Our New Path of Self-Discovery

Terry Sands, 2012-10-31 Who am I and Why am I here This question is perhaps the only thought that occurs to every one of us at some time during our life For some this question is merely a passing thought for others the question is answered by religious teachings for still others the question is so serious that it prompts a search of paramount importance We are calling for a way to help us understand the nature of our identity and the meaning of our life If you have asked this question with more than a passing interest you have probably explored various avenues that appeared to offer an answer You may have looked at various religions you may have read the odd treatise or book you may have journeyed to far off lands and you may have been attracted to various forms of so called new age philosophies Most of us have read a book or an article or seen a

program about some of the modern gurus and cults that claim to give an answer to those who will follow their teachings. Some of us have even followed one or two of them. Many of us have all but exhausted the various avenues and attractions that offer an answer and have found the answers wanting. Many of those paths contain some truth and many of them are genuine. That is not the question that remains when they have been explored. The emptiness that hangs in the mind seems to ask for something to fill the void that makes that truth apply to me. It may say, "This path may be fine for you, but what about me? Where is the answer that makes my heart sing?" If you relate to what I have described, you may relate to the Material in this book.

Human Wholeness- the Articles of Self Discovery John Meddling, 2013-08-26. *Human Wholeness: The Articles of Self Discovery* is John's ideology relating to the complexity of human behavior in relationships and the individual's absence of self-worth that immobilizes spiritual growth. He expresses his opinions as to why people struggle with the ability to make clear and concise decisions and why people struggle with their identity. He focuses on the reasons for human insecurities and how it affects the dynamics of living in higher consciousness. John expresses his thoughts on many biblical teachings that are frequently misunderstood or used out of context as it relates to the subjects in his articles.
