hundreds of PowerPoint slides that reinforce the text's key points in the presentation package and the web resource includes 26 videos of the new Brockport Physical Fitness Test in action as well as several reproducibles from the book DEEPENED UNDERSTANDING. The authors, renowned authorities in their fields, use real life scenarios to introduce chapter concepts and then show how to apply the concepts in solving issues. The text will help deepen understanding of the implications of disabilities for people through age 21 though much of the book is relevant in the entire life span. It grounds readers in the foundational topics for adapted physical education and sport, explores the developmental considerations involved, and outlines activities for developing programs for people with unique physical education needs. The book offers a four color design to draw attention to important elements and provides separate author and subject indexes as well as resources with each chapter and on the web resource for further exploration. Adapted Physical Education and Sport supplies all that is needed for enriching the lives of students with disabilities by providing them with the high quality programs they deserve. The Game-Centred Approach to Sport Literacy Sixto González-Víllora, Javier Fernandez-Rio, Eva Guijarro, Manuel Jacob Sierra-Díaz, 2020-10-22. The Game Centred Approach (GCA) is the ideal framework for coaches and teachers to develop comprehensive tactical or technical lessons for any game both in physical education and in extracurricular sport contexts. Learning about the pedagogical models included in this approach has never been easier thanks to this short introductory guide. The book helps the reader acquire the skills needed to design effective session plans regardless of the sport that is being taught or coached. It introduces the core concepts underpinning the GCA model complemented by practical examples of tasks and strategies for each game category and assessment instrument. This is essential reading for all educators, coaches or sports professionals who wish to improve their teaching or coaching to enhance their students and players' physical literacy and sport competence. It is also invaluable reading for any student or researcher working in physical education, sport coaching or sport pedagogy. **Measurement and Evaluation in Human Performance** James R.
