Republic of Women Carol Pal, 2012-06-07 Republic

of Women recaptures a lost chapter in the narrative of intellectual history. It tells the story of a transnational network of female scholars who were active members of the seventeenth century republic of letters and demonstrates that this intellectual commonwealth was a much more eclectic and diverse assemblage than has been assumed. These seven scholars—Anna Maria van Schurman, Princess Elisabeth of Bohemia, Marie de Gournay, Marie du Moulin, Dorothy Moore, Bathsua Makin, and Katherine Jones Lady Ranelagh—were philosophers, schoolteachers, reformers, and mathematicians. They hailed from England, Ireland, Germany, France, and the Netherlands, and together with their male colleagues, men like Descartes, Huygens, Hartlib, and Montaigne, they represented the spectrum of contemporary approaches to science, faith, politics, and the advancement of learning. Carol Pal uses their collective biography to reconfigure the intellectual biography of early modern Europe, offering a new, expanded analysis of the seventeenth century community of ideas.

Fast Forward Melanne Verveer, Kim K. Azzarelli, 2015-10-06. This book, based on interviews with the world's most inspiring women, shows every woman how she can empower herself and her community. Madeleine Albright's important conversations about leaning in, work-life balance, and empowering females around the world have energized a generation of women. *Fast Forward*, by two leaders whose experience spans corporate America, public service, and global diplomacy, takes the next step. Through interviews with a network of more than seventy trailblazing women, *Fast Forward* shows women how to accelerate their growing economic power and combine it with purpose to find both success and meaning in their lives. Companies, countries, and organizations the world over are waking up to today's new reality: Women control the lion's share of purchasing power and are increasingly essential to competitiveness. The age of women's transformative economic influence has finally arrived, and women are using their power for purpose, redefining what power and success mean in the process. Through clear, practical advice and personal stories of women around the world, including Hillary Clinton, Geena Davis, Christine Lagarde, and Diane von Furstenberg, *Fast Forward* shows every woman how to know her power, find her purpose, and connect with others to achieve her life goals.

The Lady's Book, 1830. *Women Forgotten in History* Emily Rice, 2023-10-13. *Women Forgotten in History* unveils the captivating narratives of extraordinary women whose stories have been marginalized and obscured throughout time. As we reflect on history, it becomes apparent that the majority of names we encounter are those of men. But does this imply that women have contributed little or led uneventful lives? Or is it rather an indication that their achievements and stories have been obscured and overshadowed throughout the ages? Within the pages of this enlightening book, a tapestry of forgotten stories comes to life. From ancient Egyptian pharaohs to courageous teenagers who defied Nazi occupation, a diverse tapestry of women emerges from the shadows, reclaiming their rightful place in history's narrative. Some forged inspiring paths as activists for noble causes, while others left a more morally complex legacy; their stories often veiled in mystery and legend. Despite their contrasting backgrounds and experiences, these women share a common thread: their captivating stories and the tragic reality that their lives and accomplishments have been forgotten or deliberately obscured with the passage of

time However within their tales lie profound inspiration waiting to be rediscovered Women Forgotten in History invites readers to embrace the richness of these forgotten narratives to honour these remarkable women and to find in their stories a wellspring of empowerment and motivation

Heroines and Local Girls Pamela L. Cheek,2019-08-30 Over the course of the long eighteenth century a network of some fifty women writers working in French English Dutch and German staked out a lasting position in the European literary field These writers were multilingual and lived for many years outside of their countries of origin translated and borrowed from each others works attended literary circles and salons and fashioned a transnational women s literature characterized by highly recognizable codes Drawing on a literary geography of national types women writers across Western Europe read translated wrote and rewrote stories about exceptional young women literary heroines who transcend the gendered destiny of their distinctive cultural and national contexts These transcultural heroines struggle against the cultural constraints determining the sexualized fates of local girls In Heroines and Local Girls Pamela L Cheek explores the rise of women s writing as a distinct transnational category in Britain and Europe between 1650 and 1810 Starting with an account of a remarkable tea party that brought together Frances Burney Sophie von La Roche and Marie Elisabeth de La Fite in conversation about St phanie de Genlis she excavates a complex community of European and British women authors In chapters that incorporate history network theory and feminist literary history she examines the century and a half literary lineage connecting Madame de Maintenon to Mary Wollstonecraft including Charlotte Lennox and Fran oise de Graffigny and their radical responses to sexual violence Neither simply a reaction to nor collusion with patriarchal and national literary forms but rather both women s writing offered an invitation to group membership through a literary project of self transformation In so doing argues Cheek women s writing was the first modern literary category to capitalize transnationally on the virtue of identity anticipating the global literary marketplace s segmentation of affinity based reading publics and continuing to define women s writing to this day
