Philosophy of the Tourist Hiroki Azuma, 2023-04-11 An inventive philosophical study that reconsiders the figure of the tourist Tourism is a characteristically modern phenomenon yet modern thinkers have tended to deride the tourist as a figure of homogenizing globalism This philosophical study considers the tourist anew as a subject position that enables us to redraw the map of globalized culture in an era increasingly in revolt against the liberal intellectual worldview and its call for the welcome of the Other Why has the tourist proved so resistant to philosophical treatment asks Hiroki Azuma Tracing the reasons for this exclusion through the work of Rousseau and Voltaire and subsequently in Kant Carl Schmitt Alexandre Kojve Hannah Arendt and Hardt and Negri Azuma contends that the figure of the tourist has been rendered illegible by becoming ensnared in a series of misleading conceptual dichotomies and a linear model of world history In the widening gap between the infrastructure of globalization and inherited ties of local and national belonging Azuma's retheorization of the tourist presents an alternative to the choice between doubling down on local identity and roots or hoping for the spontaneous uprising of a multitude from within the great networked Empire For the tourist is the subject capable of moving most freely between the strata of the global and the local With explorations of the connection between tourism and fan fiction contingency and misdelivery cyberspace and the uncanny and dark tourism Azuma's inventive and optimistic philosophical essay sheds unexpected new light on a mode of engagement with the world that is familiar to us all

Capability Brown, Royal Gardener Jonathan Finch, Jan Woudstra, 2020-10-26 Lancelot Capability Brown was one of the most influential landscape designers of the eighteenth century at a time when Britain was changing radically from an agrarian to an industrial and colonial nation whilst Europe was periodically convulsed by war and revolution The extent and nature of his influence are however fiercely debated Brown worked at hundreds of important sites across England and his name became synonymous with the English Garden style which was copied across Northern Europe and entranced Catherine the Great who remodelled her landscapes in St Petersburg to reflect the new style He was fêted in his time and recognised by the Crown but Brown's style was readily copied over his later life and particularly after his death Arguably this ubiquity led to the denigration of his achievements and even his character particularly by the agents of the Picturesque The lack of any personal primary material from Brown forcing scholars to rely on his landscapes contracts and bank accounts has hindered attempts to provide a rounded and credible account of the man and his works However by exploring his team of associates and his role as Royal Gardener new light can be thrown on the man his landscapes and his landscape legacy Bringing together a number of perspectives from across Northern Europe Capability Brown Royal Gardener explores the lasting international impact of Brown With Brown's position as Royal Gardener at its heart this book explores for the first time his

business methods working methods and European influence It assesses how crucially Brown s work practices placed him within the world of nurserymen and landscape designers and how his business practices and long term relationships with draughtsmen and designers allowed him to manage a huge number of projects and a substantial financial turnover This in turn allowed him to work in a way that promoted and advanced his style of landscape Edited by Professor Jonathan Finch University of York and Dr Jan Woudstra University of Sheffield and with a varied range of engaging contributors drawn internationally from archaeology art history history and landscape architecture Capability Brown Royal Gardener weaves together strands from across a broad range of disciplinary interests It makes an important contribution to the scholarly discussion of Brown s work the work of his collaborators and legacy in the UK and across Northern Europe Relevant to students and academics at all levels this volume throws new light on Capability Brown and his impact on the business of place making in Northern Europe
