American Jew Writer Confronts Identity:

Jewish Writers of Latin America Darrell B. Lockhart, 2013-08-21 Jewish writing has only recently begun to be recognized as a major cultural phenomenon in Latin American literature Nevertheless the majority of students and even Latin American literary specialists remain uninformed about this significant body of writing This Dictionary is the first comprehensive bibliographical and critical source book on Latin American Jewish literature It represents the research efforts of 50 scholars from the United States Latin America and Israel who are dedicated to the advancement of Latin American Jewish studies An introduction by the editor is followed by entries on 118 authors that provide both biographical information and a critical summary of works Argentina Brazil and Mexico home to the largest Jewish communities in Latin America are the countries with the greatest representation but there are essays on writers from Venezuela Chile Uruguay Peru Colombia Costa Rica and Cuba

The Curious Death of the Novel Louis D. Rubin, Jr., 1999-03-01 One of the country's more perceptive younger critics Louis Rubin is well known for his commentaries on the literature of the South These essays selected from his critical works over a period of more than a dozen years reflect his wider concern with the whole spectrum of American literature In the title essay Rubin treats tired literary critics and the often heard pronouncement that the novel is dead He argues that the response of novelists to our difficult and demanding times will doubtless be what the response of writers to difficult and demanding times always has been namely difficult and demanding works of literature Another essay The Experience Difference Southerners and Jews is a perceptive examination of the parallels in different factors and cultural experiences which brought Southern and Jewish writers to prominence Rubin explores the potential pitfalls for Southern writers today in an essay called Getting Out From Under William Faulkner Edgar Allan Poe's position in American literary history and H L Mencken's role as a literary critic and an artist of destruction who cleared the way and created an audience for the major American writers of the twenties are dealt with in other essays The collection includes imaginative studies of Henry James Mark Twain Edmund Wilson and Karl Shapiro Several Southern writers including Faulkner Ellen Glasgow Robert Penn Warren Flannery O'Connor and James Branch Cabell also come under Rubin's scrutiny

Sociology Confronts the Holocaust Judith M. Gerson, Diane L. Wolf, 2007-07-11 There is an enormous amount of scholarship on the Holocaust and there is a large body of English language sociological research Oddly there is not much overlap between the two fields This text covers both fields

Ideology and Jewish Identity in Israeli and American Literature Emily Miller Budick, 2012-02-01 By

creating a dialogue between Israeli and American Jewish authors scholars and intellectuals this book examines how these two literatures which traditionally do not address one another directly nevertheless share some commonalities and affinities The disinclination of Israeli and American Jewish fictional narratives to gravitate toward one another tells us much about the processes of Jewish self definition as expressed in literary texts over the last fifty years Through essays by prominent Israeli Americanists American Hebraists Israeli critics of Hebrew writing and American specialists in the field of Jewish writing the book shows how modern Jewish culture rewrites the Jewish tradition across quite different ideological imperatives such as Zionist metanarrative the urge of Jewish immigrants to find Israel in America and socialism The contributors also explore how that narrative turn away from religious tradition to secular identity has both enriched and impoverished Jewish modernity

Israel Through the Jewish-American Imagination Andrew Furman, 2012-02-01 CHOICE 1997 Outstanding Academic Books Analyzing a wide array of Jewish American fiction on Israel Andrew Furman explores the evolving relationship between the Israeli and American Jew He devotes individual chapters to eight Jewish American writers who have imagined Israel substantially in one or more of their works In doing so he gauges the impact of the Jewish state in forging the identity of the American Jewish community and the vision of the Jewish American writer Furman devotes individual chapters to Meyer Levin Leon Uris Saul Bellow Hugh Nissenson Chaim Potok Philip Roth Anne Roiphe and Tova Reich To chart the evolution of the Jewish American relationship with Israel from pre statehood until the present he considers works from 1928 to 1995 examining them in their historical and political contexts The writers Furman examines address the central issues which have linked and divided the American and Israeli Jewish communities the role of Israel as both safe haven and spiritual core for Jews everywhere pitted against its secularism militarism and entrenched sexism While the writers Furman examines depict contrasting images of the Middle East the very persistence of Israel in occupying that imagination reveals above all how prominent a role Israel played and continues to play in shaping the Jewish American identity

Humanity at the Limit Michael Alan Signer, 2000 Five decades after the end of World War II issues relating to the history and meaning of the Holocaust far from fading from social consciousness have if anything intensified New generations probe the past and its implications for understanding human behavior As fresh information about the particularities of the Holocaust comes to light we know more and more about how these events happened but the deeper question of why remains unanswered In this compelling volume Jewish and Christian thinkers from Israel Germany and Eastern Europe as well as the United States and Canada among them scholars from the fields of history theology ethics genetics the arts and literature confront the legacy of the Holocaust and its continuing impact from the perspectives of their disciplines The issue of religion is central as the Vatican's 1998 statement We Remember Reflections on the Shoah prompts Jewish and Christian contributors to address issues of responsibility evil and justice within their concrete historical and social settings The essays in this important interfaith international and interdisciplinary volume will leave readers pondering the unavoidable question what in view of

Key Texts in American Jewish Culture Jack Kugelmass, 2003 *Key Texts in American Jewish Culture* expands the frame of reference used by students of culture and history both by widening the canon of Jewish texts and by providing a way to extrapolate new meanings from well known sources Contributors come from a variety of disciplines including American studies anthropology comparative literature history music religious studies and women's studies Each provides an analysis of a specific text in art music television literature homily liturgy or history Some of the works discussed such as Philip Roth's novel *Counterlife* the musical *Fiddler on the Roof* and Irving Howe's *World of Our Fathers* are already widely acknowledged components of the American Jewish studies canon Others such as *Bridget Loves Bernie* infamous for the hostile reception it received among American Jews may be considered key texts because of the controversy they provoked Still others such as Joshua Liebman's *Piece of Mind* and the radio and TV sitcom *The Goldbergs* demonstrate the extent to which American Jewish culture and mainstream American culture intermingle with and borrow from each other

to Jewish Americans Whether by incorporating other writers into fictional work as characters interviewing them publishing critical essays about them or invoking them in paratext or publicity writers use a variety of methods to forge public personas craft their own identities as artists and infuse their art with meaningful cultural associations Hadar s analysis deepens our understanding of Jewish American and Israeli literature positioning them in decentered relation with one another as well as with European writing The result is a thought provoking challenge to the concept of homeland that recasts each of these literary traditions as diasporic and questions the oft assumed centrality of Hebrew and Yiddish to global Jewish literature In the process Hadar offers an approach to studying authorial identity building relevant beyond the field of Jewish literature

American Literary Regionalism in a Global Age Philip Joseph, 2007-01-01 In this distinctive book Philip Joseph considers how regional literature can remain relevant in a modern global community Why he asks should we continue to read regionalist fiction in an age of expanding international communications and increasing nonlocal forms of affiliation With this question as a guide Joseph places the regionalist tradition of the late nineteenth and early twentieth centuries at the center of a contemporary conversation about community Part of the challenge Joseph shows is to distinguish between versions of regionalism that speak nostalgically to modern readers and those that might enter actively into a more progressive collective dialogue Examining the works of well known writers including Hamlin Garland Abraham Cahan Willa Cather Zora Neale Hurston and William Faulkner Joseph argues that these regionalist authors share a vision of local communities in open discourse with the external world capable of shaping public thought and policy and also of benefiting from the knowledge and experiences of outsiders Their fiction depicts a range of localities from Jewish American neighborhoods and midwest farming communities to southern African American towns and southwestern mixed race parishes Their characters are often associated with the literary artistic process a method stressing open ended critique that unlike journalistic philosophical or legal processes ensures open dialogue Joseph takes his argument beyond the boundaries of literary scholarship by engaging with art critics such as Lucy Lippard distance learning opponents such as David Noble and civil society proponents such as Robert Putnam and Michael Sandel Like civil society advocates today regionalist writers used the idea of community as a

discursive topos and explored how values including home and neighborhood were reconciled with such democratic ideals as individual self determination and collective empowerment
