after antibiotic treatment He explains how these organisms create cytokine cascades in the body essentially sending the immune system into an overblown uncontrolled inflammatory response in much the same way rheumatoid arthritis or cancer can Providing an in depth guide for those suffering from Babesia Ehrlichia or Anaplasma infection as well as for clinicians who work with those infected by these organisms Buhner details effective natural holistic methods centered on herbs and supplements such as Ashwaganda and Chinese Skullcap and reveals how to treat specific symptoms interrupt the cytokine cascades reduce inflammation and bring the immune system back into balance He explains how these natural methods not only complement conventional Lyme disease treatments involving antibiotics and other pharmaceuticals but also provide relief when other forms of treatment have failed
