America's Greatest 19th Century Presidents Charles River Editors,2025-05-14 The story of the United States of America is one of a nation founded upon the loftiest ideals of representative government attempting to fulfill its goals while encountering competing domestic and global forces From the beginning Americans debated how their national government should govern balancing powers between the federal government and the states which led to the establishment of the first political parties At the same time the nation has struggled to reconcile its guarantee of universal rights and individual liberties with several stark realities including the presence of millions of slaves at the time of the Declaration of Independence Nobody spent more time in the thick of these debates than Thomas Jefferson one of the most famous and revered Americans Jefferson was instrumental in all of the aforementioned debates authoring the Declaration of Independence laying out the ideological groundwork of the notion of states rights leading one of the first political parties and overseeing the expansion of the United States during his presidency The Founding Fathers have become so revered by Americans in the last 200 years that the Father of the Constitution himself is often overlooked among the rest of the pantheon Today James Madison s legacy mostly pales in comparison to the likes of George Washington Ben Franklin and his closest colleague Thomas Jefferson but Madison s list of important accomplishments is monumental A lifelong statesman Madison was the youngest delegate at the Continental Congress from 1780-83 and at 36 he was one of the youngest men who headed to Philadelphia for the Constitutional Convention in 1787 Despite his age he was the Convention s most influential thinker and the man most responsible for the final draft of the U S Constitution Along with Alexander Hamilton and John Jay Madison was one of the most persuasive advocates for ratifying the Constitution authoring some of the most famous Federalist Papers and he drafted the Bill of Rights that was later added to the Constitution But his work was far from done along with Thomas Jefferson Madison was one of the founders and ideological cornerstones of the Democratic Republican Party that guided the young nation in the first 30 years of the 19th century That included his own presidency in which he oversaw the War of 1812 Abraham Lincoln is one of the most famous Americans in history and one of the country s most revered presidents Schoolchildren can recite the life story of Lincoln the Westerner who educated himself and became a self

made man rising from lawyer to leader of the new Republican Party before becoming the 16th President of the United States Lincoln successfully navigated the Union through the Civil War but didn't live to witness his crowning achievement becoming the first president assassinated when he was shot at Ford's Theater by John Wilkes Booth on April 14 1865 Despite being the best known Union general of the Civil War and a former president of the United States Grant was penniless after being swindled by a fraudulent business deal when he learned that he had terminal cancer in the mid 1880s Facing death and with his family suffering financial difficulties Grant set about writing personal memoirs that would not only secure his legacy but also provide for his family Grant finished his memoirs just a few days before his death but he wrote what is almost universally considered to be the best memoirs of the Civil War and one of the best personal memoirs ever written Grant's Memoirs published by Mark Twain sold over 300 000 copies earning the Grant family over 450 000 Twain promoted the book as the most remarkable work of its kind since the Commentaries of Julius Caesar

American Legend Buddy Levy, 2006-12-05

David Crockett was an adventurer a pioneer and a media savvy national celebrity In his short but distinguished lifetime this charismatic frontiersman won three terms as a U S congressman and a presidential nomination His 1834 memoir enjoyed frenzied sales and prompted the first ever official book tour for its enormously popular author Down to earth heroic and independent to a fault the real Crockett became lost in his own hype and he's been overshadowed by a larger than life pop culture character in a coonskin cap Now American Legend debunks the tall tales to reveal the fascinating truth of Crockett's hardscrabble childhood his near death experiences his unlikely rise to Congress and the controversial last stand at the Alamo that mythologized him beyond recognition In this beautifully written narrative Crockett emerges as never before a rugged individual a true American original and an enduring symbol of the Western frontier A great myth busting story that presents Davy Crockett as a man of genius and folly which has the unlikely effect of making him all the more heroic Martin Dugard author of *The Last Voyage of Columbus* and *Into Africa: The Epic Adventures of Stanley and Livingstone* As spellbinding and dramatic as any novel and as compelling as any reportage Peter Hoffer Distinguished Research Professor of History The University of Georgia

John Brown in Memory and Myth Michael Daigh, 2015-05-11

John Brown's father on the day of his birth May 9 1800 wrote John was born one hundred years after his great grandfather Nothing else very uncommon Many years later came the 1856 Pottawatomie Massacre where his uncommon convictions led him and his band of abolitionists to kill five pro slavery settlers in Franklin County Kansas Three years later Brown's raid on Harper's Ferry and his subsequent trial and execution helped push an already divided nation inexorably toward civil war This is the story of John Brown the age he embodied and the myth he became and how the tragic gravity of his actions transformed America's past and future Through biographical narrative his life and legacy are discussed as a study in metaphor and power and the nature of historical memory

John Wayne: The Life and Legend Scott Eyman, 2015-04-21

The celebrated Hollywood icon comes fully to life in this complex portrait by noted film historian and master biographer Scott Eyman Exploring Wayne's early life with a

difficult mother and a feckless father Eyman gets at the details that the bean counters and myth spinners miss Wayne's intimates have told things here that they've never told anyone else Los Angeles Times Eyman makes startling connections to Wayne's later days as an anti Communist conservative his stormy marriages to Latina women and his notorious and surprisingly long lived passionate affair with Marlene Dietrich *History of Colonial America* IntroBooks,2019-01-12

Colonial America was the result of the efforts of Europeans who came to America to maximize the opportunity for their own nation in terms of wealth and to mark their presence all over the world Spanish started invading in America and were first one to discover this world that was around them were Spanish The 13 colonies that framed into 50 states were having influence of the various neighboring nationalities John Cabot explored North America in 1497 Queen Elizabeth of England took the initiative to explore more about the place The country has many unfold secrets as well as many milestones that were created and well mentioned in history Being rich in essential chemicals to make a soil fertile the land of America attracted nations to perform farming Tobacco farming is the one that has worked as a great building brick for the colonial set up The profit made by farming Tobacco was enjoyed by the British The country shaped into a well defined diverse colony having influence of many nations The religious beliefs and the occupation that gave rise to African slavery framed the ideology of the Europeans who were now partially American For creating wealth British colony had explored the world and America was their first target The country had many incidents wars take over by neighbors and variety of challenges Every colony had its own founder and then the ruler The major characteristics in the personality of the colonies were influenced by their own ruler considering the religious belief and the way to trade **Nullification, A Constitutional History, 1776-1833: James Madison, Not the Father of the Constitution** W. Kirk Wood,2008-03-07 This book contends that Nullification was an American and not a Southern or sectional principle of republican and federal government The key to this revolutionary new insight is none other than the Notes of Debates of James Madison With original intentions still being debated today and in some cases denied perhaps it is time to recover what the founders and framers intended originally and deal with History vs Myth [Virginia Legends & Lore](#) Charles A. Mills,2021 For centuries Virginians have told retold and embellished wonderful stories of their history Legends such as the wild Spanish ponies of Chincoteague General Braddock's lost gold the Mount Vernon Monster and the Richmond Vampire tug at the imagination Revolutionary War heroes Annandale's Bunny Man the enslaved woman who became a Union spy in the White House of the Confederacy and many others left imprints on the Commonwealth of Virginia Explore secret societies hidden knowledge and the mysteries of the universe with author Chuck Mills **United States History** James Warren Oberly,1995 *The Federalists* Charles River Editors,2025-06-27 Every American is taught a pristine narrative of the life and legacy of George Washington and can easily recite the highlights of the Father of Our Country The remarkable Virginian led an under resourced rag tag army to ultimate victory in the American Revolution before becoming the nation's first president setting it on its path toward superpower status He may not have

actually chopped down a cherry tree or tossed a silver dollar across the Potomac but his contemporaries considered his character above reproach When Washington voluntarily resigned as commander of the armies he stunned the world Everyone in the colonies and the world realized that Washington at the head of the last army standing in the colonies could have made himself king of the new United States on the spot and it would have been a move supported by his rank and file soldiers Instead Washington became the first Westerner to voluntarily demobilize his army ensuring civilian control of the new nation King George III called Washington the greatest character of the age for making that decision As President from 1788 1796 Washington set every precedent for the executive branch of the new government from forming a Cabinet to limiting himself to two terms He even set precedents with his farewell address which helped guide the policies of subsequent presidents John Adams has become one of the more popular presidents in history relatively recently but it was not always so For most of his life he was seen as a bit of an outsider different from his fellow first presidents in his temperament birth life and politics Adams and his son were the only presidents out of the first seven who were born north of the Mason Dixon line and he was not an easy man to understand or work with Not only did he have few friends but he also often fell into long term quarrels with those he had Politically Adams shared Washington's preference for Britain as well as his preference of non interference However while he was certainly the more significant man in his work and his governing he could never seem to move out of Washington's shadow Even worse his presidency was seen as threatening to the very essence of American liberty with the Alien and Sedition Acts and his loss to Jefferson in 1800 was a repudiation of the Federalists that left Jeffersonians in power until John Quincy Adams was elected in 1824 His presidency is still viewed relatively unfavorably Adams remained a celebrated figure in Boston for all the work he did in Massachusetts before and after the Revolution but his national reputation has experienced quite a renaissance over the past decade beginning with David McCullough's best selling biography in 2001 followed in 2008 by the popular HBO series based on it Then in 2010 Dearest Friend a record of the correspondence between Adams and his wife Abigail solidified his position as one of the most darling Founding Fathers of the 21st Century The Founding Fathers have been revered by Americans for over 200 years celebrated for creating a new nation founded upon the loftiest ideals of democracy and meritocracy But if the American Dream has come to represent the ability to climb the social ladder with skill and hard work no Founding Father represented the new America more than Alexander Hamilton Unfortunately one of the best known aspects of Hamilton's 1755 1804 life is the manner in which he died shot and killed in a famous duel with Aaron Burr in 1804 But Hamilton started as an orphaned child in the West Indies before becoming one of the most instrumental Founding Fathers of the United States in that time not only in helping draft and gain support for the U S Constitution but in also leading the Federalist party and building the institutions of the young federal government as Washington's Secretary of Treasury
