Moore, 2022-06-15 Zimbabwe's party internal coup of 2017 and deposed president Robert Mugabe's death nearly two years later demand careful historically nuanced explanation How did Mugabe gain and retain power over party and state for four decades Did the suspected and nearly real coups the conspiracies behind them and their concurrent mythomaniacal conceits ultimately ironically spell his near tragic end Has Mugabe's particular mode of power reached a finality with his own downfall as his successors struggle more to balance Zimbabwe's political contradictions Will the phalanxes arrayed against Mugabe's control fray further as Zimbabwe fades Mugabe's Legacy delves deeply into such questions drawing on more than forty years of archival and interview based research on Zimbabwe's political history and current precariousness Starting with the mid 1970s it traces how Machiavellian moves allowed Mugabe to reach the apex of the Zimbabwe African National Union's already slippery slopes through the complexities of Cold War regional ideological generational inter and intra party tensions The lessons learned by the president and the nascent ruling party then turned gradually inward ultimately arriving at a near collapse that may now pervade all of the country's political space David B Moore vividly charts this rise and fall all the way to Zimbabwe's tenuous chaos today **The Palgrave Handbook of Violence in Africa** Obert Bernard Mlambo, Ezra Chitando, 2024-05-06 This handbook brings together global research on violence in Africa from academics practitioners and activists across a multitude of subjects It seeks to create the widest possible space for debate discussion and analysis of the broad range of issues and problems of violence It transcends disciplinary and geographic borders in order to create new ground in this space The chapters in this handbook cover diverse themes such as the topography of violence technologies of violence terrorism civil war and insurgent violence child soldiers and violence epistemic violence structural violence violence and memory violence and the law cultural mechanisms for creating sustaining resisting and mitigating violence political violence violence in moments of religious social and geo political transformation gender and violence violence against nature and violence and social media It centralises new meanings understandings and fresh ideas to the concept of violence broadening its scope and contributing to the debates that will shape Africa's common future It shines a light on key elements of African culture and the cultural mechanisms for creating sustaining resisting and mitigating violence in Africa It strives to be relevant to the needs and concerns of African societies by suggesting practical solutions for overcoming violence This book ties in with development initiatives in Africa such as Agenda 2063 for the Africa We Want and the 2030 United Nations Sustainable Development Goals SDGs *Building Climate Resilience through Virtual Water and Nexus Thinking in the Southern African Development Community* Anna

African

Dept., 2016-05-04 This paper discusses recent developments outlook and risks related to the economy of Zimbabwe Zimbabwe s economic difficulties have deepened GDP growth slowed significantly to 1.1 percent in 2015 mainly because of the impact of adverse weather conditions on agricultural output and power generation The current account balance improved in 2015 because of lower prices for oil imports subdued economic activity and fiscal consolidation efforts Fiscal performance in 2015 was better than programmed despite the adverse macroeconomic environment Despite spending pressures to mitigate the impact of the drought the authorities remain committed to fiscal discipline they target a primary cash deficit of 0.2 percent of GDP for 2016 Minerals Yearbook, 2014 **From African Peer Review Mechanisms to African Queer**

**Review Mechanisms?** Nhemachena, Artwell, Warikandwa, Tapiwa Victor, 2019-04-22 Tracing recent bouts of globalised Mugabephobia to Robert Mugabe s refusal to be neoimperially penetrated this book juxtaposes economic liberalisation with the mounting liberalisation of African orifices Reading land repossession and economic structural adjustment programmes together with what they call neoimperial structural adjustment of African orifices the authors argue that there has been liberalisation of African orifices in a context where Africans are ironically prevented from repossessing their material resources Juxtaposing recent bouts of Mugabephobia with discourses on homophobia the book asks why empire prefers liberalising African orifices rather than attending to African demands for restitution restoration and reparations Noting that empire opposes African sovereignty autonomy and centralisation of power while paradoxically promoting transnational corporations centralisation of power over African economies the book challenges contemporary discourses about shared sovereignty distributed governance heterarchy heteronomy and ontology Arguing that colonialists similarly denied Africans of their human essence the tome problematises queer sexualities homosexuality ecosexuality cybersexuality and humanoid robotic sexuality all of which complicate supposedly fundamental distinctions between human beings and animals and

machines Provocatively questioning queer sexuality and liberalised orifices that serve to divert African attention from the more serious unfinished business of repossessing material resources the book insightfully compares Robert Gabriel Mugabe Thomas Sankara and Julius Kambarage Nyerere who emphasised the imperatives of African autonomy ownership control and sovereignty over natural resources Observing Africans interest in repossessing ownership and control over their resources the book wonders why so much queer international attention is focused on foisting queer sexuality while downplaying more burning issues of resource repossession human dignity equality and equity craved by Africans for whom life is not confined to sexuality With insights for scholars in sociology development studies law politics African studies anthropology transformation decolonisation and decoloniality the book argues that liberal democracy is a fa ade in a world that is actually ruled through criminocracy

**The Rhodesian Air Force in Zimbabwe's War of Liberation, 1966-1980** Darlington Mutanda, 2016-11-22 This book evaluates the development of the Rhodesian Air Force during the Second Chimurenga or Bush War 1966-1980 Airpower in irregular conflict is effective at the tactical level because guerrilla warfare is not a purely military conflict The Rhodesian Air Force was deployed in a war winning versus a supporting role as a result of the shortage of manpower to deal with insurgency and almost all units of the Rhodesian Security Forces depended on its tactical effectiveness Technical challenges faced by the Air Force combined with the rate of guerrilla infiltration and the misuse of airpower to bomb guerrilla bases in neighboring countries largely negated the success of airpower
