American Gospel God The Founding Fathers And The Making Of A Nation

Jon Meacham

American Gospel God The Founding Fathers And The Making Of A Nation:

American Gospel Jon Meacham, 2007-03-20 NEW YORK TIMES BESTSELLER Pulitzer Prize winning author Jon Meacham reveals how the Founding Fathers viewed faith and how they ultimately created a nation in which belief in God is a matter of choice At a time when our country seems divided by extremism American Gospel draws on the past to offer a new perspective Meacham re creates the fascinating history of a nation grappling with religion and politics from John Winthrop's city on a hill sermon to Thomas Jefferson's Declaration of Independence from the Revolution to the Civil War from a proposed nineteenth century Christian Amendment to the Constitution to Martin Luther King Jr's call for civil rights from George Washington to Ronald Reagan Debates about religion and politics are often more divisive than illuminating Secularists point to a wall of separation between church and state while many conservatives act as though the Founding Fathers were apostles in knee britches As Meacham shows in this brisk narrative neither extreme has it right At the heart of the American experiment lies the God of what Benjamin Franklin called public religion a God who invests all human beings with inalienable rights while protecting private religion from government interference It is a great American balancing act and it has served us well Meacham has written and spoken extensively about religion and politics and he brings historical authority and a sense of hope to the issue American Gospel makes it compellingly clear that the nation's best chance of summoning what Lincoln called the better angels of our nature lies in recovering the spirit and sense of the Founding In looking back we may find the light to lead us forward Praise for American Gospel In his American Gospel Jon Meacham provides a refreshingly clear balanced and wise historical portrait of religion and American politics at exactly the moment when such fairness and understanding are much needed Anyone who doubts the relevance of history to our own time has only to read this exceptional book David McCullough author of 1776 Jon Meacham has given us an insightful and eloquent account of the spiritual foundation of the early days of the American republic It is especially instructive reading at a time when the nation is at once engaged in and deeply divided on the question of religion and its place in public life Tom Brokaw author of The Greatest Generation [The Myths That Made America](#) Heike Paul, 2014-08-15 This essential introduction to American studies examines the core foundational myths upon which the nation is based and which still determine discussions of US American identities today These myths include the myth of discovery the Pocahontas myth the myth of the Promised Land the myth of the Founding Fathers the melting pot myth the myth of the West and the myth of the self made man The chapters provide extended analyses of each of these myths using examples from popular culture literature memorial culture school books and every day life Including visual material as well as study questions this book will be of interest to any student of American studies and will foster an understanding of the United States of America as an imagined community by analyzing the foundational role of myths in the process of nation building **Mainline Christianity** Jason S Lantzer, 2023-11-21 Since the Revolutionary War Mainline Christianity has been comprised of the Seven Sisters of American Protestantism the

Congregational Church the Episcopal Church the Evangelical Lutheran Church the Presbyterian Church the United Methodist Church the American Baptist Convention and the Disciples of Christ These denominations have been the dominant cultural representatives since the nineteenth century of how and where the majority of American Christians worship Today however the Seven Sisters no longer represent most American Christians The Mainline has been shrinking while evangelical and fundamentalist churches as well as non denominational congregations and mega churches have been attracting more and more members In this comprehensive and accessible book Jason S Lantzler chronicles the rise and fall of the Seven Sisters documenting the ways in which they stopped shaping American culture and began to be shaped by it After reviewing and critiquing the standard decline narrative of the Mainline he argues for a reconceptualization of the Mainline for the twenty first century a new grouping of Seven Sisters that seeks to recognize the vibrancy of American Christianity

Christ and Culture Revisited D.A. Carson,2008-04 Using the Bible s own storyline and the categories of biblical theology Carson attempts to work out the unifying vision of all Christians More than theory however this work is designed to help Christians untangle current messy debates on living in the world

Conservative Christian Politics in Russia and the United States John Anderson,2014-09-19 This book explores the politics of conservative Christian churches and social movements in Russia and the United States focusing on their similar concerns but very different modes of political engagement Whilst secularisation continues to chip away at religious adherence and practice in Europe religion is often quite rightly seen as an influential force in the politics of the United States and more questionably as a significant influence in contemporary Russia This book looks at the broad social movement making up the US Christian Right and the profoundly hierarchical leadership of the Russian Orthodox Church as socially conservative actors and some of the ways they have engaged in contemporary politics Both are seeking to halt the perceived drift towards a more secular political order both face significant challenges in handling the consequences of secularism pluralism and liberal individualism and both believe that their nations can only be great if they remain true to their religious heritage In exploring their experience the book focuses on shared and different elements in their diagnosis of what is wrong with their societies and how this affects their policy intervention over issues such as religious and ethnic belonging sexual orientation and education Drawing on political sociological and religious studies this work will be a useful reference for students and scholars of religion and politics Russian politics and American politics

Desiring the Kingdom (Cultural Liturgies) James K. A. Smith,2009-08-01 Malls stadiums and universities are actually liturgical structures that influence and shape our thoughts and affections Humans as Augustine noted are desiring agents full of longings and passions in brief we are what we love James K A Smith focuses on the themes of liturgy and desire in *Desiring the Kingdom* the first book in what will be a three volume set on the theology of culture He redirects our yearnings to focus on the greatest good God Ultimately Smith seeks to re vision education through the process and practice of worship Students of philosophy theology worldview and culture will welcome *Desiring the Kingdom* as will those involved

in ministry and other interested readers *Catholicism and the Shaping of Nineteenth-Century America* Jon Gjerde, 2012 Offers a series of fresh perspectives on America's encounter with Catholicism in the nineteenth century While religious and immigration historians have construed this history in univocal terms Jon Gjerde bridges sectarian divides by presenting Protestants and Catholics in conversation with each other In so doing Gjerde reveals the ways in which America's encounter with Catholicism was much more than a story about American nativism Nineteenth century religious debates raised questions about the fundamental underpinnings of the American state and society the shape of the antebellum market economy gender roles in the American family and the place of slavery were only a few of the issues engaged by Protestants and Catholics in a lively and enduring dialectic While the question of the place of Catholics in America was left unresolved the very debates surrounding this question generated multiple conceptions of American pluralism and American national identity *Jesus Made in America* Stephen J. Nichols, 2010 Jesus is as American as baseball and apple pie But how this came to be is a complex story one that Stephen Nichols tells with care and ease Beginning with the Puritans he leads readers through the various cultural epochs of American history showing at each stage how American notions of Jesus were shaped by the cultural sensibilities of the *The Expanding Blaze* Jonathan Israel, 2019-11-26 A major intellectual history of the American Revolution and its influence on later revolutions in Europe and the Americas the *Expanding Blaze* is a sweeping history of how the American Revolution inspired revolutions throughout Europe and the Atlantic world in the eighteenth and nineteenth centuries Jonathan Israel one of the world's leading historians of the Enlightenment shows how the radical ideas of American founders such as Paine Jefferson Franklin Madison and Monroe set the pattern for democratic revolutions movements and constitutions in France Britain Ireland the Netherlands Belgium Poland Greece Canada Haiti Brazil and Spanish America The *Expanding Blaze* reminds us that the American Revolution was an astonishingly radical event and that it didn't end with the transformation and independence of America Rather the revolution continued to reverberate in Europe and the Americas for the next three quarters of a century This comprehensive history of the revolution's international influence traces how American efforts to implement Radical Enlightenment ideas including the destruction of the old regime and the promotion of democratic republicanism self government and liberty helped drive revolutions abroad as foreign leaders explicitly followed the American example and espoused American democratic values The first major new intellectual history of the age of democratic revolution in decades The *Expanding Blaze* returns the American Revolution to its global context *The Presidents & Their Faith* Darrin Grinder, Steve Shaw, 2012-03-21 The old adage never discuss religion and politics is roundly rejected in this incisive exploration of presidential history and religious faith The Presidents' religious instruction was the responsibility of religious societies not the civil state What drove Washington to make that argument and what if he had lost Who wouldn't feel like the exasperated FDR when he said I can do almost everything in the Goldfish Bowl of the President's life but I'll be hanged if I can say my prayers in it It bothers me to feel like something in the zoo being

looked at by all the tourists in Washington when I go to church No privacy in that kind of going to church and by the time I have gotten into that pew and settled down with everybody looking at me I don't feel like saying my prayers at all But even more importantly what's real what's a show and why does it matter when it comes to faith and politics These questions and more are unpacked and examined leading to a whole new understanding of how religion and politics interfaced through America's history and how they will play out in our future In this climate of religious and political tensions The Presidents Their Faith casts a civil yet entertaining and insightful spotlight on the unique mix and frequent mix ups of politics and religion in America

Strange Nation J. Gerald Kennedy, 2016 Examining work by William Wells Brown James Fenimore Cooper Caroline Kirkland Walt Whitman Edgar Allan Poe and others *Strange Nation* investigates America's often vexed relationship with the practice of literary nationalism

The Role of Religion in Public Policy Eamon Doyle, 2018-12-15 One of the fundamental rights granted in the United States is religious freedom but does this mean that religion should be entirely removed from politics or that all religious voices should be considered equally The separation of church and state was established in the Constitution but the fact that as of 2015 84 percent of Americans hold some sort of religious belief means that this is easier said than done Religious morality frequently colors debates surrounding various policy issues ranging from reproductive rights to education This volume exposes readers to the ways in which religion inflects policymaking and the varying perspectives about religion's role in politics

The Routledge Handbook of Religion and Security Chris Seiple, Dennis Hoover, Pauletta Otis, 2013 This Handbook offers analyses of how nine different world religions have related to issues of war and peace theologically and practically overviews of how scholars and practitioners in nine different topical areas of security studies have or have not dealt with the relationship between religion and security and five case studies of particular countries in which the religion security nexus is vividly illustrated Nigeria India Israel the former Yugoslavia and Iraq

Character Counts Michael Glenn Maness, 2010-12 *The Oxford Handbook of Church and State in the United States* Derek Davis, 2010-11-18 21 essays present a scholarly look at the intricacies and past and current debates that frame the American system of church and state within 5 main areas history politics sociology theology philosophy and law

American Holy Days, Second Edition Boardman W. Kathan, 2023-11-30 Our national holidays have been trivialized by merchandising consumerism and long weekends What do you know about the origins of the national holidays of the United States Boardman Kathan presents the persons and events that each of our holy days commemorates In so doing he explores the shaping of American history and identity revealing often misunderstood parts of our national story from a new approach Each chapter looks at the many books and research written about the events commemorated by these holidays showing their relevance for today Kathan includes discussion of the spiritual or religious dimensions of these national observances pointing out that although the United States was not founded as a Christian nation on biblical principles people throughout American history have perceived a divine guidance or what George Washington called providential care This book reflects back on the

original meaning of these days and seeks to inspire renewed forms of celebration commemoration and observance Celebrating patriotic holidays can bring us together as a people especially in times of stress and conflict Schools religious institutions patriotic organizations readers interested in history in short the general public will find this an enjoyable aid for recalling our history reclaiming our values and traditions and restoring a sense of community

Religion and American Politics Mark A. Noll, Luke E. Harlow, 2007-09-13 How do religion and politics interact in America How has that relationship changed over time Why have American religious and political thought sometimes developed along a parallel course while at other times they have moved in opposite directions These are among the many important and fascinating questions addressed in this volume Originally published in 1990 as Religion and American Politics From The Colonial Period to the 1980s 4921 paperback copies sold this book offers the first comprehensive survey of the relationship between religion and politics in America It features a stellar lineup of scholars including Richard Carwardine Nathan Hatch Daniel Walker Howe George Marsden Martin Marty Harry Stout John Wilson Robert Wuthnow and Bertram Wyatt Brown Since its publication the influence of religion on American politics and therefore interest in the topic has grown exponentially For this new edition Mark Noll and new co editor Luke Harlow offer a completely new introduction and also commission several new pieces and eliminate several that are now out of date The resulting book offers a historically grounded approach to one of the most divisive issues of our time and serves a wide variety of courses in religious studies history and politics

Redeeming the Broken Body Gabriel A. Santos, 2009-01-01 This book examines how repertoires of speech and action that are often considered to be mutually exclusive those of church and state clash or unite during the postdisaster period as local communities and cities struggle to establish a stable collective identity Based on an analysis of forty in depth interviews with disaster response participants and over 325 print media sources this study explores first the extent to which ministers and citizens challenge statist narratives in order to publicly relay theological views second the cultural processes by which local places are nationalized and theologized and third the ecclesiological convictions necessary to peaceably advance the work of Christ's body after disasters

Religion and Politics in the Contemporary United States R. Marie Griffith, Melani McAlister, 2008-06-09 This collection of essays from a special issue of American Quarterly explores the complex and sometimes contradictory ways that religion matters in contemporary public life Religion and Politics in the Contemporary United States offers a groundbreaking cross disciplinary conversation between scholars in American studies and religious studies The contributors explore numerous modes through which religious faith has mobilized political action They utilize a variety of definitions of politics ranging from lobbying by religious leaders to the political impact of popular culture Their work includes the political activities of a very diverse group of religious believers Christians Jews Muslims Hindus Buddhists and others In addition the book explores the meanings of religion for people who might contest the term those who are spiritual but not religious for example as well as activists who engage symbols of faith and community but who may not

necessarily consider themselves members of a specific religion Several essays also examine the meanings of secular identity humanist politics and the complex evocations of civil religion in American life No other book on religion and politics includes anything like the diversity of religions ethnicities and topics that this one does from Mormon political mobilization to attempts at Americanizing Muslims in the post 9 11 United States from C sar Ch vez to James Dobson from interreligious cooperation and conflict over Darfur to the global politics surrounding the category of Hindus and South Asians in the United States

The Road That Made America James Dodson, 2025-07-01 In the bestselling tradition of Rinker Buck's *The Oregon Trail* and Tony Horwitz's *Confederates in the Attic* *The Road That Made America* is a lively epic account of one of the greatest untold stories in our nation's history the eight hundred mile long Great Wagon Road that 18th century American settlers forged from Philadelphia to Georgia that expanded the country dramatically in the decades before we ventured west Little known today the Great Wagon Road was the primary road of frontier America a mass migration route that stretched more than eight hundred miles from Philadelphia to Augusta Georgia It opened the Southern frontier and wilderness east of the Appalachian Mountains to America's first settlers and later served as the gateway for the exploration of the American West In the mid 1700s waves of European colonists in search of land for new homes left Pennsylvania to settle in the colonial backcountry of Maryland Virginia and the Carolinas More than one hundred thousand settlers made the arduous trek those who would become the foundational generations of the world's first true immigrant nation In their newly formed village squares democracy took root and bloomed During the Revolutionary War the road served as the key supply line to the American resistance in the western areas of the colonies especially in the South Drawing on years of fieldwork and scholarship by an army of archeologists academics archivists preservationists and passionate history lovers James Dodson sets out to follow the road's original path from Philadelphia to Georgia On his journey he crosses six contiguous states and some of the most historic and hallowed landscapes of eastern America touching many of the nation's most sacred battlefields and burying grounds Due to its strategic importance military engagements were staged along the Great Wagon Road throughout North America's three major wars including the early days of the bloody French and Indian conflict and pivotal Revolutionary War encounters In time the Great Wagon Road became America's first technology highway as growing roadside villages and towns and cities became in effect the first incubators of America's early Industrial age The people and ideas that traveled down the road shaped the character of the fledgling nation and helped define who we are today Dodson's ancestors on both sides took the Great Wagon Road to Maryland and North Carolina respectively giving him a personal stake in uncovering the road's buried legacy An illuminating and entertaining first person history *The Road That Made America* restores this long forgotten route to its rightful place in our national story

American Gospel God The Founding Fathers And The Making Of A Nation Introduction

In today's digital age, the availability of American Gospel God The Founding Fathers And The Making Of A Nation books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of American Gospel God The Founding Fathers And The Making Of A Nation books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of American Gospel God The Founding Fathers And The Making Of A Nation books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing American Gospel God The Founding Fathers And The Making Of A Nation versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, American Gospel God The Founding Fathers And The Making Of A Nation books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing American Gospel God The Founding Fathers And The Making Of A Nation books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for American Gospel God The Founding Fathers And The Making Of A Nation books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital

libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, American Gospel God The Founding Fathers And The Making Of A Nation books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of American Gospel God The Founding Fathers And The Making Of A Nation books and manuals for download and embark on your journey of knowledge?

FAQs About American Gospel God The Founding Fathers And The Making Of A Nation Books

1. Where can I buy American Gospel God The Founding Fathers And The Making Of A Nation books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
