Do The Gods Wear Capes? Ben Saunders, 2011-06-02 Brash bold and sometimes brutal superheroes might seem to epitomize modern pop culture at its most melodramatic and mindless But according to Ben Saunders the appeal of the superhero is fundamentally metaphysical even spiritual in nature In chapter length analyses of the early comic book adventures of Superman Wonder Woman Spider Man and Iron Man Saunders explores a number of complex philosophical and theological issues including the problem of evil the will to power the tension between intimacy and vulnerability and the challenge of love in the face of mortality He concludes that comic book fantasies of the superhuman ironically reveal more than we might care to admit about our human limitations even as they expose the falsehood of the characteristically modern opposition between religion and science Clearly and passionately written this insightful and at times exhilarating book should delight all readers who believe in the redemptive capacity of the imagination regardless of whether they consider themselves comic book fans *Jeph Loeb and Tim Sale: Spider-Man* Jeph Loeb, 2025-06-17 One of the most moving Spider Man stories of all time revisiting his early days by legendary creative team Jeph Loeb and Tim Sale It's about remembering someone so important to me I was going to spend the rest of my life with her What Peter Parker didn't know was that Gwen Stacy would only get to spend the rest of her life with him This is the story of how they fell in love or more appropriately how they almost didn't Spider Man's been unmasked by the Green Goblin himself now it's Spidey's turn to do the unmasking To get the girl of his dreams Peter must run a gauntlet of the Goblin the Rhino the Lizard two Vultures and a mysterious man in the shadows controlling it all But will the biggest hurdle of all be Mary Jane Watson COLLECTING Spider Man Blue 2002 1 6
