web jan 2 2020 you haven t made a oauth credential click create credentials oauth client id set the application type to other and complete the form after creating your credentials download the client secret json file by going to the credentials page in the cloud console and clicking download json file download

set up application default credentials google cloud - Apr 11 2023

web 2 days ago set the environment variable google application credentials to the path of the json file that contains your service account key this variable only applies to your current shell session so if you open a new session set the variable again example linux or macos
