Amanda The Austen Series Book 5:

Jane Austen For Beginners Robert Dryden, 2025-09-12 Jane Austen's novels are classics. They have never been out of print and have continuously been turned into countless movies and TV series yet her works still remain largely misunderstood. On their surface Austen's novels all involve characters from provincial communities in rural England far removed geographically and thematically from greater social movements: war, industry, colonization, and imperialism. This impression could not be further from the truth. Jane Austen For Beginners explores the intentions behind Austen's work. Her examination of money and power, of the marriage market, of social class, and of the rending of the British social fabric of her day are among her many concerns. Jane Austen For Beginners will foster a deeper appreciation and understanding of Austen's greatest stories and most memorable characters.

Unable to find a clear motive for the deaths, she feels like she's chasing her tail. With no obvious connection between the victims, Sam soon suspects that she may be the ultimate prize in the killer's clever game. When the danger starts to hit a little too close to home, she has two goals: find the elusive murderer and manage to live long enough to enjoy her happily ever after.
