The Oxford Handbook of Kenyan Politics Nic Cheeseman, Karuti Kanyinga, Gabrielle Lynch, 2020-02-14 Kenya is one of the most politically dynamic and influential countries in sub Saharan Africa Today it is known in equal measure as a country that has experienced great highs and tragic lows In the 1960s and 1970s Kenya was seen as a success story of development in the periphery and also led the way in terms of democratic breakthroughs in 2010 when a new constitution devolved power and placed new constraints on the president However the country has also made international headlines for the kind of political instability that occurs when electoral violence is expressed along ethnic lines such as during the Kenya crisis of 2007 08 when over 1 000 people lost their lives and almost 700 000 were displaced The Oxford Handbook of Kenyan Politics explains these developments and many more drawing together 50 specially commissioned chapters by leading researchers The chapters they have contributed address a range of essential topics including the legacy of colonial rule ethnicity land politics devolution the constitution elections democracy foreign aid the informal economy civil society human rights the International Criminal Court the growing influence of China economic policy electoral violence and the impact of mobile phone technology In addition to covering some of the most important debates about Kenyan politics the volume provides an insightful overview of Kenyan history from 1930 to the present day and features a set of chapters that review the impact of devolution on regional politics in every part of the country

Bullsh*t Comparisons Andrew Brooks, 2024-03-28 Life is complicated comparisons are easy We consume enormous quantities of information every day from sources that are reliable and those less trustworthy including journalists politicians friends and social media One of the most common tools we use to communicate is comparison Are we suffering a hurricane of migrants Do dogs look like their owners Is Oxford better than Harvard Metaphors models and metrics are used to compare anything from schools to wars to iconic people But how helpful are they What truths do they hide and what bullsh*t do comparisons propagate Looking across a fascinating range of situations both familiar and unfamiliar serious and light hearted Bullsh*t Comparisons is a ground breaking guide to the role of could be true but misleading comparisons It is illuminated by examples spanning the globe from university league tables to childhood rivalries politicians tawdry analogies the FIFA World Footballer of the year award and Chinese neo colonialism in Africa Ideal for anyone interested in critical thinking or who simply wants to be able to spot bullsh*t at twenty paces this thought provoking intelligent and often amusing book will challenge you to think critically about the use of comparison

Dynamics of Financial Performance Mr. Rabson Magweva, Faith Njeri Harrison, Dr. Agnes Ogada, Philipino Muthine, Abdi Huka Halake, 2022-09-14 TOPICS IN THE BOOK Futures Trading and the Underlying Stock Volatility A Case of the FTSE JSE TOP 40 Effects of Selected Financial Management Practices on Financial Performance of Commercial Banks in Kenya Duplicity in Regulation and Performance of the Financial Sector in Kenya The Relationship between Options Derivatives and Financial Performance of Selected Listed Commercial Banks in Kenya Influence of Islamic Auto Financing

Instruments on Financial Performance of Commercial Banks in Isiolo County Kenya Reproductive Racism Susanne Schultz, 2023-07-04 Population is a dangerous political category It is not separable from the racist and class based valorisation and devaluation of different lives From global contraceptive implant programmes to right wing anti immigration discourses demographic interpretations of multiple current crises legitimise the states grip on childbearing and mobility The results are complex dimensions of reproductive racism and restrictive border regimes Meanwhile global social inequalities and racial capitalist extractivism stay out of the game The book analyses how demographic knowledge production and states grip to the variable of population intertwine It introduces the concept of the Malthusian matrix in order to understand how class selective and racist hierarchies within population narratives are combined with gendered policies of reproductive bodies and behaviours Several chapters explore current reproductive racism establishing a hierarchy between the birth of desirable and undesirable people An upward redistributive family policy in Germany is promoting births within the privileged middle classes And international population programs revive targets in order to increase the use of long acting contraceptives in the Global South within a market oriented setting of Big Pharma promotion Reproductive racism is also effective in migration policy strategies narratives about migrant birth rates circulate among ultra right forces as well as seemingly apolitical demographic policy consultancy The last sections discuss state theoretical approaches and the intersectional feminist concept of reproductive justice in order to provide tools for critique and resistance Mental Health Crisis in Higher Education Aloka, Peter, 2023-12-29 The COVID 19 pandemic brought about a sudden transition from traditional face to face instruction to online and blended learning The repercussions of this seismic change have left an indelible mark on students particularly those thrust into the challenging realm of fully engaging in online learning during this tumultuous period As we navigate the delicate landscape of higher education post pandemic a critical gap in scholarly literature becomes glaringly apparent there is a scarcity of focused works addressing the nuanced well being of students in this new academic reality Mental Health Crisis in Higher Education is a groundbreaking book that boldly steps into this void offering a comprehensive and meticulously researched examination of the challenges faced by students transitioning from secondary to higher education amid the pandemic By delving into stressors coping mechanisms and the intricate web of factors influencing emotional psychological and physical well being the book is an invaluable resource for academics researchers and institutions seeking to understand and address the multifaceted dimensions of student well being

Facing Forward Sajitha Bashir, Marlane Lockheed, Elizabeth Ninan, Jee-Peng Tan, 2018-09-20 Facing Forward lays out a range of policy and implementation actions that are needed for countries in Sub Saharan Africa to meet the challenge of improving learning while expanding access and completion of basic education for all The book underscores the importance of aligning the education system to be relentlessly focused on learning outcomes and to ensuring that all children have access to good schools good learning materials and good teachers It is unique in characterizing countries according to the

challenges they faced in the 1990s and the educational progress they have made over the past 25 years allowing countries in the region to learn from each other The authors review the global literature and add to it by their extensive new analyses of multiple datasets from more than three dozen countries in the region they integrate findings about what affects children's learning their access to schooling and progress through basic education The book draws lessons from the region and for the region about what works and what is needed to better implement what is known to have worked The book examines four areas to help countries better align their systems to improve learning 1 completing the unfinished agenda of reaching universal basic education with quality 2 ensuring effective management and support of teachers 3 targeting spending priorities and budget processes on improving quality and 4 closing the institutional capacity gap It concludes with an assessment of how future educational progress may be affected by projected fertility rates and economic growth *Oxford Textbook of Social Psychiatry* Dinesh Bhugra, Driss Moussaoui, Tom J. Craig, 2022 This is the definitive reference on social psychiatry for every mental health clinician providing global coverage on this expanding area of psychiatry *Corporate Capture of Development* Corina Rodríguez Enríquez, Masaya Llavaneras Blanco, 2023-06 Public Private Partnerships PPPs have gained a renewed momentum in recent years and have come to be viewed by governments and funders alike as a silver bullet for infrastructure development and public service provision Critiques of the corporate capture of development are well established yet until now the urgent question of the impacts of PPPs on women's human rights around the world has remained under explored This open access book aims to fill the gap providing new insights from a set of case studies from across the Global South Bringing an intersectional feminist approach to PPPs these cases enable analysis that can inform advocacy and activism whilst challenging dominant narratives and resisting the negative impacts of PPPs on women and historically marginalized communities human rights Widely advocating for stronger regulatory frameworks and institutions and indicating how changes could be implemented the examples analysed cover a range of sectors including health energy and infrastructure from countries including Ethiopia Peru India and Fiji The eBook editions of this book are available open access under a CC BY NC ND 4.0 licence on bloomsburycollections.com Open access was funded by Development Alternatives with Women for a New Era DAWN **The War on Guns** John R. Lott, 2016-08-01 When it comes to the gun control debate there are two kinds of data data that's accurate and data that left wing billionaires liberal politicians and media want you to believe is accurate In *The War on Guns Arming Yourself Against Gun Control* Lies nationally renowned economist John R Lott Jr turns a skeptical eye to well funded anti gun studies and stories that perpetuate false statistics to frighten Americans into giving up their guns In this his latest and most important book *The War on Guns* Lott offers the most thorough debunking yet of the so called facts data and arguments of anti gun advocates exposing how they have repeatedly twisted or ignored the real evidence the evidence that of course refutes them on every point In *The War on Guns* you'll learn Why gun licenses and background checks don't stop crime How gun free zones actually attract mass shooters Why Stand

Your Ground laws are some of the best crime deterrents we have Women now hold over a quarter of concealed handgun permits How big money liberal foundations and the federal government are pouring hundreds of millions of dollars into public health studies the sole purpose of which is to manufacture false data against guns How media bias and ignorance skew the gun debate and why it will get worse From 1950 2010 not a single mass public shooting occurred in an area where general civilians are allowed to carry guns

UNESCO, 2017-10-30 The second edition of the Global Education Monitoring Report GEM Report presents the latest evidence on global progress towards the education targets of the UN Sustainable Development Goals With hundreds of millions of people still not going to school and many not achieving minimum skills at school it is clear education systems are off track to achieve global goals The marginalized currently bear the most consequences but also stand to benefit the most if policy

makers pay sufficient attention to their needs Faced with these challenges along with tight budgets and increased emphasis on results oriented value for money countries are searching for solutions Increased accountability often tops the list The 2017 8 GEM Report shows the entire array of approaches to accountability in education It ranges from countries unused to the concept where violations of the right to education go unchallenged to countries where accountability has become an end in itself instead of a means to inclusive equitable and high quality education and lifelong learning for all The report emphasizes that education is a shared responsibility While governments have primary responsibility all actors schools teachers parents students international organizations private sector providers civil society and the media 0 3 have a role in improving education systems The report emphasized the importance of transparency and availability of information but urges caution in how data are used It makes the case for avoiding accountability systems with a disproportionate focus on narrowly defined results and punitive sanctions In an era of multiple accountability tools the report provides clear evidence on those that are working and those that are not Back cover
