*Aquarius Horoscope 2015* Lisa Lazuli,2014-12-11 There is something liberating about not following your own rules for once and just saying What the hell 2015 is a reaction against anything which restricts binds and limits you Beliefs people groups jobs and anything else which holds you hostage to a routine which stifles your spirit will have to go You will strive to re shape your life in a way in which you as a person are free again Aquarians are free spirits you are a law unto yourself you are peaceful people but you must have freedom of thought and freedom to express yourself 2015 will make you think more about stagnation and restriction in your life and how you can free yourself and your spirit again you will rebel against the institutions or people who are suppressing the real you Following the success of best seller HOROSCOPE 2014 Astrology and Numerology Horoscopes Lazuli will be releasing 12 books one for each star sign s horoscope for 2015 Are you looking in the mirror wondering what 2015 will hold Do you feel at an important crossroads Do you need direction or a kick start Are you wondering what now in terms of love and relationships How are the Stars lining up for you in 2015 What opportunities can they supply the energy for Popular resident astrologer of BBC WM Lisa Lazuli takes her straightening down to earth approach to astrology from the air waves to the bookshelf with this insightful and motivational book Includes a detailed yearly overview for Aquarius followed by monthly forecasts broken into love life and career A chatty sincere read to help inspire guide and alert you to the unique possibilities of your life on a practical emotional and spiritual level [Aquarius Horoscope 2021](#) Lisa Lazuli,2020-12-25 AQUARIUS HOROSCOPE 2021Yearly and monthly horoscopesLove and MarriageRomanceLife DirectionMoneyHome LifeLove relationships for Aquarius are quite intense and rather sentimental they aren t necessary logical Your love life is very unpredictable because it s all about emotion rather than being intellectually led like it usually is with Aquarius You are attracted to complicated people who are erratic as this keeps you engaged as the complexity of the relationship allows you a deep level of involvement You want to be entangled rather than just in love It s not enough to be in love you must really feel that turmoil which true love thrusts upon us In some cases you thrive off game playing in love and that s part of the appeal Aquarius needs things to be larger than life this year your imagination is alive but this could mean you consciously or unconsciously stirs the pot creating more intrigue than necessary

You're energetic, competitive, and ready to go into battle. Aquarius revels in a challenge but you don't always know what you're getting into. Aquarius is usually open-minded and yet this year you are not very tolerant of other opinions. Once you get an idea in your head, you run with it and don't really stop to assess or ask enough questions. You are creative and you desire travel; however, these pursuits are faced with obstacles and you cannot expect things to happen exactly as planned. You have to stay agile and keep adapting to sudden changes. It's hard for you to control your energy this year; you're driven to be busy and you cannot sit still, and you're very conscious about grabbing opportunities and getting on in life. You're ambitious and proactive.

*Aquarius Horoscope 2018* Lisa Lazuli, 2017-12-07 BIGGER and BETTER EDITION It's 2018 and Aquarians are going down the gold mine: a time to explore your hidden depths, to tunnel into the subconscious and bring back to the surface rocks to be shattered to release the gold from the ores. A time to free yourself from the subconscious chains that tie you to the past and to embrace a future where you dare to dream big and to seize the day. Like the headgear of the mine is a relatively small part of the mining operation, much of what is important happens out of sight this year. It is a time of introspection, dreams, self-mastery, and reclaiming your destiny. Subtle change within becomes substantial changes on the outside world as opportunities open up for travel, marriage, fame, recognition, and expansion, but the cost is your own willingness to exchange old habits for new and to start dealing in a far healthier currency backed with confidence and courage. It all starts with prospecting deep inside so you find those veins of gold; you can go drilling for a big thank you to all the Amazon and BN buyers who supported me over the past 4 years and also to my YouTube channel subscribers. Are you looking in the mirror wondering what 2018 will hold? Do you feel at an important crossroads? Do you need direction or a kick start? Are you wondering what now in terms of love and relationships? How are the stars lining up for you in 2018? What opportunities can they supply the energy for? Popular resident astrologer of BBC WM Lisa Lazuli takes her straightening-down-to-earth approach to astrology from the air waves to the bookshelf with this insightful and motivational book. Includes a detailed yearly overview for Aquarius followed by monthly forecasts broken into love, life, health, and career. A chatty, sincere read to help inspire, guide, and alert you to the unique possibilities of your life on a practical, emotional, and spiritual level.

[Aquarius Horoscope 2023](#) LISA. LAZULI, 2022-12-18 AQUARIUS HOROSCOPE 2023 with DETAILED YEARLY OVERVIEW and MONTHLY FORECASTS. An exciting and extensive astrology read. Lots of important advice on LOVE, MONEY, PERSONAL GROWTH, CAREER, ADVENTURE, MARRIAGE, MIND, BODY, SPIRIT. Now while Pluto will be in Aquarius for a number of decades, the movement of Pluto into Aquarius next year marks the start of a radical new phase of development for you. Next year, particularly around April, is an excellent time for you to start reassessing your life and doing a big life audit. This is an opportunity for you to think about everything you've ever wanted to do, your ambitions, your aspirations, and also your spiritual goals, and understand what you need to do going forward. This is a fantastic year for making radical decisions for purging yourself of past toxic relationships or activities, for turning over a new leaf, and also for having a whole new mindset.

Pluto is the planet of psychology so it's not just about manifestations in the outer world it's about going deep into the core of your being and understanding yourself So it's all about developing greater self awareness understanding your potential and your power and then realizing what the blockages are both within your own thought patterns and within the outside world and then creatively moving forward with determination to overcome those obstacles So a brand new life is available to you it all depends how much you are prepared to work on yourself and to weed out any regressive thinking It's all about change and accepting the new however the choice is down to you if you are happy where you are there's no need for you to do anything and you may not feel the impetus but this would be a lost opportunity for growth
