 Owner s Workshop Manual covering Pre War BSA Single and Twin Cylinder SV and OHV Motorcycles This is a faithful
 reproduction of the Floyd Clymer W C Haycraft Book Of The BSA originally published in the US in 1947 Much more detailed
 than the owner s handbook this manual includes complete technical data service and maintenance information and detailed
 instructions for the repair and overhaul of the major mechanical and electrical components for the majority of the pre war
 BSA single and twin cylinder motorcycles However as this manual was written specifically for the motorcycles constructed
 between 1936 through 1939 the information may not be quite as comprehensive for the earlier versions of these models
 There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete
 mechanical renovation making it an invaluable resource for collectors and restorers of these classic BSA motorcycles OHV
