Posture Hearings** United States. Congress. House. Committee on Science and Technology. Subcommittee on the Environment and the Atmosphere,1975 **Land-Use Planning for Sustainable Development** Jane Silberstein, M.A.,Chris Maser,2000-06-27 Is the doomsday scenario inevitable With our increasingly diminishing natural habitat and other natural resources it seems that we are headed in that direction After centuries of patchwork land planning out of scale development and cookbook methods it is clear that we need a better way Authors Silberstein and Maser explore a different scenario in Land Use Planning for Sustainable Development The authors review the foundations of current land use practices from historical constitutional economic ecological and societal perspectives They analyze the results of these practices and suggest alternative methods for guiding directing and controlling the ways in which we modify the landscape They make the case that we as humans have the capacity for community with all life and can ultimately embrace the notion that individual well being is wrapped up in the well being of the whole and that social change can occur before major disasters require it

This is the first book to incorporate land use planning with sustainability. The authors offer a perspective that opens a range of possibilities for changing current methods. They tackle the difficult dilemma of creating consensus among people tapping the powers of mind, intuition, and experience in developing a sustainable community. Using sustainability as a framework, Silberstein and Maser present the underlying concepts of sustainable land use planning. With *Land Use Planning for Sustainable Development*, you will discover an array of ideas for modifying conventional planning for and regulation of the development of land. *Regulatory Impediments to the Development and Placement of Affordable Housing*, United States Congress, House, Committee on Banking, Finance, and Urban Affairs, Subcommittee on Policy Research and Insurance, 1990.
