The Cultural Dimension of Global Business Gary P. Ferraro,Elizabeth K. Briody,2017-03-27 Now in its eighth edition The Cultural Dimension of Global Business continues to provide an essential foundation for understanding the impact of culture on global business and global business on culture The highly experienced authors demonstrate how the theory and insights of cultural anthropology can positively influence the conduct of global business examining a range of issues that individuals and

organizations face as they work globally and across cultures. The cross-cultural scenarios presented in each chapter allow students of business management and anthropology alike to explore cultural difference while gaining valuable practice in thinking through a variety of complex and thorny cultural issues. The fully updated eighth edition offers an expanded focus on organizational activities with two new chapters that provide greater insight into organizational culture and change and customer engagement. Fresh case study material with a range of examples drawn from around the world, further resources via a companion website including a fully updated Instructor's Manual and new interactive quiz questions for students.

Mutuality Roger Sanjek, 2015. Why do people do social-cultural anthropology? Beyond professional career motivations, what values underpin anthropologists' commitments to lengthy training, fieldwork, writing, and publication? *Mutuality* explores the values that anthropologists bring from their wider social worlds, including the value placed on relationships with the people they study, work with, write about, and for, and communicate with more broadly. In this volume, seventeen distinguished anthropologists draw on personal and professional histories to describe avenues to mutuality through collaborative fieldwork, community-based projects, and consultations, advocacy, and museum exhibits, including the American Anthropological Association's largest public outreach ever, the RACE Are We So Different project. Looking critically at obstacles to reciprocally beneficial engagement, the contributors trace the discipline's past and current relations with Native Americans, indigenous peoples exhibited in early twentieth-century world's fairs, and racialized populations. The chapters range widely across the Punjabi, craft, caste, Filipino, Igorot, and Somali Bantu global diasporas to the Darfur crisis and conciliation efforts in Sudan and Qatar to applied work in Panama, Micronesia, China, and Peru. In the United States, contributors discuss their work as academic, practicing, and public anthropologists in such diverse contexts as Alaskan Yup'ik communities, multiethnic New Mexico, San Francisco's Japan Town, Oakland's Intertribal Friendship House, Southern California's produce markets, a children's ward in a Los Angeles hospital, a New England nursing home, and Washington D.C.'s National Mall. Deeply personal as well as professionally astute, *Mutuality* sheds new light on the issues closest to the present and future of contemporary anthropology. Contributors: Rogaia Mustafa Abusharaf, Robert R. Alvarez, Garrick Bailey, Catherine Besteman, Parminder Bhachu, Ann Fienup-Riordan, Zibin Guo, Lane Ryo Hirabayashi, Lanita Jacobs, Susan Lobo, Yolanda T. Moses, Sylvia Rodríguez, Roger Sanjek, Renée R. Shield, Alaka Wali, Deana L. Weibel, Brett Williams.

The Dynamics of Interconnections in Popular Culture(s) Ray B. Browne, Ben Urish, 2014-03-26 The Dynamics of Interconnections in Popular Culture s is an eclectic and free ranging collection of articles grounded in a combination of the social sciences with the populist humanities The collection is further unified by an approach that considers changes and linkages within and between cultural systems as evidenced through their respective popular cultures The key underlying assumption is that our collective popular expressions create an arena of global cultural exchange further precipitating new cultural adaptations expressions and connections The volume is divided into two sections The first consists of articles investigating theoretical and methodological approaches to the dynamics of history and cultural changes These include cultural anthropology history economics and sociology The second section is made up of explorations into a myriad of cultural practices and expressions that exemplify not only the wide diversity of popular cultures and their workings but also the interconnections between and within those cultural systems A wide variety of specific case studies are presented to evidence and support the more general

points made in the previous section The collection demonstrates that the everyday lives of ordinary people while varying from culture to culture are unified through their expressions of shared humanity Foreword by Gary Hoppenstand

Ethnographies of 'On Demand' Films Alex Vailati, Gabriela Zamorano Villarreal, 2021-09-30 Over the last two decades the advent of cheap user friendly video technologies has contributed to a revolution in representational agency Videos are now made by production units that are at times composed of families churches musical groups community associations or other institutions Thus on demand videos produced and distributed within local and atypical networks profoundly shape contemporary urban imaginaries This book explores the intertwined relations among infrastructure technology and modernity through an ordinary yet little studied field of on demand audiovisual production which involves processes of negotiation and interaction between clients and commissioned video makers On demand films are considered as a space of collaboration and self representation that allows to reflect on the potential of fiction artifice and montage to render material desires aspirations and ideas of the future

Public Anthropology in a Borderless World Sam Beck, Carl A. Maida, 2015-07-01 Anthropologists have acted as experts and educators on the nature and ways of life of people worldwide working to understand the human condition in broad comparative perspective As a discipline anthropology has often advocated and even defended the cultural integrity authenticity and autonomy of societies across the globe Public anthropology today carries out the discipline s original purpose grounding theories in lived

experience and placing empirical knowledge in deeper historical and comparative frameworks This is a vitally important kind of anthropology that has the goal of improving the modern human condition by actively engaging with people to make changes through research education and political action *Handbook of Anthropology in Business* Rita M Denny, Patricia L Sunderland, 2016-06-16 In recent years announcements of the birth of business anthropology have ricocheted around the globe The first major reference work on this field the Handbook of Anthropology in Business is a creative production of more than 60 international scholar practitioners working in universities and corporate settings from high tech to health care Offering broad coverage of theory and practice around the world chapters demonstrate the vibrant tensions and innovation that emerge in intersections between anthropology and business and between corporate worlds and the lives of individual scholar practitioners Breaking from standard attempts to define scholarly fields as products of fixed consensus the authors reveal an evolving mosaic of engagement and innovation offering a paradigm for understanding anthropology in business for years to come
