Chad E. Seales

America Religions And Religion 5th Edition:

America, Religions, and Religion Catherine L. Albanese, 1999 Since its first publication in 1981 AMERICA RELIGIONS AND RELIGION has become the standard introduction to the study of American religious traditions Written by one of the foremost scholars in the field of American religions this textbook has introduced thousands of students to the rich religious diversity that has always been a hallmark of the American religious experience Beginning with native American religious traditions and following the course of America s religious history up to the present day this text gives students the benefit of the author s extensive influential scholarship in a clear manner that has proven to be readily accessible for today s undergraduates This long awaited new edition explores a variety recent events and developments including increasing religious pluralism the growth of postpluralism and the culture of religious combinations recent religious change among Native Americans renewed interest in the Kabbalah among Jews and others present day concerns in Catholicism and among Protestants the Christian Right new spirituality religion and sexuality *The Religious Landscape of the United States* ,

Religion in America: The Basics Michael Pasquier, 2023-03-29 Religion in America The Basics is a concise introduction to the historical development of religions in the United States It is an invitation to explore the complex tapestry of religious beliefs and practices that shaped life in North America from the colonial encounters of the fifteenth century to the culture wars of the twenty first century Far from a people unified around a common understanding of Christianity Religion in America The Basics tracks the steady diversification of the American religious landscape and the many religious conflicts that have changed American society At the same time it explores how Americans from a variety of religious backgrounds worked together to face the challenges of racism poverty war and other social concerns This thoroughly revised second edition now covers the Obama and Trump administrations Black Lives Matter Christian nationalism pluralism and the development of the nones and the unaffiliated With each chapter featuring concise summaries and suggested further readings this book is an invaluable resource for students approaching the history of religion in America for the first time The Cambridge

Companion to American Protestantism Jason E. Vickers, Jennifer Woodruff Tait, 2022-05-26 A comprehensive guide from both chronological and a topical perspective to a broad diverse deeply rooted and influential religious tradition **The Business**

Turn in American Religious History Amanda Porterfield, Darren E. Grem, John Corrigan, 2017 Business has received little attention in American religious history although it has profound implications for understanding the sustained popularity and ongoing transformation of religion in the United States This volume offers a wide ranging exploration of the business aspects of American religious organizations The authors analyze the financing production marketing and distribution of religious goods and services and the role of wealth and economic organization in sustaining and even shaping worship charity philanthropy institutional growth and missionary work Treating religion and business holistically their essays show that American religious life has always been informed by business practices Laying the groundwork for further investigation the

authors show how American business has functioned as a domain for achieving religious goals. Indeed they find that religion has historically been more powerful when interwoven with business. Chapters on Mormon enterprise, Jewish philanthropy, Hindu gurus, Native American casinos, and the wedding of business wealth to conservative Catholic social teaching demonstrate the range of new studies stimulated by the business turn in American religious history. Other chapters show how evangelicals joined neo liberal economic practice and right wing politics to religious fundamentalism to consolidate wealth and power and how they developed marketing campaigns and organizational strategies that transformed the American religious landscape. Included are essays exposing the moral compromises religious organizations have made to succeed as centers of wealth and influence and the religious beliefs that rationalize and justify these compromises. Still others examine the application of business practices as a means of sustaining religious institutions and expanding their reach and look at controversies over business practices within religious organizations and the adjustments such organizations have made in response. Together the essays collected here offer new ways of conceptualizing the interdependence of religion and business in the United States, establishing multiple paths for further study of their intertwined historical development.

American Religious History Amanda Porterfield, 2008-04-15 In this outstanding historical reader the editor has gathered nine essays and over thirty primary documents to present a coherent picture of the history of American religion.

American Religious Leaders Timothy L. Hall, 2014-05-14 Profiles the lives and achievements of more than 270 spiritual leaders arranged alphabetically who made major contributions to the history of American religious life.

A History of Christianity in America Mark A. Granquist, 2025-03-11 The story of Christianity in America is a fascinating one marked by constant change, development, and innovation. The faith has shaped the country even as the country has shaped it. Award winning historian Mark Granquist has written an up to date telling of this story from the arrival of Europeans to the present day. While the twists and turns are complex, varied, and at times confusing, Granquist has identified several consistent threads that weave their way through the various branches and periods of American Christianity: voluntary religion, pluralism, and an innovative religious marketplace. The account is comprehensive without being overwhelming. And it is presented in a clear and compelling narrative sure to capture and hold readers' interest. This book is therefore ideal for use in semester long classes in undergraduate or graduate programs and appealing for general readers. The main text is accompanied by illustrative elements including sidebars, images, maps, and timelines.

The Production of American Religious Freedom Finbarr Curtis, 2016-08-02 You and you and you Charles Grandison Finney and democracy I'm not myself to night I owe money Louisa May Alcott and salvation Sentiment rules the world William Jennings Bryan and populism The helpless white minority D W Griffith and violence The fundamental faith of every true American Al Smith and loyalty Do you hate me Malcolm X and the truth Science in a little box intelligent design and secularity The most sacred of all property corporations and persons You and you and you

America's Pastor Grant Wacker, 2014-11-07 Examines the life of Billy Graham and how he impacted

American culture by successfully tapping into broader cultural trends *Secularists, Religion and Government in Nineteenth-Century America* Timothy Verhoeven, 2018-12-19 This book shows how through a series of fierce battles over Sabbath laws legislative chaplains Bible reading in public schools and other flashpoints nineteenth century secularists mounted a powerful case for a separation of religion and government Among their diverse ranks were religious skeptics liberal Protestants members of minority faiths labor reformers and defenders of slavery Drawing on popular petitions to Congress a neglected historical source the book explores how this secularist mobilization gathered energy at the grassroots level The nineteenth century is usually seen as the golden age of an informal Protestant establishment Timothy Verhoeven demonstrates that far from being crushed by an evangelical juggernaut secularists harnessed a range of cultural forces the legacy of the Revolutionary founders hostility to Catholicism a belief in national exceptionalism and more to argue that the United States was not a Christian nation branding their opponents as fanatics who threatened both democratic liberties as well as true religion *The Routledge Handbook of Religion and American Culture* Chad E. Seales, 2025-03-31 The

Routledge Handbook of Religion and American Culture explains where religion is made in the United States It offers essays profiling cultural sites including energy industry public life music arts and entertainment and life and death These sites organize the volume s 31 chapters demonstrating how cultural religion has been constructed and performed in specific historical and ethnographic case studies This volume offers a much needed resource for Religious Studies scholars and students interested in the study of religion and culture in the United States as well as those in American Studies

Anthropology of Religion Sociology of Religion Material Culture Studies Environmental Studies and History **Vernacular Religion** Deborah Dash Moore, 2022-12-06 Finalist Award for Excellence in the Study of Religion Analytical Descriptive Studies given by the American Academy of Religion A comprehensive collection of the pioneering work of Leonard Norman Primiano one of the preeminent scholars in religious studies In 1995 Leonard Norman Primiano introduced the idea of vernacular religion He coined this term to overcome the denigration implied in the concept of folk religion or popular religion which was juxtaposed to elite religion This two tiered model suggested that religion existed somewhere in a pure form and that the folk version transforms it Instead Primiano urged scholars to adopt an inductive approach to the study of religion and to pay attention to experiential aspects of belief systems ultimately redressing a heritage of scholarly misinterpretation Here for the first time Leonard Norman Primiano s pioneering works have been collected into one volume providing a foundational look at one of the preeminent scholars of twentieth century religious studies Vernacular Religion makes visible the dimensions of vernacular religion in North America exemplifying the richness of its ability to explain key facets of American society including especially thorny issues around race and sexuality The volume also demonstrates a method of abiding engagement the creation of ongoing relationships with those who are studied and how the relationship between scholars and the communities they study inform an ethics of critical commitment what Primiano calls an ethnography of

collaboration and reciprocity This posthumous collection edited by Deborah Dash Moore brings together key studies in vernacular religion that explore its expression among such varied groups as Catholics LGBTQ Christians and the followers of Father Divine Vernacular Religion models empathetic ethnographic engagement that embraces American religion in all its rich diversity illuminating Primiano's enduring legacy

America's Religions Peter W. Williams, 1990 In a review in the *Journal of Religion* the famed Martin Marty characterized Peter Williams as a productive wonder and America's Religions Traditions and Cultures as a rich resource for readers who would like a state of the art comment on the abundant religious phenomena which surround them Writing in Religion and American Culture Stephen J Stein said the book is not a story of religion in isolation from the rest of American life but a work that has as a major emphasis the theme of Americanization of the symbiotic relationship between religions and cultures Williams's book widely considered the best of its kind is a comprehensive introduction to the religious history of the United States and the traditions out of which it arose from colonial times through the late twentieth century Now including an updated bibliography it presents descriptions of major religious traditions and introduces distinctive American innovations Included are not only Christianity Judaism and Islam but African American Native American and Asian American traditions The peace churches liberal churches and Mormonism also are discussed

The Oxford Handbook of Religion and the American News Media Diane Winston, 2012-09-06 Whether the issue is the rise of religiously inspired terrorism the importance of faith based NGOs in global relief and development or campaigning for evangelical voters in the U S religion proliferates in our newspapers and magazines on our radios and televisions on our computer screens and increasingly on our mobile devices Americans who assumed society was becoming more and more secular have been surprised by religion's rising visibility and central role in current events Yet this is hardly new the history of American journalism has deep religious roots and religion has long been part of the news mix Providing a wide ranging examination of how religion interacts with the news by applying the insights of history sociology and cultural studies to an analysis of media faith and the points at which they meet The Oxford Handbook of Religion and the American News Media is the go to volume for both secular and religious journalists and journalism educators scholars in media studies journalism studies religious studies and American studies Divided into five sections this handbook explores the historical relationship between religion and journalism in the USA how religion is covered in different media how different religions are reported on the main narratives of religion coverage and the religious press Publisher's website

American Aurora Timothy Grieve-Carlson, 2024 American Aurora explores the impact of climate change on early modern radical religious groups during the height of the Little Ice Age in the seventeenth century Focusing on the life and legacy of Johannes Kelpius 1667-1707 an enormously influential but comprehensively misunderstood theologian who settled outside of Philadelphia from 1604 to 1707 Timothy Grieve Carlson explores the Hermetic and alchemical dimensions of Kelpius's Christianity before turning to his legacy in American religion and literature This engaging analysis showcases Kelpius's forgotten theological

intricacies spiritual revelations and cosmic observations illuminating the complexity and foresight of an important colonial mystic As radical Protestants during Kelpius s lifetime struggled to understand their changing climate and a seemingly eschatological cosmos esoteric texts became crucial sources of meaning Grieve Carlson presents original translations of Kelpius s university writings which have never been published in English along with analyses and translations of other important sources from the period in German and Latin Ultimately American Aurora points toward a time and place when climate change caused an eruption of esoteric thought and practice and how this moment has been largely forgotten

Religious Pluralism Giuseppe Giordan, Enzo Pace, 2014-07-08 This volume illustrates both theoretically and empirically the differences between religious diversity and religious pluralism It highlights how the factual situation of cultural and religious diversity may lead to individual social and political choices of organized and recognized pluralism In the process both individual and collective identities are redefined incessantly moving along the continuum that ranges from exclusion to inclusion The book starts by first detailing general issues related to religious pluralism It makes the case for keeping the empirical the normative the regulatory and the interactive dimensions of religious pluralism analytically distinct while recognizing that in practice they often overlap It also underlines the importance of seeking connections between religious pluralism and other pluralisms Next the book explores how religious diversity can operate to contribute to legal pluralism and examines the different types of church state relations eradication monopoly oligopoly and pluralism The second half of the book features case studies that provide a more specific look at the general issues from ways to map and assess the religious diversity of a whole country to a comparison between Belgian French views of religious and philosophical diversity from religious pluralism in Italy to the shifting approach to ethnic and religious diversity in America and from a sociological and historical perspective of religious plurality in Japan to an exploration of Brazilian religions old and new The transition from religious diversity to religious pluralism is one of the most important challenges that will reshape the role of religion in contemporary society This book provides readers with insights that will help them better understand and interpret this unprecedented transition

Early Ecotheology and Joseph Sittler Panu Pihkala, 2017 When did Christians begin to address environmental questions What can be learned from these pioneering thinkers This study reveals that between 1910 and 1954 many theologians called for responsibility towards nature The focal point is the work of Joseph Sittler 1904 1987 an American Lutheran and ecumenical theologian The role of these early ecotheologians is discussed in relation to environmental history and education The findings show that ecotheology was not as strongly separated from other environmentalism as it was after the 1960s Series Studies in Religion and the Environment Studien zur Religion und Umwelt Vol 12 Subject Religious Studies Environmental Studies Ecotheology Joseph Sittler

The Encyclopedia of World Religions Robert S. Ellwood, 2008 Contains nearly 600 brief entries on the world s religious traditions **Religion, Food, and Eating in North America** Benjamin E. Zeller, Marie W. Dallam, Reid L. Neilson, Nora L Rubel, 2014-03-11 The way in

which religious people eat reflects not only their understanding of food and religious practice but also their conception of society and their place within it This anthology considers theological foodways identity foodways negotiated foodways and activist foodways in the United States Canada and the Caribbean Original essays explore the role of food and eating in defining theologies and belief structures creating personal and collective identities establishing and challenging boundaries and borders and helping to negotiate issues of community religion race and nationality Contributors consider food practices and beliefs among Christians Jews Muslims and Buddhists as well as members of new religious movements Afro Caribbean religions interfaith families and individuals who consider food itself a religion They traverse a range of geographic regions from the Southern Appalachian Mountains to North America s urban centers and span historical periods from the colonial era to the present These essays contain a variety of methodological and theoretical perspectives emphasizing the embeddedness of food and eating practices within specific religions and the embeddedness of religion within society and culture The volume makes an excellent resource for scholars hoping to add greater depth to their research and for instructors seeking a thematically rich vivid and relevant tool for the classroom
