American History Dedicated Frederick Jackson

Ulrich Bonnell Phillips

American History Dedicated Frederick Jackson:

The American Historical Review John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1911
American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world
Published by the American Historical Association it covers all areas of historical research *The ^AUnion at Risk* Richard E. Ellis, 1989-12-28 The Nullification Crisis of 1832 1833 when the state of South Carolina challenged the doctrine of states rights by refusing to pay national tariffs was the major crisis of Andrew Jackson's presidency and a central event in antebellum American history In this clear authoritative account Richard E. Ellis shows how the President's swift decisive response reaffirmed the primacy of the national government and helped to shape Jacksonian democracy **Martin van Buren and the American Political System** Donald B. Cole, 2014-07-14 Donald Cole analyzes the political skills that brought Van Buren the nickname Little Magician describing how he built the Albany Regency which became a model for political party machines and how he created the Democratic party of Andrew Jackson Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *On Turner's Trail* Wilbur R. Jacobs, 2021-10-08 Should Frederick Jackson Turner be revered as the father of western history or reviled as a misguided advocate of a frontier spirit and rugged individualism that denied cultural diversity and produced widespread environmental destruction Dividing into campus over the issue western historians place him everywhere from one end of the spectrum to the other In this provocative new interpretation of Turner's life work and legacy Wilbur Jacobs challenges the views of traditionalists and views of traditionalists and revisionists alike From extensive research in the Turner archives a nationwide search for additional Turner correspondence interviews with historians and a lifetime of collecting Turner anecdotes Jacobs chronicles Turner's professional and sometimes personal bequest through 100 years of Western historical writing Jacobs adds his voice to the heated debate by mixing a sophisticated critique of historical writing with stories of professional intrigue the fights to protect Turner's legacy limit access to the Turner archives and control the Western history Association He traces the intellectual development of Turner's frontier theory explores the intense rivalry between two major Turnerian disciples Frederick Merk and Ray A. Billington as they vied for control of Turner's legacy and analyzes the efforts of new western historians who seek to erase Turner and Billington from the landscape of what is now called the history of the West Balanced in his assessments Jacobs treats Turner and his disciples with a sympathetic yet critical eye He points out Turner's limitations in dealing with environmental racial ethnic and urban themes as well as the shortcomings of Merk Billington and other Turnerians At the same time however Jacobs

illuminates the major contributions of their work Despite their intense differences Jacobs argues all western historians remain inextricably linked by Turner s legacy

Diverse Histories of American Sociology Anthony Blasi,2005-06-01 This volume presents views of American sociology from minority groups and important intellectual movements that did not merge into the mainstream Coinciding with the centenary of the American Sociological Association it provides little known background information to the development of the field A first section highlights tensions between impartial scientific sociology and scientific social reform A second section uncovers the experiences of female African American and Latino pioneers in the field as well as a sociologist from a religious minority A third section traces the organizational history of the field including gendered racial regional and outsider perspectives A final section focuses on several neglected trajectories With this volume American sociology can be seen in its full context

Recommendations of the Bureau of Animal Industry on Problems of Livestock Production Arthur Frederick Sievers,Everett Eugene Edwards,John Robbins Mohler,Maude A. Thompson,Ruth O'Brien,Stuart Bevier Show,Willard Hull Wright,H. B. Raffensperger,1930 It is the purpose of this publication to assist those interested in medicinal plant identification and to furnish other useful information in connection with the work

The Populist Revolt John Donald Hicks,1931 Populist Revolt was first published in 1931 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions When The Populist Revolt was originally published the New York Times critic called it far and away the best account of populism that we have and one not likely to be replaced That prophecy proved right the book has not been replaced and historians and critics agree that it is the definitive work on its subject Now it is made available once more after being out of print for some time This is a history of the Farmers Alliance and the People s Party under whose banners a great crusade for farm relief was waged in the 1880 s and 1890 s As important as the chronicle of the political movement itself is the detailed picture which Professor Hicks gives of the conditions which set the stage for this agrarian revolt He describes the inequities and malpractices which beset both the new settlers of the West and the poverty ridden whites and Negroes of the South following the Civil War The story of Populism itself is a lively one people with such picturesque leaders as Pitchfork Ben Tillman of South Carolina Sockless Jerry Simpson and Mary Elizabeth Lease the Patrick Henry in petticoats of Kansas Bloody Bridles Waite of Colorado Thomas E Watson of Georgia Dr C W Macune of Texas James B Weaver of Iowa and Ignatius Donnelly of Minnesota In these pages Professor Hicks has as Frederic L Paxson pointed out presented the case for Populism better than the Populists themselves could do it Henry Steele Commanger calls the book a thorough scholarly sympathetic and spirited history of the entire Populist movement

A Bibliography of the History of Agriculture in the United States Everett Eugene Edwards,1930

Spatial Appropriations in Modern Empires, 1820-1960 Didier Guignard,Iris Seri-Hersch,2019-09-18 This book provides fresh insights into colonial and imperial histories by focusing on spatial appropriations Moving away from European notions of property appropriation encompasses the many ways in

which social actors consider a space as their own This space may be physical or immaterial public or intimate lived or imagined In modern empires spatial appropriations amounted neither to a material and violent dispossession orchestrated by European or Japanese powers nor to an ongoing and unquestioned resistance by subaltern peoples They were rather sites of complex interactions in which the part of each actor owed as much to foreign domination as to other political social economic and environmental factors Cutting across common historiographical boundaries the chapters of this book bring to light the declination and conjugation of various forms of spatial appropriation in the modern imperial age 1820 1960 taking readers on a journey from Russia to China from the United States to South America and from the Mediterranean world to Africa

'Agrarians' and 'Aristocrats' John Ashworth,1987-03-27 Cover title Agrarians aristocrats Includes index Bibliography p 280 312 *The Lost Region* Jon Lauck,2013-12 In comparison to the South the far West and New England the Midwest s

history has been sadly neglected The Lost Region demonstrates the regions importance the depth of historical work once written about it and the lessons that can be learned from some of its prominent historians all with the intent of once again finding the forgotten center of the nation and developing a robust historiography of the Midwest Book jacket **Political**

Parties in American History: 1828-1890; ed. by F.A. Bonadio. -v.3. 1890-Present; ed. by P.L.Murphy Morton Borden,Winfred E. A. Bernhard,Felice A. Bonqaiio,Paul L. Murphy,1974 Instructions to the British Ministers to the United States, 1791-1812 Great Britain. Foreign Office,1941 **Conservatism and Southern Intellectuals, 1789-1861** Adam L.

Tate,2005 **Devoted to Nature** Evan Berry,2015-07-21 Devoted to Nature explores the religious underpinnings of American environmentalism tracing the theological character of American environment thought from their Romantic foundations to contemporary discourse about nature spirituality This history is most readily visible during the Gilded Age and Progressive Era when religious sources tangibly shaped ideas about the natural world recreational practices and modes of social and political interaction The roots of the environmental movement evidence explicitly Christian understandings of salvation redemption and progress which provided the context for Americans enthusiastic about the out of doors and established the horizons of possibility for the national environmental imagination Provided by publisher *Political Parties*

in American History: 1828-1890 Winfred E. A. Bernhard,Felice A. Bonadio,Paul L. Murphy,1974 The selections in these anthologies are indicative of the attention that historians and the general public are giving to political parties recognizing their essential role in democratic society This history of parties once narrowly defined as elections has in recent years been reconsidered and altered The study of party history has become the study of behavioral patterns in American society Each volume in this series achieves a balance from the point of view of topics and of periods Both the influence of individuals and that of the electorate at large are discussed the impact of foreign and domestic issues is presented and the party at the state and national level is critically examined Jacket **Miscellaneous Publication** ,1930 Sleeping With the Boss Lucy

Ferriss,1997-04-01 To her self posed questions What is a woman s narrative and Why Warren Lucy Ferriss responds with an

acutely perceptive examination that is groundbreaking in two regards *Sleeping with the Boss* opens up the feminist critical project by showing that author gender has no bearing on the creation of feminine structured narrative Moreover by exposing a considerable female consciousness in the major fictional works of Robert Penn Warren it departs dramatically from previous criticism of Warren Ferriss a novelist as well as a critic expands on narrative poetics to suggest that female subjectivity is the central concept in defining a woman s narrative Specifically the subjective voice of a female character is present to such a degree that the traditional structures of masculine narrative described as linear forward moving and authoritative can no longer hold Leapfrogging over existing feminist theory she asserts that such female consciousness may permeate the writing of men as well as women Within Warren s traditional masculine narrative style Ferriss detects the complicating presence of female voice with its potential to alter the focus and direction of the plot As she demonstrates the degree to which Warren distances himself from or steps inside his female characters consciousness varies enormously across his career Still his novels reveal the consistent pattern of a major woman character in a liaison with a wealthy or powerful man those sexual relationships Ferriss maintains are pivotal in establishing female personae whose subjective effect on the narrative disturbs or overturns conventional readings of the novels meaning For example she presents a startlingly subversive analysis of the character Amantha Starr Band of Angels heretofore viewed as a simpering victim by critics In addition to nine of Warren s novels Ferriss critiques his book length poem *Brother to Dragons* which in the powerful voice of Lucy Lewis exhibits the moral and narrative limitations of the male speakers even as that female voice is itself thwarted and cut off She also explores Warren s frequent motif of the female empty handed gesture reading in it the author s own assumption of the feminine perspective by expressing his abdication of narrative authority and ambivalence toward ascribing meaning *Sleeping with the Boss* represents a new generation of Warren scholarship revitalizing the poet novelist s complex oeuvre in light of contemporary concerns It provokes a radical rethinking of some of the plot elements taken for granted by other critics of Warren s work and offers a wide range of new ways to encounter his female characters *Georgia and State Rights* Ulrich Bonnell Phillips, 1984 [Pearl S. Buck's Novels of China and America](#) Rob Hardy, 2021-08-30 This book the first single authored book length study of Buck s fiction for over twenty years shows how Buck s thought developed through the medium of her fiction from her early turbulent years in China to her last lonely days in the United States with chapters examining her loss of faith in Christianity her reflections on Chinese life during and after the breakdown of Old China her voluminous reading her confrontation with the horrors of American racism and sexism after her return to the United States and her final metaphorical search for home as she approached death The book argues that Buck the first American woman to win both the Pulitzer and Nobel prizes for literature was a heroic forerunner of those who while occupying a place in the world never feel fully at home there in Buck s case because her Chinese identity throughout her life struggled with her American For this reason Pearl S Buck s fiction deserves to be considered alongside that of writers such as Anthea Min

Maxine Hong Kingston and Amy Tan The book's central claim is that Buck is a major novelist capable of speaking to the distress of our times richly deserving the honor she has received in China and deserving greater recognition in the United States
