The principal thematic significance of Odysseus's identifying himself to Polyphemus as Nobody   Ans- odysseus goes to troy a decent man but becomes corrupted by war, so he loses the rights to his own name because he's a changed man. he has to regain the rights to his name through his journey home and since he meets polyphemus in the beginning, he hasn't yet done this. Also, his family and friends at home in Ithaca all believe that he is dead and so to them he's also Nobody

So Odysseus is choosing life and to value it by turning down Calypso; he's choosing a life that's more honorable than a god's.

T/F: When Polyphemus first encounters Odysseus and his men, he asks them if they are Greeks or Trojans.   Ans- F: Polyphemus asks if they are, essentially, decent men or if they are pirates/marauders

T/F: When Odysseus first encounters the undisguised Athena, she tells him that she could never desert him permanently because she finds him sexually attractive   Ans- F: She does tell Odysseus that she could never desert him permanently but it's not due to sexual attraction (she's not attracted to any male, mortal or not). She instead says it's because she sees in him certain things about herself; they're both quick-witted and cagey.

**Prosperity for All** Matthew Hilton,2011-05-02 The history of consumerism is about much more than just shopping Ever since the eighteenth century citizen consumers have protested against the abuses of the market by boycotting products and promoting fair instead of free trade In recent decades consumer activism has responded to the challenges of affluence by helping to guide consumers through an increasingly

complex and alien marketplace In doing so it has challenged the very meaning of consumer society and tackled some of the key economic social and political issues associated with the era of globalization In Prosperity for All the first international history of consumer activism Matthew Hilton shows that modern consumer advocacy reached the peak of its influence in the decades after World War II Growing out of the product testing activities of Consumer Reports and its international counterparts including Which in the United Kingdom Que Choisir in France and Test in Germany consumerism evolved into a truly global social movement Consumer unions NGOs and individual activists like Ralph Nader emerged in countries around the world including developing countries in Southeast Asia and Latin America concerned with creating a more equitable marketplace and articulating a politics of consumption that addressed the needs of both individuals and society as a whole Consumer activists achieved many victories from making cars safer to highlighting the dangers of using baby formula instead of breast milk in countries with no access to clean water The 1980s saw a reversal in the consumer movement s fortunes thanks in large part to the rise of an antiregulatory agenda both in the United States and internationally In the process the definition of consumerism changed focusing more on choice than on access As Hilton shows this change reflects more broadly on the dilemmas we all face as consumers Do we want more stuff and more prosperity for ourselves or do we want others less fortunate to be able to enjoy the same opportunities and standard of living that we do Prosperity for All makes clear that by abandoning a more idealistic vision for consumer society we reduce consumers to little more than shoppers and we deny the vast majority of the world s population the fruits of affluence *Books and Pamphlets, Including Serials and Contributions to Periodicals* Library of Congress.
