Athanasius The Life Of Antony And The Letter To Marcellinus:

The Life of Antony and the Letter to Marcellinus Athanase ((saint ;),1980 Athanasius c 295 373 Bishop of Alexandria spiritual master and theologian was a major figure of 4th century Christendom The Life of Antony is one of the foremost classics of asceticism The Letter to Marcellinus is an introduction to the spiritual sense of the Psalms **The Life of Anthony** Athanasius (bisschop van Alexandrië.),1980 *Athanasius:The life of Antony and the letter to Marcellinus-the Classics of Western Spirituality* ,1980 **Athanasius : Life of Antony and Letter to Marcellinus** R. C. Gregg (trans),1980 *Finding the Monk Within* Edward C. Sellner,2008 Finding the Monk Within is written with the conviction that lying deep within every person and underlying much of contemporary western and eastern cultures is an ancient memory a vital archetypal energy related to monasticism and its spirituality This book recovers that monastic memory the living presence of the past for those who desire to name and incorporate monastic values values of solitude and silence faith and compassion friendship and mentoring contemplation and leadership itself The author examines the social and religious dimensions in the fourth century that gave rise to monasticism then looks at Christian leaders from late antiquity to the medieval period associated with monasticism in both East and West who have much to teach about monastic values and their relevance for today among them Antony the first monk Augustine and Jerome John Cassian Brigit of Kildare and early Celtic monasticism Gregory the Great Benedict and Scholastica and finally Bernard of Clairvaux By studying the history of monasticism and its great heroes we come to realize that for the Christian much of what we call monastic is purely and simply what being a follower of Christ is all about and that being a monk whether inside monastic enclosures or outside in the world is simply becoming the sort of person everyone ought to be a person who unites action and contemplation in the care of souls writes the author By becoming familiar with the stories and thought of these inspirational figures readers will be inspired to incorporate monastic perspectives and values into their own lives Reading and Writing History from Bruni to Windschuttle Christian Thorsten Callisen,2016-04-08 Featuring work by researchers in the fields of early modern studies Italian studies ecclesiastical history and historiography this volume of essays adds to a rich corpus of literature on Renaissance and early modern historiography bringing a unique approach to several of the problems currently facing the field Essays fall into three categories the tensions and challenges of writing history in Renaissance Italy the importance of intellectual philosophical and political contexts for the reading and writing of history in renaissance and early modern Europe and the implications of genre for the reading and writing of history By collecting essays that cut across a broad cross section of the disciplines of history and historiography the book is able to offer solutions encourage discussion and engage in ongoing debates that bear direct relevance for our understanding of the origins of modern historical practices This approach also allows the contributors to engage with critical questions concerning the continued relevance of history for political and social life in the past and in the present **The Early Coptic Papacy** Stephen J. Davis,2017-09-12 The Copts adherents of the

Egyptian Orthodox Church today represent the largest Christian community in the Middle East and their presiding bishops have been accorded the title of pope since the third century AD This study analyzes the development of the Egyptian papacy from its origins to the rise of Islam How did the papal office in Egypt evolve as a social and religious institution during the first six and a half centuries AD How do the developments in the Alexandrian patriarchate reflect larger developments in the Egyptian church as a whole in its structures of authority and lines of communication as well as in its social and religious practices In addressing such questions Stephen J Davis examines a wide range of evidence letters sermons theological treatises and church histories as well as art artifacts and archaeological remains to discover what the patriarchs did as leaders how their leadership was represented in public discourses and how those representations definitively shaped Egyptian Christian identity in late antiquity

Liturgical Hermeneutics of Sacred Scripture Marco Benini, 2023-09-15 The purpose of this book is to explore what a liturgical approach to the Bible looks like and what hermeneutical implications this might have How does the liturgy celebrate understand and communicate Scripture The starting point is Pope Benedict's affirmation that a faith-filled understanding of sacred Scripture must always refer back to the liturgy Verbum Domini 52 The first part of the book based on SC 24 provides significant examples to demonstrate The liturgical order of readings intertextually combines Old Testament and New Testament readings using manifold hermeneutical principles specifically how the psalms show the wide range of interpretations the liturgy employs Prayers are biblically inspired and help to appropriate Scripture personally The hymns convey Scripture in a poetic way Signs and actions such as foot washing or the Ephphetha rite enact Scripture The study considers the Mass the sacraments and the Liturgy of the Hours In the second part Benini systematically focuses on the various dimensions of liturgical hermeneutics of the Bible which emerge from the first part The study reflects the approaches the liturgy offers to Scripture and its liturgical reception It explores theological aspects such as the unity of the two Testaments in Christ's paschal mystery or the anamnesis as a central category in both Scripture and liturgy The liturgy does not understand Scripture primarily as a document of the past but celebrates it as a current and living Word of the Lord as a medium of encounter with God Scripture is sacramental Liturgical Hermeneutics of Sacred Scripture seeks to contribute not only to the comparison of the Roman Ambrosian and Byzantine Rite regarding the Word of God but most of all to the overall liturgical approach to Scripture As such it promotes an interdisciplinary dialogue of liturgical and biblical studies

Will Not Return Void John Allen Dearing, 2021-10-28 When one considers the early Christian church one is immediately struck by the exponential growth that the church experienced The inevitable question one must ask when considering the early church's rapid rate of growth is

How did it happen While social forces plagues politics and ideology competitions were certainly factors in the growth of Christianity one would be remiss not to consider the methodology behind the considerable evangelistic effort made by the patristic church This dissertation analyzes the use of Scripture in the apologetic and evangelistic writings produced by Christian leaders within the Greek patristic tradition and their belief that Scripture was the primary tool given by God for the conversion of souls

Saints Dawn Marie Beutner, 2020-05-06 Since Jesus told us to be perfect and Vatican Council II emphasized a universal call to holiness for all Christians how do we learn to do that One great way is to learn from and pray with the saints of the Catholic Church We can follow in the footsteps of the ordinary Catholic men and women who fought the good fight to be holy until the end of their lives and won that fight The saints have been the inspiration of faithful Catholics for hundreds of years because they show us what it looks like to follow Jesus Christ despite countless challenges and obstacles This unique book contains short biographies of multiple saints for every day of the year including an intercessory prayer to each saint This helps the reader to learn about and pray with the numerous saints of the Church the communion of saints whose personalities and challenges often resonate with our own This collection also provides wonderful resource information to learn more about individual saints inspiring quotes from saints and detailed explanations of Catholic terms that often befuddle us The saints in this collection come from every period in his tory countries age ranges and vocations They show us that holiness truly is a path open to all who seek to follow Jesus Christ By reading about the lives of the saints each day we can learn how to apply their life lessons to our own daily challenges By praying daily for their help we can ask for their spiritual help and wisdom and point ourselves toward Heaven where we hope to spend eternity with God

Clement of Alexandria and the Judgement of Taste J. M. F. Heath, 2024-04-22 Clement of Alexandria and the Judgement of Taste Pedagogical Rhetoric and Christian Formation provides a new account of Clement of Alexandria s Paedagogus as a programme in the formation of the judgement of taste situating it in critical dialogue with modern approaches to the judgement of taste and aesthetics The book s key questions are framed in light of Pierre Bourdieu s Distinction 1979 a landmark in twentieth century scholarship on the theory of taste J M F Heath studies Clement s rhetoric and theology in the context of the Christian Second Sophistic when Christians were experimenting with new ways of inhabiting the rhetorical and philosophical culture of the Greco Roman world The Paedagogus shows Clement s pedagogical method and rhetorical strategy at the early stages of Christian formation when his audience are not yet ready for abstract philosophical argument This was a time for forming people s habits of judgement and preferences of taste so as to ground their daily lives in deeper desires and aversions that are structured through a relationship with God This was an immensely important stage of Christian formation many people never got beyond this to any sort of philosophical curriculum and yet through engaging the tastes of a wide audience Christian leaders sought to spread the gospel and succeeded in doing so Even for the intellectual elites personal formation through preferences of taste was part of how they embodied their desire for God and the way they

inhabited it through the sacramental and ascetic life of the church Bourdieu's sociological and anthropological approach proves fruitful for understanding aspects of Clement's rhetorical method and purpose but the study of Clement's theological rhetoric in its cultural context also in turn points the way to a theological response to Bourdieu's theory of taste

Readings in Late Antiquity Michael Maas, 2012-08-06 Late Antiquity ca 250-650 witnessed the transition from Classical Antiquity to the Middle Ages in the Mediterranean and Near Eastern worlds Christianity displaced polytheism over a wide area offering new definitions of identity and community The Roman Empire collapsed in Western Europe to be replaced by new Germanic kingdoms In the East Byzantium emerged while the Persian Empire reached its apogee and collapsed Arab armies carrying the banner of Islam reshaped the political map and brought the late antique era to a close This sourcebook illustrates the dramatic political social and religious transformations of Late Antiquity through the words of the men and women who experienced them Drawing from Greek Latin Syriac Hebrew Coptic Persian Arabic and Armenian sources the carefully chosen passages illuminate the lives of emperors abbesses aristocrats slaves children barbarian chieftains and saints The Roman Empire is kept at the centre of the discussion with chapters devoted to its government cities army law medicine domestic life philosophy Christianity polytheism and Jews Further chapters deal with the peoples who surrounded the Roman state Persians Huns northern Germanic barbarians and the followers of Islam This revised and updated second edition provides an expanded view of Late Antiquity with a new chapter on domestic life as well extra material throughout including passages that appear for the first time in English translation

Readings in Late Antiquity is the only sourcebook that covers such a wide range of topics over the full breadth of the late antique period

Talking Back Evagrius Of Pontus, 2009-08-01 How did the monks of the Egyptian desert fight against the demons that attacked them with tempting thoughts How could Christians resist the thoughts of gluttony fornication or pride that assailed them and obstructed their contemplation of God According to Evagrius of Pontus 345-399 one of the greatest spiritual directors of ancient monasticism the monk should talk back to demons with relevant passages from the Bible His book *Talking Back Antirrhetikos* lists over 500 thoughts or circumstances in which the demon-fighting monk might find himself along with the biblical passages with which the monk should respond It became one of the most popular books among the ascetics of Late Antiquity and the Byzantine East but until now the entire text had not been translated into English From *Talking Back* we gain a better understanding of Evagrius's eight primary demons gluttony fornication love of money sadness anger listlessness vainglory and pride We can explore a central aspect of early monastic spirituality and we get a glimpse of the temptations and anxieties that the first desert monks faced David Brakke is professor and chair of the Department of Religious Studies in the College of Arts and Sciences of Indiana University He studied ancient Christianity at Harvard Divinity School and Yale University Brakke is the author of *Athanasius and Asceticism* and *Demons and the Making of the Monk: Spiritual Combat in Early Christianity* and he edits the *Journal of Early Christian Studies*

The Forgotten Faith Philip LeMasters, 2013-11-08 There's more to Eastern

Christianity than ethnic food bazaars enclaves of immigrants and clergy with beards The mystical theology spiritual disciplines and rich liturgical worship of the Orthodox Church provide sustenance for anyone seeking resources for growth in the Christian life Ancient teachings and practices persist in Eastern Christianity that hold together much of what Catholics and Protestants have separated Believers of all stripes increasingly resonate with Orthodoxy's healthy synthesis of prayer doctrine liturgy asceticism and call to holiness in all areas of life This ancient faith speaks with refreshing clarity to contemporary Christians who want to learn from a living tradition that is too little known in Western culture This volume presents profound insights that will enrich challenge and inspire readers of all backgrounds It invites everyone to encounter a spiritual tradition that is ancient contemporary and fascinatingly different *Thorns in the Flesh* Andrew Crislip, 2012-09-06 The literature of late ancient Christianity is rich both in saints who lead lives of almost Edenic health and in saints who court and endure horrifying diseases In such narratives health and illness might signify the sanctity of the ascetic or invite consideration of a broader theology of illness In *Thorns in the Flesh* Andrew Crislip draws on a wide range of texts from the fourth through sixth centuries that reflect persistent and contentious attempts to make sense of the illness of the ostensibly holy These sources include Lives of Antony Paul Pachomius and others theological treatises by Basil of Caesarea and Evagrius of Pontus and collections of correspondence from the period such as the Letters of Barsanuphius and John Through close readings of these texts Crislip shows how late ancient Christians complicated and critiqued hagiographical commonplaces and radically reinterpreted illness as a valuable mode for spiritual and ascetic practice Illness need not point to sin or failure he demonstrates but might serve in itself as a potent form of spiritual practice that surpasses even the most strenuous of ascetic labors and opens up the sufferer to a more direct knowledge of the self and the divine Crislip provides a fresh and nuanced look at the contentious and dynamic theology of illness that emerged in and around the ascetic and monastic cultures of the later Roman world Retrieving Nicaea Khaled Anatolios, 2011-08-01 Khaled Anatolios a noted expert on the development of Nicene theology offers a historically informed theological study of the development of the doctrine of the Trinity showing its relevance to Christian life and thought today According to Anatolios the development of trinitarian doctrine involved a global interpretation of Christian faith as a whole Consequently the meaning of trinitarian doctrine is to be found in a reappropriation of the process of this development such that the entirety of Christian existence is interpreted in a trinitarian manner The book provides essential resources for this reappropriation by identifying the network of theological issues that comprise the systematic scope of Nicene theology focusing especially on the trinitarian perspectives of three major theologians Athanasius Gregory of Nyssa and Augustine It includes a foreword by Brian E Daley Strange Beauty A. Siewers, 2009-09-14 *Strange Beauty* provides a new perspective on early Celtic stories of the Otherworld and their relevance to today's ecological concerns arguing for a contemporary re-reading of the Otherworld trope in relation to physical experience **Saints and Sanctity** Ecclesiastical History Society. Summer Meeting, Ecclesiastical History Society.

Winter Meeting,2011 Provides insight into a key issue of Christian history which still has a huge influence on ecclesiastical practice and politics **The Oxford Companion to Christian Thought** Adrian Hastings,Alistair Mason,Hugh S. Pyper,2000-12-21 Embracing the viewpoints of Catholic Protestant or Orthodox thinkers of conservatives liberals radicals and agnostics Christianity today is anything but monolithic or univocal In The Oxford Companion to Christian Thought general editor Adrian Hastings has tried to capture a sense of the great diversity of opinion that swirls about under the heading of Christian thought Indeed the 260 contributors who hail from twenty countries represent as wide a range of perspectives as possible Here is a comprehensive and authoritative though not dogmatic overview of the full spectrum of Christian thinking Within its 600 alphabetically arranged entries readers will find lengthy survey articles on the history of Christian thought on national and regional traditions and on various denominations from Anglican to Unitarian There is ample coverage of Eastern thought as well examining the Christian tradition in China Japan India and Africa The contributors examine major theological topics such as resurrection the Eucharist and grace as well as controversial issues such as homosexuality and abortion In addition short entries illuminate symbols such as water and wine and there are many profiles of leading theologians of non Christians who have deeply influenced Christian thinking including Aristotle and Plato and of literary figures such as Dante Milton and Tolstoy Most articles end with a list of suggested readings and the book features a large number of cross references The Oxford Companion to Christian Thought is an indispensable guide to one of the central strands of Western culture An essential volume for all Christians it is a thoughtful gift for the holidays
