Compendium of Management Case Studies Kirupa Priyadarsini M, Sakthirama V, 2022-02-25. A case study is an important pedagogical tool, not only to facilitate classroom teaching but also a research tool used widely in academia and industry. Every workplace situation calls for decision-making and managerial skill. While some situations are more complex and far-reaching than others, all decisions are equally important for the businesses in the overall landscape. On one hand, strategic decisions call for sharp business acumen and experience; on the other hand, operational decisions call for tact and eye for detail. Businesses employ unique solutions to solve their problems, which is often recorded as a case study. These case studies are an effective tool to enhance learning. It stimulates the students to integrate classroom learning with

application orientation to solve real live problems The growth in case writers coupled with availability of good cases has made industry and academia to embrace case methods An initiative to support and encourage build indigenous case studies this book is a compilation of the cases presented at the Management Case Conference organised by PSG Institute of Management in 2021
