Closs, 2020-05-06 While Rome Burned attends to the intersection of fire city and emperor in ancient Rome tracing the critical role that urban conflagration played as both reality and metaphor in the politics and literature of the early imperial period Urban fires presented a consistent problem for emperors from Augustus to Hadrian especially given the expectation that the princeps be both a protector and provider for Rome's population The problem manifested itself differently for each leader and each sought to address it in distinctive ways This history can be traced most precisely in Roman literature as authors addressed successive moments of political crisis through dialectical engagement with prior incendiary catastrophes in Rome's historical past and cultural repertoire Working in the increasingly repressive environment of the early principate Roman authors frequently employed figured speech and mythopoetic narratives to address politically risky topics In response to shifting political and social realities the literature of the early imperial period reimagines and reanimates not just historical fires but also archetypal and mythic representations of conflagration Throughout the author engages critically with the growing subfield of disaster studies as well as with theoretical approaches to language allusion and cultural memory *Publishers Trade List* R R Bowker Publishing, 2001 **A Vergil Workbook (first edition out of print)** Katherine Bradley, Barbara Weiden Boyd, 2005-09-01 The Latin text of Vergil's Aeneid that is required reading for the AP Latin Literature Exam is contained in this workbook The exercises in the workbook give students practice with all aspects of the AP Vergil syllabus content translation meter grammar syntax vocabulary figures of speech and literary analysis In addition the format of the
