fears of renewed civil war and a widespread sense that four years of war had thrown the normal constitutional process so dangerously out of kilter that the republic itself remained in peril To understand Reconstruction Summers contends one must understand that the purpose of the North's war was first and foremost to save the Union with its republican institutions intact During Reconstruction there were always fears in the mix that the Civil War had settled nothing that the Union was still in peril and that its enemies and the enemies of republican government were more resilient and cunning than normal mortals Many factors shaped the reintegration of the former Confederate states and the North's commitment to Reconstruction Summers agrees but the fears of war reigniting plots against liberty and a president prepared to father a coup d'etat ranked higher among them than historians have recognized Both a dramatic narrative of the events of Reconstruction and a groundbreaking new look at what drove these events *A Dangerous Stir* is also a valuable look at the role of fear in the politics of the time and in politics in general *Shakespeare Translated* Herbert R. Shakespeare's works are constantly being translated into new contexts a fact which demonstrates the vitality of his plots in contemporary settings *Shakespeare Translated* looks at the way certain plays particularly *Romeo and Juliet* *Hamlet* *Othello* and *King Lear* have been recontextualized into films like *O* and *King of Texas* or television shows such as *The Gilmore Girls* *Cheers* and *Clueless* This book illustrates how *Romeo and Juliet* is the most shamelessly appropriated of Shakespeare's scripts for contemporary use because its plot fits so neatly into the teenage culture that has burgeoned since the late 1950s *Shakespeare Translated* looks at what has happened to Shakespeare for better or more often for worse as the new millennium begins **The Invention of Terrorism in Europe, Russia, and the United States** Carola Dietze, 2021-07-27

Terrorism's roots in Western Europe and the USA This book examines key cases of terrorist violence to show that the invention of terrorism was linked to the birth of modernity in Europe Russia and the United States rather than to Tsarist despotism in 19th century Russia or to Islam sects in Medieval Persia Combining a highly readable historical narrative with analysis of larger issues in social and political history the author argues that the dissemination of news about terrorist violence was at the core of a strategy that aimed for political impact on rulers as well as the general public Dietze's lucid account also reveals how the spread of knowledge about terrorist acts was from the outset a transatlantic process Two incidents form the book's centerpiece The first is the failed attempt to assassinate French Emperor Napoleon III by Felice Orsini in 1858 in an act intended to achieve Italian unity and democracy The second case study offers a new reading of John Brown's raid on the arsenal at Harpers Ferry in 1859 as a decisive moment in the abolitionist struggle and occurrences leading to the American Civil War Three further examples from Germany Russia and the US are scrutinized to trace the development of the tactic by first imitators With their acts of violence the invention of terrorism was completed Terrorism has existed as a tactic since then and has essentially only been adapted through the use of new technologies and methods

Vaughan, Virginia Mason Vaughan, 2012-04-05 This book is a lively account of how American culture has embraced the English playwright and poet from colonial times to the present It ranges widely following the story of Shakespeare's reception in America from the scholarly criticism editions of the plays and curricula to the light hearted burlesques musical comedies and kitsch Lincoln's Spies Douglas Waller, 2020-08-18 This major addition to the history of the Civil War is a fast paced fact rich account The Wall Street Journal offering a detailed look at President Abraham Lincoln's use of clandestine services and the secret battles waged by Union spies and agents to save the nation filled with espionage sabotage and intrigue Veteran CIA correspondent Douglas Waller delivers a riveting account of the heroes and misfits who carried out a shadow war of espionage and covert operations behind the Confederate battlefields Lincoln's Spies follows four agents

from the North three men and one woman who informed Lincoln's generals on the enemy positions for crucial battles and busted up clandestine Rebel networks. Famed detective Allan Pinkerton mounted a successful covert operation to slip Lincoln through Baltimore before his inauguration after he learns of an assassination attempt from his agents working undercover as Confederate soldiers. But he proved less than competent as General George McClellan's spymaster, delivering faulty intelligence reports that overestimated Confederate strength. George Sharpe, an erudite New York lawyer, succeeded Pinkerton as spymaster for the Union's Army of the Potomac. Sharpe deployed secret agents throughout the South, planted misinformation with Robert E. Lee's army, and outpaced anything the enemy could field. Elizabeth Van Lew, a Virginia heiress who hated slavery and disapproved of secession, was one of Sharpe's most successful agents. She ran a Union spy ring in Richmond out of her mansion, with dozens of agents feeding her military and political secrets that she funneled to General Ulysses S. Grant as his army closed in on the Confederate capital. Van Lew became one of the unsung heroes of history. Lafayette Baker was a handsome Union officer with a controversial past whose agents clashed with Pinkerton's operatives. He assembled a retinue of disreputable spies, thieves, and prostitutes to root out traitors in Washington, DC. But he failed at his most important mission: uncovering the threat to Lincoln from John Wilkes Booth and his gang. Behind these operatives was Abraham Lincoln, one of our greatest presidents who was an avid consumer of intelligence and a ruthless aficionado of clandestine warfare, willing to take whatever chances necessary to win the war.
