Mark Chatterton, Wendy Chatterton, 2001

Researching Dyslexia in Multilingual Settings Deirdre Martin, 2013-09-27

This volume draws together current research on dyslexia and literacy in multilingual settings across disciplines and methodologies The contributors all internationally recognised in the field address developmental and acquired literacy difficulties and dyslexia in a range of language contexts including EAL EFL The book uses theories and analytical frameworks of a critical nature to reveal prejudicial social practices and suggests future research directions towards a critical re consideration of current understandings of dyslexia in multilingual settings with a view to foregrounding the potential for interdisciplinarity The book also suggests ways forward for evidence informed practice and it will be a valuable resource for researchers practitioners and students alike

Children's Reading of Film and Visual Literacy in the Primary

Curriculum Jeannie Hill Bulman, 2017-08-12 This book draws on a longitudinal study which highlights the beneficial impact of film in the primary curriculum It provides detailed accounts of both the reading process as understood within the field of literacy education and of film theory as it relates to issues such as narration genre and audience The book focuses on a small cohort of children to explore how progression in reading film develops throughout a child's time in Key Stage 2 it also examines how the skills and understanding required to read film can support the reading of print and vice versa in an asset model approach Since children's progression in reading film is found to be not necessarily age related but rather built on a period of experience and opportunity to read and or create moving image media Bulman clearly illustrates the importance of the inclusion of film in the primary curriculum The book provides an accessible study to a large audience of primary teachers and practitioners and will be a valuable resource for students and researchers in the fields of education English and media studies

The Linguistic Challenge of the Transition to Secondary School Alice Deignan, Duygu Candarli, Florence

Oxley, 2022-12-30 This book provides a unique analysis and description of the linguistic challenges faced by school students as they move from primary to secondary school a major transition which some students struggle with emotionally and academically The study draws on a bespoke corpus of 2.5 million words of written materials and transcribed classroom recordings provided by the project's partner schools combines quantitative and qualitative approaches to the corpus data to

explore linguistic variation across school levels registers and subjects describes the procedures of corpus compilation and analysis of written and spoken academic language showing how modern corpus tools can be applied to this far reaching social and educational issue uncovers differences and similarities between the academic language that school children are exposed to at primary and secondary school contrasting this against the backdrop of the non academic language that they encounter outside school This book is important reading for advanced students and researchers in corpus linguistics applied linguistics and teacher education It carries implications for policymakers and schools looking to support students at this critical point in their schooling The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Challenging Professional Learning Sue Crowley, 2013-10-23 Teachers and trainers are dual professionals they are required to have up to date industry skills and also skills in teaching and learning The issue of professional identity and the promotion of maintaining and building pedagogic expertise in relation to their vocational work is therefore an extremely important one This book argues that quality teaching and learning is very much dependent upon teachers and trainers undergoing continuing professional development CPD engaging actively in professional learning activities generating professional learning communities and building their level of professionalism to meet increasing teaching standards Unfortunately CPD is battling a context of intensification of work pressure of time and economic restrictions The completion of CPD under such conditions can often become tokenistic and hitherto there has been very little research or evidence base for determining what approaches to CPD are most effective and efficient Challenging Professional Learning draws on a wealth of recent research and evidence on what ingredients are necessary for effective and efficient crucial at a time of such fiscal constraints professional learning It also explores the wider implications of these findings and the concept of learning as a collective activity It argues that real professionalism cannot be achieved in isolation but instead takes place in a context that has political social and cultural influences The book brings together research from the Institute for Learning and practice around professional learning to link both individual and collective professional learning to organisational learning leadership and the management of change whilst offering practical suggestions for improving these practices It will be of great interest to teacher educators and their students at undergraduate and post graduate levels as well as anyone who works in higher education and with professional development

Perspectives on Play Avril Brock, Sylvia Dodds, Pam Jarvis, Yinka Olusoga, 2013-09-13 This book presents a review and critical analysis of research in the field whilst exploring development in the early childhood years from a broad range of multi disciplinary perspectives Brock's approach will offer a dynamic perspective on the practice of play that will rival existing texts currently on the market it will be a valuable asset for any student studying for an Early Childhood Childhood or Education Studies degree
