Modeling Life Sarah R. Phillips, 2012-02-01 This is a book about life modeling Unlike the painter whose name appears beside his finished portrait the life model posing nude perhaps for months goes unacknowledged Standing at a unique juncture between nude and naked between high and low culture between art and pornography the life model is admired in a finished sculpture but scorned for her or his posing Making use of extensive interviews with both male and female models and quoting them frequently Sarah R Phillips gives a voice to life models She explores the meaning that life models give to themselves and to their work and seeks to understand the lived experience of life models as they practice their profession Throughout history people have romanticized life models in an aura of bohemian eroticism or condemned them as strippers or sex workers Modeling Life reveals how life models get into the business managing sexuality in the studio what it means to be a muse and why their work is important

The Nonvenereal Diseases of the Genitals Fritz Thomas Callomon, John F. Documents of Contemporary Art Kristine Stiles, Peter Selz, 2012-09-25 An essential text in the field of contemporary art history it has now been updated to represent 30 countries and over 100 new artists The internationalism evident in this revised edition reflects the growing interest in contemporary art throughout the world from the U S and Europe to the Middle East Asia Africa Latin America and Australia Extremities Darcy Grimaldo Grigsby, 2002-01-01 In the decades following the French Revolution four artists Girodet Gros Gericault and Delacroix painted works in their Parisian studios that vividly expressed violent events in faraway colonial lands This book examines six of these paintings and argues that their disturbing erotic depictions of slavery revolt plague decapitation cannibalism massacre and abduction chart the history of France's empire and colonial politics Darcy Grimaldo Grigsby shows that these paintings about occurrences in the West Indies Syria Egypt Senegal and Ottoman Empire Greece are preoccupied not with mastery and control but with loss

degradation and failure and she explains how such representations of crises in the colonies were able to answer the artists longings as well as the needs of the government and the opposition parties at home Empire made painters devoted to the representation of liberty and the new French nation confront liberty's antithesis slavery It also forced them to contend with cultural and racial difference Young male artists responded says Grigsby by translating distant crises into images of challenges to the self making history painting the site where geographic extremities and bodily extremities articulated one another

Lindquist, 2012 Addressing a strangely neglected key issue in the history of art this volume engages the variety and complexity of medieval representations of the unclothed human body The Meanings of Nudity in Medieval Art breaks ground by offering a variety of approaches to explore the meanings of both male and female nudity in European painting manuscripts and sculpture ranging from the late antique era to the fifteenth century

The Chronicles of Panchita Villa and Other Guerrilleras Tey Diana Rebolledo, 2005 Although there have been substantial contributions to Chicana literature and criticism over the past few decades Chicanas are still underrepresented and underappreciated in the mainstream literary world and virtually nonexistent in the canon Writers like Sandra Cisneros Ana Castillo and Gloria Anzald a have managed to find larger audiences and critical respect but there are legions of Chicana writers and artists who have been marginalized and ignored despite their talent Even in Chicano anthologies the focus has tended to be more on male writers Chicanas have often found themselves without a real home in the academic world Tey Diana Rebolledo has been writing about Chicana Latina identity literature discrimination and feminism for more than two decades In this collection of essays she brings together both old and new works to give a state of the moment look at the still largely unanswered questions raised by vigilant women of color throughout the last half of the twentieth century An intimate introductory essay about Rebolledo's personal experiences as the daughter of a Mexican mother and a Peruvian father serves to lay the groundwork for the rest of the volume The essays delve into the historical development of Chicana writing and its early narratives the representation of Chicanas as seen on book covers Chicana feminism being a Chicana critic in the academy Chicana art history and Chicana creativity Rebolledo encourages guerrillera warfare against academia in order to open up the literary canon to Chicana Latina writers who deserve validation
