The Routledge International Handbook of Jungian Film Studies Luke Hockley, 2019-12-09 Winner of the IAJS award for best edited book of 2018 The Routledge International Handbook of Jungian Film Studies weaves together the various strands of Jungian film theory revealing a coherent theoretical position underpinning this exciting recent area of research while also exploring and suggesting new directions for further study The book maps the current state of debates within Jungian orientated film studies and sets them within a more expansive academic landscape Taken as a whole the collection shows how different Jungian approaches can inform and interact with a broad range of disciplines including literature digital media studies clinical debates and concerns The book also explores the life of film outside cinema what is sometimes termed post cinema offering a series of articles exploring Jungian approaches to cinema and social media computer games mobile screens and on line communities The Routledge International Handbook of Jungian Film Studies represents an essential resource for students and researchers interested in Jungian approaches to film It will also appeal to those interested in film theory more widely and in the application of Jung's ideas to contemporary and popular culture

The Synergy of Film and Music Peter Rothbart, 2013 Although writers on film music frequently allude to specific parts of scores comprehensive examinations of entire scores are rare In addition most analyses of scores composed for the screen are discussed outside their cinematic context To best understand the role music plays in the production of a motion picture however it benefits the viewer to consider all of the elements that comprise the film experience In The Synergy of Film and Music Sight and Sound in Five Hollywood Films Peter Rothbart considers the aural and visual aspects of five representative films *West Side Story* *Psycho* *Empire of the Sun* *Altered States* and *American Beauty* For each film the author demonstrates how a variety of elements work together to create a singular experience After reviewing the various roles that music can serve in a film as well as providing an overview of the film scoring process Rothbart looks at each film examining them one musical cue at a time so the reader can watch the film while reading about each cue In these analyses timecode markings from commercial DVDs are provided in the margins alongside the text which allow the reader to correlate the on screen drama to the second Rothbart explains how music is used in a specific cue and why the decision was made to use that particular musical idea at that moment Consequently film music aficionados as well as students and composers of film music can gain real world perspective of how music is used in conjunction with other elements In this way the author raises awareness of music's relationship to virtually every other aspect of cinema dialogue sound effects costuming set design and cinematography to deepen the viewer's experience Written in a deliberately nontechnical way this book is intended for anyone interested in film to easily follow along At the same time the information can benefit professional filmmakers or composers because they can see with great detail how each cue unfolds along with all of the visual elements of the film This unique analysis makes The Synergy of Film and Music a fascinating and instructive volume that both casual viewers and students of cinema will appreciate **The**

Paths of Individuation in Literature and Film Phyllis B. Kenevan,1999-01-01 In his account of the individuation process Carl G Jung describes a spiritual goal for the individual as well as the collective That process as exemplified through archetypes in both literature and film offers the reader insight into the variety and richness those paths may take In this highly original book Phyllis Berdt Kenevan provides an analysis of individuation and then explores four different individual paths of characters from the stories of Zorba the Greek House of the Spirits Crime and Punishment and Bagdad Cafe Kenevan then explores ways in which individuation can become a path for the collective analyzing My Dinner With Andre Wings of Desire and various Dostoevsky novels An engaging and thought provoking look at archetypes as vehicles for interpretation Paths of Individuation in Literature and Film is a must read for courses in personal and social psychology literary or film interpretation Jung and philosophy and psychology *Legends of the Fall* Richard Chachere,2004 Upon first seeing the movie says Chachere a Jungian analyst I was thunderstruck by the story and knew immediately I had to do work on this The result is analysis plus emotion lots of emotion Chachere calls the movie a great masterpiece and tells how the trick with myth and legend is to learn from them be moved by them and to experience them
