Summary of Operations in the World War, 1944 , **26th Division, Summary of Operations in the World War** American Battle Monuments Commission, 1944 **Family of Honor** Jason Baltutis, 2010 I often imagine what it would have been like to be able to have served in the Navy during World War II instead of serving when I did I have to think that it was a tough time for all but especially the civilians who had to deal with rationing and watching every move they made due to security risks The part that I would have liked is the music of the era and going to all the live bands that used to play during that time like Glenn Miller Louis Jordan and Benny Goodman The sailors of that time saw ports of call that are restricted to history books now like Shanghai Athens Malta and Marseille I also would have liked to wear my uniform all the time like they used to unlike now where civilian clothes are authorized all the time It just feels like there was something special about that time while in the military and maybe it was because there was a different kind of war on The war back then was embraced by all in one way or another whether you liked it or not you still supported it Have you ever wondered what it would be like to live in a different period of time Open the pages of this book and see if you don't just go back to a different time Take a journey as far back as the Dunmore War s of 1774 before there was a United States and see if you can put yourself there The nice thing about this book is that you have over 230 years to pick from Just be careful what period you pick from or who you think you'd like to be not everybody returns Order of battle of the United States land forces in the World War, 1988
