A highly experienced teacher Graham was until recently Head of Biology at a leading school in the North West.

Ray is a very experienced Senior and Principal Examiner for a major awarding body. He is Head of Biology at a leading sixth form college in the North West where he is also a member of the senior management team.

9.45am:	Registration and coffee
10.00am:	Session 1 What is the A* and what is the importance of AS? This session will look at the requirements of the A* award and the criteria on which it is based. Examples will be used to illustrate the types of questions with which A* students will be presented. The links between AS, A2 and A* will be explored, especially the importance of synopsis and How Science Works.
11.00am:	Morning coffee
11.15am:	Session 2 What are the challenges for A* students at AS? This session will explore the elements of Units 1, 2 and 3 in which able students should excel. This will include the longer responses linked to a comprehension passage in Unit 1, the long How Science Works question in Unit 2 and demonstrating an understanding of scientific methodology in Unit 3. The emphasis will be on the skills students will require.
12.45pm:	Lunch
1.45pm:	Session 3 Unit 4 will be challenging for all students. There will be a long How Science Works question and a lot of data handling questions that use novel contexts. What will separate A* students from the others? The types of questions used will be examined, together with strategies to develop the critical and analytical skills of students. Some other questions require students to display their factual knowledge in longer written responses. How should A* students approach these questions? This Unit will also form a large part of the preparation for Unit 6, where the written paper will provide stiff challenges even to the best students. Examples will be used to suggest how they might be prepared for this challenge.
2.45pm:	Session 4 Synopsis runs throughout AS and A2 AQA Biology. The most able students will acquire a good knowledge of 'facts' during their study but this will not be enough to get an A*. Their most important asset will be a grasp of concepts and 'big pictures' in Biology. Strategies will be suggested to help these students to develop this broader view. In Unit 5, they will be asked to write a synoptic essay. What will set an A* essay apart from the others?
3.45pm:	Day ends
