Hollywood Hypocrites By Jason Mattera:

Hollywood Hypocrites Jason Mattera, 2013-02-26 Draws on the author's experiences as an ambush interview radio host to confront inconsistencies in the liberal views of leading Hollywood celebrities who support President Obama from Michael Moore to Angelina Jolie

Crapitalism Jason Mattera, 2015-07-14 New York Times bestselling author and ambush journalist Jason Mattera sets his sights on his next big target crony liberals including Al Gore Carlos Slim Harry Reid and Jay Z whose riches come at taxpayer expense From billionaire business tycoons like George Soros and Warren Buffett to movie industry moguls like Jeffrey Katzenberg and Stephen Spielberg American liberals are using government breaks and shortcuts to pervert the free market These rich bastards leverage crony connections to bag millions for phony green companies that gobust vacuum public coffers to build glitzy stadiums utilize little known tax loopholes to loot 1 5 billion for Hollywood movies and more They use government to rig the game in their favor and leave taxpayers holding the bill And when government gets in the business of picking winners and losers through bailouts and tax breaks free market competition begins to atrophy That's what big government leftists and corporate Republicans in name only want to happen In this explosive funny as hell investigative expos Mattera reveals the infuriating schemes that result when the filthy rich combine cronyism and capitalism Crapitalism pulls back the curtain on a cast of cronyites who make millions taking advantage of taxpayers and still brag about how they're looking out for the little guy

Liberty Rises Chris Salcedo, 2014-06-04 What happens to America if we continue down the road we are on Liberty Rises explores that horrifying possibility Jack Vega has given everything to the United States He's served in its military with honor started a successful business and provided the U S with a strategic military advantage that guarantees American dominance But there's a problem In this future America is no longer governed by men and women of good conscience Instead the government has become a mindless police state The notions of individual liberty and freedom are now foreign And the government uses its enormous power to squash the human spirit impose collectivist thought and diminished economic and civil freedoms Ever the optimist Vega and his family and friends look to the ancient past to rekindle the fire that built the greatest nation in human history In so doing they discover a way to keep the light of freedom alive for the entire world Realizing that dream will be no easy task Jack must fight the elements time and the government he once swore to protect The reviews are in I cannot stress enough how much I enjoyed this book I read roughly 50 to 60 books a year mostly non fiction but sometimes I need a break and mix in some fiction This was by far one of the best fiction books I've read in my life Sort of an Ayn Rand Atlas Shrugged theme mixed with modern day scenarios mixed with science fiction That combination makes for a truly fun and entertaining read Robert Stifler This book should be required reading for every out of touch liberal It is fiction and we should all hope that the opening chapters remain so This book would make a really good movie Dorothy Cronin Mr Salcedo did a fine job keeping me entertained in a fun story that for a time allowed me to escape the oppression that progressive government is working so diligently to implement I would encourage
