Rum Running and the Roaring Twenties Philip P. Mason, 2024-05-14 A fascinating look at the excesses and failures of Prohibition in the United States and specifically in Michigan On January 17 1920 the Eighteenth Amendment took effect in the United States prohibiting the manufacture sale use or importation of alcoholic beverages Yet the resulting peace and tranquility predicted never materialized The Prohibition experiment failed dismally in the United States and nowhere worse than in Michigan The state s close proximity to Canada where large amounts of liquor were manufactured made it a major center for the smuggling and sale of illegal alcohol Although federal state and local law enforcement agencies attempted to stop the flow of liquor into Michigan an astounding seventy five percent of all illegal liquor brought into the United States was transported across the Detroit River from Canada Using police and court records newspaper accounts and interviews with those who lived during the time Philip P Mason has constructed a fascinating history of life in Michigan during Prohibition He regales readers with stories of the bungled efforts by officials at every level to control the smuggling and sale of illegal alcohol Most entertaining are the creative smuggling efforts undertaken by citizens of all walks of life the poor middle class and affluent upstanding citizens and organized criminals and gang members By 1928 Prohibition was a major issue in the presidential campaign In 1933 with the support of President Franklin Roosevelt Michigan s governor William Comstock and other leaders the Twenty first Amendment was passed repealing Prohibition Michigan was the first state to ratify the amendment on April 10 1933 and soon the Detroit River was returned to pleasure boats and fishing and commercial vessels whose holds no longer carried illegal liquor
