Literature for Young Adults Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters Literature for Young Adults includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book s discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and

others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading

Was the Cat in the Hat

Black? Philip Nel,2017-07-10 Racism is resilient duplicitous and endlessly adaptable so it is no surprise that America is again in a period of civil rights activism A significant reason racism endures is because it is structural it's embedded in culture and in institutions One of the places that racism hides and thus perhaps the best place to oppose it is books for young people Was the Cat in the Hat Black presents five serious critiques of the history and current state of children's literature tempestuous relationship with both implicit and explicit forms of racism The book fearlessly examines topics both vivid such as The Cat in the Hat's roots in blackface minstrelsy and more opaque like how the children's book industry can perpetuate structural racism via whitewashed covers even while making efforts to increase diversity Rooted in research yet written with a lively crackling touch Nel delves into years of literary criticism and recent sociological data in order to show a better way forward Though much of what is proposed here could be endlessly argued the knowledge that what we learn in childhood imparts both subtle and explicit lessons about whose lives matter is not debatable The text concludes with a short and stark proposal of actions everyone reader author publisher scholar citizen can take to fight the biases and prejudices that infect children's literature While Was the Cat in the Hat Black does not assume it has all the answers to such a deeply systemic problem its audacity should stimulate discussion and activism

Cyborg Saints Carissa Smith,2019-09-02 Saints are currently undergoing a resurrection in middle grade and young adult fiction as recent prominent novels by Socorro Aciole Julie Berry Adam Gidwitz Rachel Hartman Merrie Haskell Gene Luen Yang and others demonstrate Cyborg Saints Religion and Posthumanism in Middle Grade and Young Adult Fiction makes the radical claim that these holy medieval figures are actually the new cyborgs in that they dethrone the autonomous subject of humanist modernity While young people navigate political and personal forces as well as technologies that threaten to fragment and thingify them saints show that agency is still possible outside of the humanist construct of subjectivity The saints of these neomedievalist novels through living a life vulnerable to the other attain a distributed agency that accomplishes miracles through bodies and places and things relics

icons pilgrimage sites and ultimately the hagiographic text and its reader spread across time Cyborg Saints analyzes MG and YA fiction through the triple lens of posthumanism neomedievalism and postsecularism Cyborg Saints charts new ground in joining religion and posthumanism to represent the creativity and diversity of young people s fiction The Graces Laure Eve,2016-08-30 Picked for BBC Radio 2 s Book Club Everyone said the Graces were witches They moved through the corridors like sleek fish ripples in their wake Stares followed their backs and their hair They had friends but they were just distractions They were waiting for someone different All I had to do was show them that person was me Like everyone else in her town River is obsessed with the Graces attracted by their glamour and apparent ability to weave magic But are they really what they seem And are they more dangerous than they let on This beautifully written thriller will grip you from its very first page

Spirituality in Young Adult Literature Patty Campbell,2015-06-24 In a time when almost any gritty topic can be featured in a young adult novel there is one subject that is avoided by writers and publishers Faith and belief in God seldom appear in traditional form in novels for teens The lack of such ideas in mainstream adolescent literature can be interpreted by teens to mean that these matters are not important Yet a significant part of growing up is struggling with issues of spirituality The underlying problem of course is that there are so few writers who are willing to talk to teenagers about God even indirectly or who themselves have the religious literacy for the task Spirituality in Young Adult Literature The Last Taboo tackles a subject rarely portrayed in fiction aimed at teens In this volume Patty Campbell examines not only realistic fiction but young adult literature that deals with mysticism apocalyptic end times and even YA novels that depict the Divine Encounter Campbell maintains that fantasy works are inherently spiritual because the plots nearly always progress toward a showdown between good and evil As such the author surmises that the popularity of fantasy among teens

may represent their interest in the mystical dimensions of faith and the otherworldly In this study Campbell examines works of fiction that express perspectives from Christianity Judaism Islam Buddhism Hinduism and Sikhism Distinguished YA novelist Chris Crowe provides a chapter on Mormon values and Mormon YA authors and how their novels integrate those values into their books By looking at how spirituality is represented in novels aimed at teens this book asks what progress if any has been made in slaying the taboo Although most of the books discussed in this study are recent an appendix lists YA books from 1967 to the present that have dealt with issues of faith A timely look at an important subject Spirituality in Young Adult Literature will be of interest to young adult librarians junior and senior high school teachers and students and instructors of college courses in adolescent literature as well as to parents of teens

PRICELESS THOUGHTS ON KNOWLEDGE FOLORUNSHO MEJABI, 2016-01-10 The range of human knowledge today is so great that we're all specialists and the distance between specializations has become so great that anyone who seeks to wander freely between them almost has to forego closeness with the people around him Mankind have a great aversion to intellectual labour but even supposing knowledge to be easily attainable more people would be content to be ignorant than would take even a little trouble to acquire it Samuel Johnson In the word of John Quincy Adams To furnish the means of acquiring knowledge is the greatest benefit that can be conferred upon mankind It prolongs life itself and enlarges the sphere of existence Only a blind man can easily define what light is When you do not know you are bold Ignorance is always bold knowledge hesitates And the more you know the more you feel that the ground underneath is dissolving The more you know the more you feel how ignorant you are Enjoy the compiled **PRICE THOUGHTS ON KNOWLEDGE** by great men
