decades ago conservative ideologues at The Heritage Foundation produced a primer on the Reagan Revolution entitled Mandate for Leadership which offered an overarching philosophy against the role of government and in favor of markets This

volume produced by the Institute for Policy Studies which since 1963 has been the nation's leading progressive policy organization offers a set of specific policy proposals for the incoming national administration on every major domestic and international topic written specifically for the book by a leading thinker and activist in the field. These chapters set forth a fundamental badly needed mandate for change to reinvigorate government and rethink the role of markets and civil society. Each one includes an essay supporting the proposed policies and a resource list of relevant organizations, websites, and readings. It is perfect for public policy courses at the undergraduate and graduate level. **AMERICAN ABSOLUTISM** Gary A. Freitas, 2024-01-29. Disrupting the Generational Cycle of Distrust in America's 600 Year Cultural War. You are about to scan a high resolution MRI of the psychological forces generating discord and disrupting the American democratic experiment. Absolute mindedness is not a personality type, clinical disorder, or social psychopathology, but an archaic trust adaptation giving rise to much of today's populist frustration and anger. When trust is disrupted early in life, complexity, ambiguity, and disappointment fixate on a trust/mistrust duality: good/bad, right/wrong, us versus them. Republicans and Democrats are undergoing cultural mitosis: An evolutionary social and political speciation driving us toward an autocratic America. Constitutional originalists were raised in parental originalism, emphasizing principle and discipline over empathy and reasoning. Solo mass shootings are a predictable abandonment pattern over the course of America's history of gun rights and vigilante ethos. Conspiracy theories are repetitive information diffusion in dense social networks during times of social unrest, triggering individuals pre-wired for resignation, grievance, and revenge. The modern dictator: a dark triad of malignant narcissism, psychopathy, and Machiavellianism. **American Absolutism** explores what happens when human adaptation loses viability as it comes face to face with an exponentially evolving complexity that is the modern human condition. *The United States and Europe* John Baylis, Jon Roper, 2007-01-24. A penetrating new examination of the triangular political and cultural relationship between America, Britain, and continental Europe. This relationship is both fraught and dynamic. Post-war reconstruction of Europe brought integration. Creating a United States of Europe was a goal shared by many Americans. Yet the contemporary War on Terror has redefined relationships between America, Britain, old and new Europe. For Britain, the Channel seems wider than the Atlantic, although geopolitically it is part of Europe. This book brings together experts from Britain, Europe, and America to explore the complexities of contemporary cultural and political relationships, considering the challenges that have been met and those that have to be faced. **Frank Leslie's Sunday Magazine**, 1886 **Mother Jones Magazine**, 1998-03.
